They promoted the practice of acts of service and generosity as well as instill in the minds and the hearts of parents and children alike the importance of the value of health and education.

The activity started with the distribution of school supplies and hygiene kits, then by teaching kids how to draw, color, and properly brush their teeth.

The activity hopefully enriched the community to help the children in many ways as possible to ensure that they are well-prepared for the school year.

The said activity was held in DepEd Division Office headed by the Schools Division Superintendent Thelma Cabadsan - Quitalig, Ph.D., CESO V.

This “figure of education” allows us to know the significant meaning of education, nourishes our character, and broadens our perspectives on life.
