Inaugural Speech of Hope Changing President Lito Rosalado

To our distinguished district officers of Rotary International District 3860, our City and Provincial Officials, fellow Rotarians, Interactors, families and friends, Maupay nga Gab-I Sa Aton Ngatanan!

First, my warmest congratulations to Immediate Past President Chad Alovera for an outstanding Imaginative Year. With his leadership, we have surpassed RI's citation and the District Governor's goals for Rotary Year 2022-2023. Let us give ourselves a warm of applause for a job well done.

Now, we are here again showing our full support and commitment not only to the Rotary Club of Calbayog, but more importantly, to the communities in and out of Calbayog we have been serving for the last 36 years, and will be serving unceasingly for the years to come.

Rotary International President Gordon R. McNally calls for Rotary to create hope in the world by working for peace and mental wellbeing. He urges members to engage in tough conversations and earn the trust that's necessary to realize these values.

This year's theme "Create Hope in the World" will serve us our guide and our inspiration to share more, to do better, to strive harder, to be Hope Creating Rotarians. With our disengaged society, we need more HOPE. With inequality and inequity, we need more HOPE. Today's society and the next generation desperately need MORE HOPE.

Being president of a prestigious club is not easy. Leading 42 members is not an easy job. But this is an opportune time for me to share my knowledge, skills, time and resources. And I am also challenging you to do the same this year.

I would also like to say thank you to our partners who have been helping us since day 1 especially when we celebrated the New Rotary Year on July 01 with 100 kids and organized different activities for them in Brgy Libertad including distribution of hygiene and dental kits, distribution of Mcdonalds food as snacks, as well as conducting a demonstration on how to properly brush their teeth. We also distributed various vegetable seeds as a means of livelihood and conducted a barangay consultation for possible collaborative activities in the future.

In addition, we organized a Blood Letting Activity at the Gaisano Grand Mall on July 22 and collaborated with different local and national agencies as well as the academe, men and women in uniform, seminarians as well as the general public. One hundred seventeen individuals were screened, fifty eight were successfully collected while seven were declared spoiled.

Thank you also to the Calbayog SPED Center for accepting our donations as assistance to the school's Brigada Eskwela activity.

We still have a long way to go, but with our combined strength, dedication and genuine love for the community, I am sure we will have an exceptional year of service and fellowship.

Thank you very much and God bless us all!
