Rotary Club of Calbayog's 35th Anniversary Celebration

Since 1988 the Rotary Club of Calbayog has dedicated itself to supporting families, community organizations, and community projects. We have worked tirelessly to uphold the Rotary Mantra of "Service above Self", while following the guiding principles of the "Rotary Four Way Test".

The festivity started with a motorcade from the Rotary Marker then moved along the city area with the End Polio Mascot. A thanksgiving mass was held at St Peter and Paul Cathedral and was attended by the Rotarian's Spouses, family, friends, and other stakeholders.

May Celebrators

Rotary Club of Calbayog

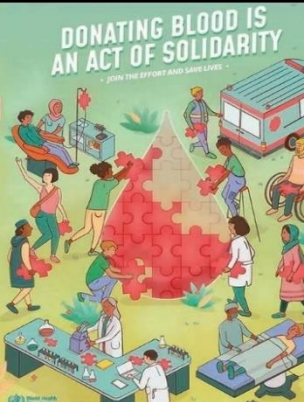

32 District Awards and 4 Special Citations for the first half of the Rotary Year

Rotary Club of Calbayog Service Partners for May 2023

Several clients of the Calbayog City Drug Abuse Prevention and Rehabilitation Office underwent training for standard first aid and basic life support, last May 10 - 11, 2023. This activity aims to increase their awareness and knowledge of the basic principles and procedures of life support and first aid. It was led by the instructors from the Calbayog City Disaster Risk Reduction and Management Office (DRRMO), headed by PP Zandro Daguman in cooperation with the Rotary Club of Calbayog.

Drills and exercises were conducted to serve as practical experiences for the participants. Instructors taught them the different placements, folds, and knots when bandaging injured parts of the body. They were trained on the proper method of cardiopulmonary resuscitation (CPR) which they practiced using a CPR dummy.

These activities sought to enhance the abilities of participants to give proper care and aid in cases of medical emergencies and natural calamities in their communities, especially in the absence of emergency responders.
