PRESIDENT'S MESSAGE

To my dear fellow Rotarians,

In the United States, every 25th day of November is *Thanksgiving Day*. Similarly, our Club, the Rotary Club of Banilad Metro (RCBM), had so many reasons and opportunities this month to serve and thank for, allowing our club members to come closer together.

We kicked off the beginning of the month with an in-person Official District Governor's Visit.

Our District Governor **Anna Louisa Bumagat** and her spouse Past Assistant Governor **Troy Bumagat**, District Executive Secretary **Caroline Andrade**, and Assistant Governor for Area 1C **Jensen Racho** graced our club with their presence and support. We inducted one new Rotarian, Mr. Rafael "Mandy" Medel, who was charged and inducted by no less than our District Governor and District Secretary. We then had our warm, fun-filled, and exciting fellowship right after the formalities of the said visit.

Our Club is also very proud to be recognized during the **District Awarding Ceremony for donors of The Rotary Foundation (TRF)** last November 13 as the first Club in the District to be an all-member giving Club to the Foundation, known as **"Every Rotarian Every Year" Club** and also being a **100% Sustaining Member Club**. More importantly, the entire club's membership has also become part of the Paul Harris Fellowship and RCBM is now just waiting for

the awarding of the 100% Paul Harris Fellow Club banner from TRF and the District! Congratulations to our Club, our dear RCBM, for this great milestone in its history.

Our Club's external affairs had likewise been productive. We held last November 7 our **Club's Operation Tuli activity at Barangay Cogon in Compostela, Cebu** with Cebu Lodge 128 and Talisay Sugbu Lodge No. 422, and with fellow medical volunteers from emergency Rescue Unit Foundation (ERUF) and Cebu Institute of Medicine (CIM) team, spearheaded by Dr. Jesus Ravanes. This project finally pushed through after several postponements caused by health restrictions associated with the COVID-19 pandemic. As a registered nurse, it was very fulfilling to perform circumcision operation again. We were able to circumcise a total of 165 boys. Our club also turned over antibiotics and vitamins to the Barangay.

On November 13, we also turned over pillows, medicines and vitamins to **"My Bonita Home for Girls" for sexually-abused girls in San Jose, Cebu City**. These donations will serve both My Bonita Home for Girls and the rehabilitation center in Barangay Tuburan,

Cebu called the "Home of Love" for sexually trafficked girls, both managed by the religious sisters of the Mary Queen of Heaven Missionaries.

SERVE TO CHANGE LIVES

On November 14, our Club held its **Basic Orientation Seminar** for its aspiring members, to mold and prepare these young professionals to serve to change lives. We are very grateful to Assistant District Rotaract Representative Shevee Resolado, District Rotaract Public Image Representative JN Dagandan, our District Rotaract Officers, and Rotaract Past Presidents Marian Jabines, Jerissa Cruz and Mark Sinilong, for their inspirational talk about Rotaract and its commitment to service.

On November 26-27, Our Interact Club, Banilad Metro – Science High Cebu,

together with our club, held their project series titled

"P. A. G. L. A. O. M. sa Sugbo" (or "HOPE" in Sugbo, the latter being the native name of Cebu).

The name stands for **"Projects Aspiring to Give Light to All and Optimism to Many."** Implemented in three (3) phases, they were able to help out many indigenous communities and achieve several areas of focus in sharing love and touching lives. Under Aksyon Proteksyon Project, we donated essential medical supplies to "Life-Inspired Birthing Home" at Barangay Pit-os, Talamban and Guba Community Hospital. On the same day, our Interactors also implemented Project Papel and turned over school supplies to two elementary schools namely Mangabon and Lusaran Elementary Schools, which are remotely located in a mountain area. The following day, our Interactors and Club distributed 180 sacks of rice and school supplies to Ati Tribes and mixed-marriage families at Sitio Buyo, South Poblacion, Naga City under We Care, We Share Project. Quite remarkably, they were able to gather resources

and mobilize mostly on their own! Truly, we are very proud to have outreached together with our newly-sponsored Interact Club and witness our student-leaders' self-reliance and passion for service.

With all of these reasons to celebrate, it is but regrettable that our President-Elect (PE) Emman Hernandez will be migrating to the United States. I would like to take the liberty of extending our Club's deepest gratitude to PE Emman for all his valuable help and significant contribution to RCBM.

November was indeed a busy and fulfilling month. A few members of our Club might come and go, but RCBM will continue its commitment to Serve To Change Lives.

**Sincerely,
Kit**

MAMAC MENDOZA

DESIGN & DEVELOPMENT CORPORATION

Mamac Mendoza Design and Development Corporation is a Filipino owned Company, established in the late 2000. The company is primarily engaged in the design and construction of medium-end to high end residential houses and commercial buildings and offices. It is proud of its expertise and wide experience in General Construction, Architectural Design, Construction Management, Structural Design, Construction Supervision, Detailed Civil Works, Landscaping and more.

privileged to develop his skills in most aspects of the architectural practice as a draftsman, junior designer, project/site inspector and estimator. This was followed by a stint as a marketing assistant/consultant in a tile shop company. Having learned to diversify and acquire a degree of versatility, he moved on to become the in house architect of a prominent company in the country where he designed showrooms and commercial spaces as well as school expansions nationwide.

Armed with sufficient experience and expertise, he put up his small architectural office specializing in architectural interiors. His projects ranged from simple residential interiors, renovations and other commissions.

Like all other beginnings, the company struggled but steadfastly created techniques and market differentiation to survive in this mature industry. From repairs, to restoration, and from small to major projects, the tenacity of the team's spirit lives on. The roster of completed and ongoing projects gives an epitome that the group will continue to deliver quality projects within schedule and budget.

The Company is managed and run by a dynamic team of young, highly qualified, competent, experienced and upright professionals in the fields of engineering, architecture and construction, ably supported by skilled and well trained construction manpower. Said team is effectively led by Ar. Jasper Miranda Mamac, President and CEO. He belonged to Batch 2004 of graduates from the Cebu Institute of Technology where he earned his Bachelor of Science in Architecture. Even before passing the board exams for architects in 2006, he was already earning valuable architectural skills through his apprenticeship with a well-known architectural firm in Cebu where he was

In just a short period of time, MMDDC built and established a trusted name and excellent reputation in the construction industry due to its worthiness and reliability as attested

to by its many foreign or abroad based customers, who have become highly-satisfied homeowners or building investors. These highly-satisfied customers simply relied on an open and transparent business relationship with MMDDC which is founded on Mutual Trust – the essential principle which bridges distance and absence as well as turns mere architectural drawings into elegant dream homes and/or income-generating building investments. The Company already expanded not only in Cebu City and the rest of Cebu province as well as in the Visayas and Mindanao regions.

MMDDC adheres to the philosophy that no two projects are alike, that quality is always better than quantity and that every project has its unique and distinctive features that meet the needs and preference of the end users. Constantly reinventing himself and experimenting on new ideas,

Architect Mamac, together with his wife Richel Mendoza Mamac, guide and motivate their team towards the realization of their clients' ideas and concepts. MMDDC believe that with the changing needs of clients, the company has to be "multi-faceted, dynamic, innovative and adaptable".

SERVE TO CHANGE LIVES

COMPARING LIVES

Rtn. Mae Pepino

They say 'comparison is the thief of joy'.

It is true. When we compare ourselves to what others have, or simply how they are, we are **essentially making ourselves feel downright inadequate** and deflated. It is especially true on social media where seeing the blessings of others magnify the things that we are lacking in life.

No one is immune to this. We all have our bad days where we host a little pity party in our mind. The feeling of smallness, inadequacy, insecurity and unworthiness is usually the effect of setting the world as our standard.

HOW IS DISCONTENT DEFINED?

Discontent is the lack of satisfaction of one's possession, status or situation in life. Discontent often is the result of comparing our lives with others.

HOW DO WE CURE DISCONTENT?

Apostle Paul has the best advice in the bible about how to fight discontent.

PHILIPPIANS 4:11-13 " Not that I speak from want, for I have learned to be content in whatever circumstance I am. I know how to get along with humble means, and I also know how to live in prosperity;; in any and every circumstance I have learned the secret of being filled and going hungry, both of having abundance and suffering need. I can do all things through Christ who strengthens me"

What Paul was basically saying was, " the secret of being content is having the ability to be flexible in adapting to both abundance and poverty. The secret of being able to do that is having Christ in our life, who in all circumstances can give us the strength to endure all the challenges that go with any situation.

My personal belief is that, people are blessed in different ways. Whatever we have right now are blessings that we are already ready to receive. If there is anything lacking in our life, God is still not giving it yet, because we are still not ready to have them.

How can we cure the feeling of discontent?

1. **AWARENESS.** We have to be mindful of what mostly triggers our feeling of discontent. Is it too much social media? Is it hanging out with worldly friends? Is it setting too much expectations on worldly goals? Is it relying on our own abilities that sometimes it frustrates us when we aren't doing so well compared to others?
2. **CHANGE PERSPECTIVE.** Having the right mindset can make such a big impact of how we feel. Instead of magnifying the things we do not have, a change of mindset means, focusing on the blessings instead. When we focus on the what we are blessed with, our hearts into a state of thankfulness. When we are thankful, we have more joy.
3. **ACKNOWLEDGE AND SURRENDER.** Sometimes, being aware and changing our perspective aren't enough for us to escape discontent. By acknowledging our feeling, we then turn and confess them to God and surrender the heaviness of our heart to HIM in prayer. This state of honest conversation with God will do wonders.
4. **TRUST GOD WITH YOUR LIFE.** We do not always get what we want. There will always be things that are lacking. No one has it all. However, if you have fully surrendered and trusted God with your life, there is no more fear or uncertainty. The love of God is constant. IT takes a lot of grace for people to fully get this. Once we are fully surrendered, there is no more room for discontent, instead, our mouth will always speak of praise and thanks for all the things God has or has not blessed us with.

In the end, how we feel about our life depends on our vertical relationship with our God. If we walk in spirit, nothing will ever get us down.

A life of surrender is a life of praise. Let us all aim for this kind of life. A fully surrendered life.

I WEAR MY MASK IN PUBLIC FOR THREE REASONS:

1. **HUMILITY:** I don't know if I have COVID as it is clear that people can spread the disease before they have symptoms.
2. **KINDNESS:** I don't know if the person I am near has a child battling cancer, or cares for their elderly mom. While I might be fine, they might not.
3. **COMMUNITY:** I want my community to thrive, businesses to stay open, employees to stay healthy. Keeping a lid on COVID helps us all!
