PRESIDENT'S MESSAGE

To my fellow Rotarians,

A Happy, joyful, and blessed New Year to us all!

I funnily remember misspelling "pandemic" to "pandemix" in one of my text messages to my friend. And true enough, December indeed had been a month of pandemix madness, with COVID-19 Delta and Omicron variants and typhoon Odette rolled into one! The weeks after Odette wreaked havoc in

Mary Christine L. Chua
PRESIDENT RY 2021-2022

Cebu had truly been very hard. I could still clearly remember how people struggled just to live day by day, including the search for food and water. However, we, the Rotary Club of Banilad Metro, remained unfazed in its mission to Serve To Change Lives in the communities we are in touch with.

Here are the service activities we have done for December 2021:

On **December 4**, we proceeded with the second wave of our Project DAKILA, this time with the Reavo Cebu Chapter. We donated oxygen masks for neonatal, pedia and adult uses, pillows, vitamins, and antibiotics to better serve the emergency response in Cebu.

On December 14, we had a Toy Drive and Jollibee lunch party at Barangay Ermita for the street children, in partnership with MERCY Worldwide. We had games, prizes, and gifts given to these street children to demonstrate to them the true meaning of Christmas, that is, selflessness,

generosity and giving.

Last December 16, our Interact Club, the Interact Club of Banilad Metro -Science High Cebu held the Handog sa Kapaskuhan for the Missionary of Charity for the benefit of malnourished children in Pasil, Cebu City. We gave personalized gifts to each malnourished child ranging 1 to 8 years old with matching dedication from each student who prepared the gifts. We also gave Christmas gifts to the foundation (to support the basic needs of its beneficiaries, such rice, canned goods, milk, and others) and its volunteer Sisters and helpers.

Despite the difficulties and challenges brought about by the typhoon Odette, our Club's service to the community remained relentless. After the initial devastation, we activated our OPLAN R.E.L.I.E.F (Recovery for Livable Communities and Enhanced Future) in different waves.

Its first wave(WAVE 1) was implemented **December 19** at Palmas Verdes Chapel, Tabok, Mandaue where we turned over relief donations to 100 families who were typhoon December evacuees. 22 was likewise spent repacking relief goods at Sundance Court for another 200 victims of typhoon Odette, with the support of the Rotary Club of Manila Magic of District 3810, for which our Club is truly grateful.

In partnership with Rotary Club of Manila Magic and with the able help of our Club's Rotaractors, we held OPLAN R.E.L.I.E.F Waves 2 and 3. WAVE 2, which we held on December 23, happened at Purok Lower 3, Camputhaw. We distributed relief goods to additional 100 families who unfortunately lost their houses and who were lining up for drinking and tap water since wee hours of the morning. The day after, or on December 24, we also held

WAVE 3, at Kintolimbo, Sacred Heart Hills, Capitol. On the same day (i.e., December 24), we also fed another 140 street children with Bacolod Chicken Inasal spearheaded by our newest Rotarian, Mandy Medel.

On Christmas Day (December 25), we implemented WAVE 5 of our Oplan R.E.L.I.E.F. where we distributed relief goods at Barangay Punta Princesa.

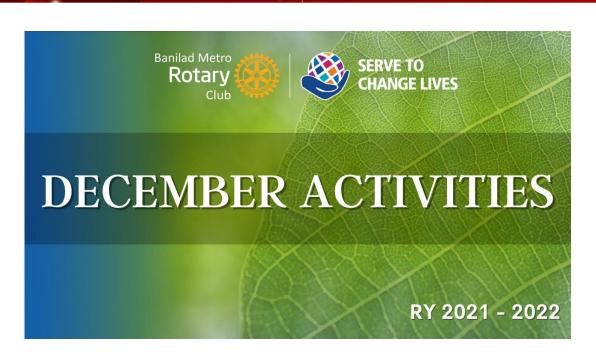

In gratitude to our heroes, that is, employees who tirelessly worked round-the-clock to expedite the restoration of our utilities and the public order in our city, we decided to give back and distributed vegan chicken porridge last December 30 for the 375 linemen from Visayan Electric Co. (VEC), PLDT, Globe and Smart, garbage collectors, water service worker, and CITOM traffic enforcers beside Sunstar Cebu, Brgys. Lahug, Busay, and M.Velez, Guadalupe. This was spearheaded by Rotarian Vladimir Roy in partnership with Guia Simply Nature.

Our Club celebrated the beginning of the new year with OPLAN R.E.L.I.E.F

Waves 7 and 8 of our relief efforts. WAVE 7 was done at Sitio Fatima, Lower Lipata, Minglanilla with the distribution of 20 liters filled potable water in a blue container supplied by Rotary International District 3860, while **WAVE** 8 happened at Basak Community Night High School where we also distributed 2nd batch of 20 liters filled potable water and pillows. The recipients were students who were survivors of a fire that burned down an entire community, and who, at the same time, were also survivors of the recent Super Typhoon.

December 2021 truly had a lot of devastation, difficulties, and challenges. Despite these, I am proud to say that our Club stayed true to the Rotary's motto: "Service Above Self" and went out to serve our communities in Cebu. We capped off 2021 with so much service activities that perhaps, we can truly be recognized as People of Action.

Cheers! Kit

MAMAC MENDOZA

DESIGN & DEVELOPMENT CORPORATION

Mamac Mendoza Design and Development Corporation is a Filipino owned Company, established in the late 2000. The company is primarily engaged in the design and construction of medium-end to high end residential houses and commercial buildings and offices. It is proud of its expertise and wide experience in General Construction, Architectural Design, Construction Management, Structural Design, Construction Supervision, Detailed Civil Works, Landscaping and more

The Company is managed and run by a dynamic team of young, highly qualified, competent, experienced and upright professionals in the fields of engineering, architecture and construction, ably supported by skilled and well trained construction manpower. Said team is effectively led by Ar. Jasper Miranda Mamac, President and CEO. He belonged to Batch 2004 of graduates from the Cebu Institute of Technology where he earned his Bachelor of Science in Architecture. Even before passing the board exams for architects in 2006, he was already earning valuable architectural skills through his apprenticeship with a well-known architectural firm in Cebu where he was

privileged to develop his skills in most aspects of the architectural practice as a draftsman, junior designer, project/site inspector and estimator. This was followed by a stint as a marketing assistant/consultant in a tile shop company. Having learned to diversify and acquire a degree of versatility, he moved on to become the in house architect of a prominent company in the country where he designed showrooms and commercial spaces as well as school expansions nationwide.

Armed with sufficient experience and expertise, he put up his small architectural office specializing in architectural interiors. His projects ranged from simple residential interiors, renovations and other commissions.

Like all other beginnings, the company struggled but steadfastly created techniques and market differentiation to survive in this mature industry. From repairs, to restoration, and from small to major projects, the tenacity of the team's spirit lives on. The rooster of completed and ongoing projects gives an epitome that the group will continue to deliver quality projects within schedule and budget.

In just a short period of time, MMDDC built and established a trusted name and excellent reputation in the construction industry due to its worthiness and reliability as attested

to by its many foreign or abroad based customers, who have become highlysatisfied homeowners or building investors. These highly-satisfied customers simply relied on an open and transparent business relationship with MMDDC which is founded on Mutual Trust - the essential principle which bridges distance and absence as well as turns mere architectural drawings into elegant dream homes and/or incomegenerating building investments. The Company already expanded not only in Cebu City and the rest of Cebu province as well as in the Visavas and Mindanao regions.

MMDDC adheres to the philosophy that no two projects are alike, that quality is always better than quantity and that every project has its unique and distinctive features that meet the needs and preference of the end users. Constantly reinventing himself and experimenting on new ideas,

Architect Mamac, together with his wife Richel Mendoza Mamac, guide and motivate their team towards the realization of their clients' ideas and concepts. MMDDC believe that with the changing needs of clients, the company has to be "multi-faceted, dynamic, innovative and adaptable".

Planning for Induction

IT'S TIME TO LEARN TO SAY NO

Rtn. Mae Pepino

Many people have made such a mess of their lives because of pursuing the wrong things. The world has given us so many things to desire. A lot of things and distractions call for our attention. A lifetime is not enough to do the things the world dictates us to do if we want to do it all.

Are you like most people who are 'crazy busy' these days?

'Being busy' is what most people say as an excuse for 'not praying', for 'not calling a loved one', for 'not spending time with family', for 'not paying attention to one's health', for not 'being there at the moment'.

Work has become the number one reason why people call themselves 'busy' these days. Another reason is 'saying Yes' all the time to 'all things'. Being a yes man is dangerous as one will be consumed by doing so many things that it is hard to distinguish anymore if what we are doing are even worth doing. Pursuing success, fame, and popularity can also be factors why most people are spreading themselves too thinly.

In the end, people become tired and burned out and life is not worth living anymore. Why do people find themselves entangled in this mess all the time? Why are most people so exhausted all the time?

As what the wise say, 'it all boils down to priorities'. Most of us do not know what our priorities are. A lot too may have given priorities to the wrong things.

What is the correct order of priorities?

The church has always been clear with this advice. As Christians, this should be our order of priorities:

- 1. God
- 2. Spouse
- 3. Children
- 4. Work
- 5. Ministry
- 6. Others

As what Stephen Covey said, we should focus on the 'Big Rocks' first so that all the other small rocks will fit in. If we fill our life with small things, then we will no longer have time for the big things. The first 6 things I mentioned should be our 'big rocks'.

If you find yourself tired and exhausted all the time, if you find yourself always saying sorry for missing out important things with your loved ones, if you have been pursuing the wrong things, it is time to stop and re asses your priorities.

Life is not meant to be lived hurriedly. What use is it to kill yourself from working too hard and pleasing others, when we no longer enjoy our family and our loved ones.

We have to enjoy life and the only way to enjoy it is being selective on the things we do. WE have to learn to say NO to a lot of things, and only say YES to the things that matter.

"So what profits a man if he gains the whole world but loses his soul? Mark 8:36

" Seek first the kingdom of God and everything shall be added unto you". Matthew 6:33

"Imagination and Creativity can change the World"

I WEAR MY MASK IN PUBLIC FOR THREE REASONS:

- HUMILITY: I don't know if I have COVID as it is clear that people can spread the disease before they have symptons.
- 2. KINDNESS: I don't know if the person I am near has a child battling cancer, or cares for their elderly mom. While I might be fine, they might not.
- 3. COMMUNITY: I want my community to thrive, businesses to stay open, employees to stay healthy. Keeping a lid on COVID helps us all!
