JANUARY HAPPY Birthday

Carrying its sincere dedication to transforming every school in the city into a drug-free haven, the City Government of Calbayog through the City Drug Abuse Prevention and Rehabilitation Office in partnership with the Rotary Club of Calbayog facilitated a video-making contest.

Different schools in Calbayog staggered expressing their opinions and ideologies through filmmaking, about the harmful effects of the prohibited drugs and the current situation in the country. The Calbayog City National High School was chosen and awarded certificates and cash prize as they confidently showed off their skills to promote anti-drug awareness.

We are doing every possible way to educate everyone and disseminate information that involves awareness of the adverse effects of the prohibited drugs in their health and their lives.

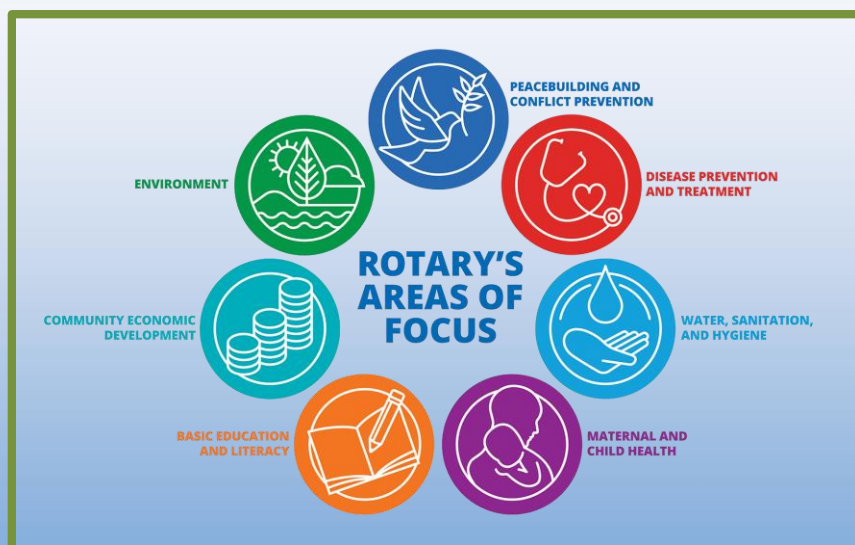

Typhoon Paeng, which hit the Philippine island of Mindanao in mid-November, damaged several communities and left many people without proper shelter and housing. The Rotary District project helps a community rebuild destroyed houses, while at the same time strengthening the community's bond.

Relief efforts of different Rotary Clubs and people's organizations came soon enough but now they need our help to rebuild their homes and help them rebuild their lives .

Last Christmas season Rotary Club of Calbayog helps them rebuild their homes. By donating, we help these families get back up on their feet. Each donation received not only helps construct houses, but it also takes them a step closer to rebuilding their community. Every amount given is a gift towards building resilience especially now that we're facing a climate emergency.

Rebuilding their homes is the first step to helping them rebuild their lives. This is also the first step in helping them build and strengthen their resilience to the worsening climate crisis.

Thank you Rotary Club of Midsayap, Rotary Club of Pigcawayan, Rotaract Club of Midsayap, especially to PAG Ree Ca for facilitating our help to the victims.

The Four-Way Test *of the things we think, say or do.*

- 1 Is it the truth?
- 2 Is it fair to all concerned?
- 3 Will it build goodwill and better friendships?
- 4 Will it be beneficial to all concerned?

The City Government of Calbayog has declared a state of calamity due to the damage caused by the shear line and low-pressure area (LPA) affecting Eastern Visayas.

The Rotary Club of Calbayog remains true to its commitment to providing prompt support to individuals or families in crises. The relief assistance benefitted flood victims from Barangay San Rufino Oquendo District. Overall, the club and other volunteers have served about 300 families who are affected by the calamity. They were provided meals and other basic needs.

Basic Education in agricultural skills plays a big role in terms of food security. Rev Fr. Jeffrey Singson was speaking during the handover of Agricultural equipment to the seminary Nazareth Formation House in Calbayog by the Rotary Club of Calbayog.

Food is one of the basic, basic needs, basic to the core. So, agriculture, agricultural skills play a big role in terms of food security, in terms of economic empowerment, in terms of development, so it's key in many respects, so it's a developmental, health, physically, financially but also it's a basic need.
