President, Rotary International - RY 2025-2026

FEBRUARY 2026

Let Action Define Us

At last month's International Assembly. President-elect Olayinka "Yinka" Hakeem Babalola called on members of the Rotary world to live out our presidential message for the 2026-2027 Rotary year

Create Lasting Impact.

This February, as we observe Peacebuilding and Conflict Prevention Month, we have an opportunity to channel Yinka's call to action into real change.

Peace is not simply the absence of war. A life free from conflict but marked with hunger, instability, or the inability to care for one's family is not peace. Peace requires liberty, opportunity and respect for human dignity. Yet fear often blocks that path - fear of change, of cultural loss, of people we don't understand.

Fear isn't defeated through avoidance or aggression. Knowledge is the first step toward peace. Rotary embraces this idea. Our Rotary Peace Centers and their peace fellows, along with other peace education initiatives, demonstrate how knowledge builds trust and helps communities find solutions to conflict.

In Columbia, decades of conflict have left deep wounds. The 2025 Rotary Foundation Programs of scale awardee, Pathways to Peace and Prosperity, partners with the United Nations World Food Program to expand opportunity, improve conflict resolution, and connect people with social services. Its goal is to break cycles of violence, poverty and food insecurity so peace can take root.

In Maharashtra, India, People of Action honoree, Swati Herkal built peace through prosperity. Her project confronted farmers' declining soil health, rising debt and illness caused by chemical fertilizers. She and her Rotary partners launched a regenerative agriculture program that revitalized the land, lowered costs, and restored stability. More than 1,100 farmers now participate and over 50 villages have adopted the model.

Rotary also advocates peace by restoring dignity. in Chad, Rotary Peace fellow Domino Frank discovered more than 1,500 women who fought in a rebellion had been erased from reintegration programs. His advocacy led to Chad's first Rotary Foundation global grant and the creation of Corridors of Peace. More than 100 women - triple the goal - completed literacy and vocational training and formed a cooperative to support their families.

From Columbia to India to Chad, the lesson is clear: Peace is not a dream. It is the result of sustained action with a focus on true, lasting impact. To replicate these successes, Rotary clubs can take three steps: Learn from peace fellows and other peace experts in our organization, apply a peacebuilding lens to community assessments, and prioritize impact over ceremony.

In a world filled with fear, Rotary cannot be satisfied with half measures of empty words. If we are truly people of action, then action must define us. Together, we can *Create Lasting Impact*, across the globe, in our communities and in ourselves.

PRESIDENT'S PAGE

This February, Rotary reminds us that peace is not only the absence of conflict — it is the presence of understanding, compassion, and meaningful action.

As Rotarians, we are in a unique position to build bridges where there are differences, to listen when voices are unheard, and to serve communities in ways that prevent conflict before it begins.

Peace starts in our homes. Peace grows in our communities. And peace becomes powerful when we choose unity over division.

Let us continue to lead with empathy, respect, and service above self — creating safe spaces for dialogue, cooperation, and hope.

Together, we can be instruments of peace in a world that truly needs it.

In Rotary, peace is not just a goal — it is our responsibility.
