PRESIDENT'S MESSAGE

Greetings in Rotary Service!

The month of **March** is as productive as the months that preceded it and I am more than happy to share with you a summary of events that range from building up new Rotary leaders to community and youth service.

March 4-5 marked the District Training Seminar and Assistant Governor's Training Seminar. It is the

honor of the club that three of our Banilad Metro Rotarians have been appointed to serve as District officers for the next Rotary Year with yours truly as Assistant Governor for Area 1E, Immediate Past Assistant Governor Estela Siboa as District Membership Attraction Chair, and Past President Ricky Ballesteros as Area 1 Rotary Week Chair

On **March 6, 2022**, *Wave 13 of our OPLAN R.E.L.I.E.F. (REcovery for Livable Communities and Enhanced Future)* happened with the distribution of 10 sacks of rice to 53 farming families in Misamis Oriental.

March 11 marked the President- Elect and Secretary- Elect Training Seminars (PETS SETS) attended by our President Elect Mike Enad and Secretary Elect Catherine "Kenny" Atillo. Yours truly was a speaker for this training with the task of talking about the best practices of our club.

On **March 26-27**, Rotary District 3860 held the Rotary Youth Leadership Awards

and our Youth Director Emmanuel Hernandez was one of the resource speakers of the event. Three of our Rotaractors from Banilad Metro were participants.

In our **13th & 14th GMM**, we had our Platinum sponsors, RC Tacloban Past President Bonifacio Tordillo of Riway International & Sgt At Arms Ar Jasper Mamac of LOLA LITZ & MAMAC DEVELOPMENT CORPORATION, present their respective classification talk. We appreciated the shared testimonies of empowering people to achieve dreams & goals by instilling confidence & positive well being through active selling of excellent brand for health. Likewise, we admired Ar Jasper works & amazing design for Catholic Church in Agassiz British Colombia, Canada. I invited 3 clients as guests in our GMM wherein 3 of them were excited to be inducted soon.

On **March 31**, I was one of the Rotary representatives of District 3860 for a collaboration meeting with Megawide's Lui Ferrer Cebu

MAMAC MENDOZA

DESIGN & DEVELOPMENT CORPORATION

Mamac Mendoza Design and Development Corporation is a Filipino owned Company, established in the late 2000. The company is primarily engaged in the design and construction of medium-end to high end residential houses and commercial buildings and offices. It is proud of its expertise and wide experience in General Construction, Architectural Design, Construction Management, Structural Design, Construction Supervision, Detailed Civil Works, Landscaping and more.

privileged to develop his skills in most aspects of the architectural practice as a draftsman, junior designer, project/site inspector and estimator. This was followed by a stint as a marketing assistant/consultant in a tile shop company. Having learned to diversify and acquire a degree of versatility, he moved on to become the in house architect of a prominent company in the country where he designed showrooms and commercial spaces as well as school expansions nationwide.

Armed with sufficient experience and expertise, he put up his small architectural office specializing in architectural interiors. His projects ranged from simple residential interiors, renovations and other commissions.

Like all other beginnings, the company struggled but steadfastly created techniques and market differentiation to survive in this mature industry. From repairs, to restoration, and from small to major projects, the tenacity of the team's spirit lives on. The roster of completed and ongoing projects gives an epitome that the group will continue to deliver quality projects within schedule and budget.

In just a short period of time, MMDDC built and established a trusted name and excellent reputation in the construction industry due to its worthiness and reliability as attested

to by its many foreign or abroad based customers, who have become highly-satisfied homeowners or building investors. These highly-satisfied customers simply relied on an open and transparent business relationship with MMDDC which is founded on Mutual Trust – the essential principle which bridges distance and absence as well as turns mere architectural drawings into elegant dream homes and/or income-generating building investments. The Company already expanded not only in Cebu City and the rest of Cebu province as well as in the Visayas and Mindanao regions.

MMDDC adheres to the philosophy that no two projects are alike, that quality is always better than quantity and that every project has its unique and distinctive features that meet the needs and preference of the end users. Constantly reinventing himself and experimenting on new ideas,

Architect Mamac, together with his wife Richel Mendoza Mamac, guide and motivate their team towards the realization of their clients' ideas and concepts. MMDDC believe that with the changing needs of clients, the company has to be "multi-faceted, dynamic, innovative and adaptable".

IT'S TIME TO LEARN TO SAY NO

Rtn. Mae Pepino

Many people have made such a mess of their lives because of pursuing the wrong things. The world has given us so many things to desire. A lot of things and distractions call for our attention. A lifetime is not enough to do the things the world dictates us to do if we want to do it all.

Are you like most people who are 'crazy busy' these days?

'Being busy' is what most people say as an excuse for 'not praying', for 'not calling a loved one', for 'not spending time with family', for 'not paying attention to one's health', for not 'being there at the moment'.

Work has become the number one reason why people call themselves 'busy' these days. Another reason is 'saying Yes' all the time to 'all things'. Being a yes man is dangerous as one will be consumed by doing so many things that it is hard to distinguish anymore if what we are doing are even worth doing. Pursuing success, fame, and popularity can also be factors why most people are spreading themselves too thinly.

In the end, people become tired and burned out and life is not worth living anymore. Why do people find themselves entangled in this mess all the time? Why are most people so exhausted all the time?

As what the wise say, 'it all boils down to priorities'. Most of us do not know what our priorities are. A lot too may have given priorities to the wrong things.

What is the correct order of priorities?

The church has always been clear with this advice. As Christians, this should be our order of priorities:

1. **God**
2. **Spouse**
3. **Children**
4. **Work**
5. **Ministry**
6. **Others**

As what Stephen Covey said, we should focus on the 'Big Rocks' first so that all the other small rocks will fit in. If we fill our life with small things, then we will no longer have time for the big things. The first 6 things I mentioned should be our 'big rocks'.

If you find yourself tired and exhausted all the time, if you find yourself always saying sorry for missing out important things with your loved ones, if you have been pursuing the wrong things, it is time to stop and reassess your priorities.

Life is not meant to be lived hurriedly. What use is it to kill yourself from working too hard and pleasing others, when we no longer enjoy our family and our loved ones.

We have to enjoy life and the only way to enjoy it is being selective on the things we do. WE have to learn to say NO to a lot of things, and only say YES to the things that matter.

"So what profits a man if he gains the whole world but loses his soul? **Mark 8:36**

" Seek first the kingdom of God and everything shall be added unto you". **Matthew 6:33**

"Imagination and Creativity can change the World"

I WEAR MY MASK IN PUBLIC FOR THREE REASONS:

1. **HUMILITY:** I don't know if I have COVID as it is clear that people can spread the disease before they have symptoms.
2. **KINDNESS:** I don't know if the person I am near has a child battling cancer, or cares for their elderly mom. While I might be fine, they might not.
3. **COMMUNITY:** I want my community to thrive, businesses to stay open, employees to stay healthy. Keeping a lid on COVID helps us all!
