CARDIO PULMONARY RESUSCITATION MASS DEMONSTRATION

April 29, 2023 | 9:00 am | RSU-Socio Cultural Center, NwSSU

Currently, about 9 in 10 people who have cardiac arrest outside the hospital die. But CPR can help improve those odds. If it is performed in the first few minutes of cardiac arrest, CPR can double or triple a person's chance of survival. Hence awareness of this procedure in the community is very much essential.

“Sudden cardiac arrest can happen to anyone, anywhere, at any time,” said Rotary Club of Calbayog PP Zandro Daguman who is also the head of the Calbayog Disaster Risk Reduction Management Office. They conducted CPR training to create awareness about handling the medical emergency in the community. More than 500 students of NwSSU participated and learn how to conduct CPR properly.

"Focus on what children can do, their abilities, rather than their disability."

The Symposium was created to bring more awareness to the increasing need for services for those with children with special needs and to facilitate conversations on the most pertinent topics for the teachers, and their families. With this symposium, the hope is to provide insights that will continue to benefit this population.

The symposium features cutting-edge speaker in the field of Child Psychiatry and an informative panel discussion, as well as collaboration with like-minded colleagues within the industry. It's important to remember that children with special needs are children first. When working with children who have special needs, childcare providers need to realize that each child and each disability is unique.

It's just as important to provide children with disabilities with a loving environment. Children who are shown warmth and love grow up to be loving, warm person. A child with a disability who is shown warmth and love will grow up to be an adult who may have a disability, but who is a wonderful person to be around.

Turnover of **READING MATERIALS**

Basic Education and Literacy

April 1, 2023 | 9:00 am | Brgy. Acedillo, Calbayog City

RC Calbayog carried out Book Donation Project on the 27th of April 2021 to 3 different Barangay Schools namely Bontay ES, Navarro ES and Acedillo ES. Club President, Rtn Richard Alovera III led some club members to this Book Donation Speaking to the teachers and parents of the pupils, he made them understand the book donation was in line with Rotary Area of Focus and he charged them to seize the opportunity to improve the reading habit of the pupils.

Rtn Bibay Matan the project coordinator likewise advised and encouraged the pupils to make good use of these books. The importance of booking reading was explained. Books donated include educational books, some fictional resources for children, story books, novels, language textbooks, and encyclopedias.

Reviving reading culture among youths remains one of the Rotary Club of Calbayog goals. Pupils, Students, Teachers, and barangay officials of each barangay school schools were all very excited and appreciative of this endeavor.

Cynthia Lentejas Delds-Pagatpat added 7 new photos to the album **Anislag ES School Partners SY 2022 - 2023** feeling thankful with **Bibay Matan** and **Mary Grace Dela Buena** at **Anislag Elementary School**. Mar 25 · 📍
