INVOCATION

Almighty God, as Rotarians we have each accepted a responsibility far beyond our ability to complete fulfill. We ask for Your blessings upon our club and its activities. Help us to select and engage ourselves in activities that meet the Four Way Test and that our conduct might be exemplary when dealing with those around us. Amen.

Presidents Message

My fellow rotarians and friends,

This month of July we continue to observe and celebrate the Rotary new year by giving party to our chosen children of Tipolo, Mandaue City fire victims.

It's heartwarming to share joy and reach out to these children who were devastated by the unfortunate fire that left them homeless.

Our club has also distributed some used clothings from Korea , diapers and hygiene items to 200 fire victim families in Mandaue City. We wish we could give more to those many more people who have not received the relief items.

Lastly, we end our week as we join the district blood letting program. Every drop of blood counts and can save many lives. I'm truly grateful to all club members supported and joined in all of our activities during the week.

I am looking forward to have a great time and enjoy our wine fellowship as we end our first month for this Rotary year.

Thank you.

President's message

Dear fellow Rotarians,

During 2019-2020, I am encouraging Rotarians and Rotaractors to grow Rotary. We must grow our service, we must grow the impact of our projects, but, most importantly, we must grow our membership so that we can achieve more.

Let us try a new approach to membership, one that is more organized and strategic. I am asking every club to form an active membership committee consisting of people of different backgrounds who will look methodically at the leadership of the community.

Your club's membership committee will then apply Rotary's classification system — designed to ensure that the range of professions in your community is well represented — to identify potential leaders with the skill, the talent, and the character that will strengthen your club. If your club's membership committee is unsure how to proceed, look to the club membership committee checklist on Rotary.org for clearly defined steps to organizing its work.

How else will we connect to grow Rotary? We will also form new types of clubs — either independent clubs or satellite clubs — with different meeting experiences and engaging service opportunities, not just where there is no Rotary, but also where Rotary is already thriving. No Rotary club in the world can possibly serve all segments of its community. Therefore, we must organize new clubs to engage the community leaders who cannot connect with our existing clubs.

Growing Rotary is all about taking the connections that make our organization unique in the world and strengthening and multiplying them. Let us commit ourselves to growing Rotary and to welcoming the next diverse generation of women and men as *Rotary Connects the World*.

I am asking every club to form an active membership committee.

**A message from
Foundation Trustee Chair
Gary C.K. Huang**

Ni hao, Rotarians!

We have some very good problems that I want to discuss with you. The number of Rotary global grant requests is exploding. Rotarians are seeing the amazing impact of our grants, and they want to harness the power of global grants to take on ambitious projects.

One crucial aspect of our global grants is the emphasis on sustainability when planning a project. When we come together to tackle a problem, we do not just drop off a check and leave. We change lives. We bring sustainable solutions. The growth in the number of applications for global grants is a good problem to have; it shows Rotarians' dedication to service. But to fund more global grants, we need to keep The Rotary Foundation growing.

Another good problem we have is how best to support Rotarians' desire to provide relief in the face of disasters. Through our disaster response program, clubs can get grants from a new fund when a disaster strikes — but only if you fund it. We can help our fellow Rotarians rebuild quickly, but we need you to step up.

And we are so close to ending polio forever. All of us have done great things in our lives. But just imagine that you make the donation that funds those final drops that rid the world of polio forever. You will never do anything so great and so important in your life.

There is an old bit of wisdom that says, "Wherever you go, go with all your heart." So open your heart and give to your Foundation. It may be the most important thing that you ever do.

Donate today, then drop by my Facebook page and tell everyone just how good giving made you feel. Let's connect and change the world together.

Percy Hodgson, at the 1951 Rotary Convention in Atlantic City, New Jersey, U.S., was the 1949-50 Rotary International president credited with starting the tradition of crafting a theme.

Rotary Themes

Each January, Rotary members enthusiastically await the incoming Rotary International president's announcement of the next Rotary theme. The president announces the theme at the International Assembly, an annual training event for incoming leaders.

The tradition of crafting a theme is credited to Percy C. Hodgson, Rotary's president in 1949-50. When Hodgson addressed the International Assembly in 1949, he impressed upon the incoming leaders that they had a "glorious opportunity to impart Rotary knowledge" and that "lack of

Rotary knowledge can be a deterrent to the successful operation of a Rotary club." Hodgson's 83-word theme, which included a list of four objectives, was substantially longer than today's punchier themes, but it captured his hope that incoming leaders have essential knowledge of Rotary.

Rotarians' desire to celebrate and support their president's annual program of service has continued. Other early themes include Rotary Is Hope in Action (Joaquin Serratos Cibils, 1953-54), Kindle the Spark Within (Nitish C. Laharry, 1962-63), and Good Will Begins With You (Ernst G. Breitholtz, 1971-72).

In the decades that followed, RI presidents introduced theme logos, lapel pins, ties, and scarves. Theme ties were introduced in the 1990s, and are now crafted annually. Scarves first appeared in 1998-99. Many designs incorporate the theme logo for the year. Others, such as those selected by William Boyd from New Zealand and Sakuji Tanaka from Japan, use colors or imagery that reflects their home country

8 MYTHS

ABOUT BLOOD DONATION

MYTHS

It's painful!

I won't have enough blood for myself if I donate.

I may contract a disease!

I'll be weak and unable to do anything after donating blood.

I don't have time – blood donation is time consuming.

I smoke, so I can't donate.

I have a tattoo, so I can't donate.

There are enough donors, so I don't need to donate.

FACT

Donating blood is almost painless as local anaesthetic will be applied. You'll hardly feel a thing!

Only 8 to 12% of your blood is taken and your blood volume will be back to normal in about three days.

Donating blood is completely safe! All equipment used is sterile, disposable and used only once.

After blood donation, you can continue to do most of the things you would normally do! However, you should resume vigorous activities only the next day.

The entire process, including rest time, takes about 45 to 60 minutes.

There are no restrictions on smokers to donate blood.

If you have just gotten your tattoo, you should defer donations for at least 12 months (unless disposable needles were used) and you'll need to inform the attending doctor/nurse.

Oh yes you do! Every year, more than 100,000 units of blood are needed. We're going to need EVEN MORE as new hospitals open and our population grows older. By becoming a regular blood donor, you're helping to save lives!
