### INVOCATION

*Gracious God, Creator of all: we look  
Out in our world and seen so many problems-  
Hunger, homelessness, disease, loneliness,  
Fear-afflicting so many of your children*

*We may not look away from those things which hurt our neighbor, but see them, and be restless until we have done our part in helping ease the suffering.*

*Guide us to be part of your answer to these problems, Lord. Amen*

### Quote for the Week

"When you are enthusiastic about what you do, you feel this positive energy. It's very simple." - Paulo Coelho

## Presidents Message

Last September 20, we joined with our partners in service ALIVE in celebrating the UN international day of peace in SM seaside with the theme “Climate Action for Peace.

With this years theme, we need to work hand in hand in order to combat this global problem of climate change. Attaining such goal is a collective effort not only to all nations but as individuals we can do our part to help as well. An example would be - As simple as conserving energy in our households can help reduced carbon dioxide emissions from power stations. If we waste electricity more fossil fuel needs to be burned which can result to much more greenhouse gases. These are the things that we can do our share as individuals. In our own little way we can help this global climate change problem.

Let us also welcome our incoming new members as they do their classification talk in our 9th GMM meeting. We are honored to know them in their professional fields. May we look forward for them to be part of our club soon in serving humanity above self.

Thank you.

# President's message

Dear fellow Rotarians and members of the family of Rotary,

Here in the United States, another summer is winding down. And for the Maloney family, every summer ends with a return to my hometown of Ridgway, Illinois, for the annual Popcorn Day festival, where I am honored to serve as the "Popcorn King," the master of ceremonies for the day's events.

Regardless of the season, every family has its own traditions. I would like to suggest a new one for yours: Find an opportunity to introduce your family to Rotary. One of my family's traditions is to take our daughters and grandsons to the Rotary International Convention. The 2020 convention in Honolulu will be a wonderful way to introduce your children and grandchildren to the internationality of Rotary. We are planning many family-oriented events for everyone to enjoy.

Any time is a fabulous time to bring family members on a Rotary service project or to a fundraising event. But perhaps you have not seen many family-friendly events at your club. That is precisely why one of my top priorities this year is to make most Rotary events welcoming to family members.

We must foster a culture where Rotary does not compete with family, but complements it. We should never expect our members to choose between the two. That means being realistic in our expectations, considerate in our scheduling, and welcoming of children at Rotary events on every level.

Often, the young professionals that Rotary needs to attract in order to remain a dynamic 21st-century service organization are the very people who have the greatest family responsibilities. We must not keep these prospective young members away from their families by holding events on evenings and weekends at which their children are not welcome.

For too long, we have closed the doors of many Rotary events to children and sometimes even spouses. What wasted opportunities these are! Every chance we have to pass on the gift of Rotary to young people is one we must take if we are going to grow Rotary and ensure that the next generation is fully engaged in our mission.

So let us open our doors and do it in a fun way, with opportunities that make our children and grandchildren want to learn more about Interact, Rotaract, and Rotary membership. Start small if you must — perhaps by holding some of your meetings at more family-friendly times — but think about how you can continue these kinds of events for years to come.

Bringing children to Rotary events is not just fun; it also exposes them to the world! Make this a memorable year for your family — and an unforgettable year for the ever-expanding family of Rotary as *Rotary Connects the World*.

  
**MARK DANIEL MALONEY**  
President, Rotary International

*A message from*  
**Foundation Trustee Chair**  
**Gary C.K. Huang**

*Ni hao*, Rotarians!

I hope you are making plans for the upcoming Rotary International Convention. Rotarians who live near the Pacific Ocean are especially excited! Next year's event is in beautiful Hawaii, and I know everyone is eager to make the journey to that island paradise.

So "give me five" by signing up right now for the Honolulu convention if you haven't already — and make a plan for how you are going to help The Rotary Foundation reach new heights in 2019-20. We are transforming lives everywhere, and it's all because of you.

We remind you often about the importance of giving to the Annual Fund. These donations are making the world a better place, not just by helping to end polio now and forever. Your donations make every type of Rotary grant around the world possible.

But many of you don't know something just as important: Contributing to the Rotary Endowment ensures our future. I hope you will consider creating your own legacy by making a gift to the endowment. The idea behind it is simple and very powerful. Rotary's Endowment supports Foundation programs today and into the future.

We have a goal of \$2.025 billion by 2025. We will reach that goal with your support. And once we do, amazing things will be possible. Just by drawing from the annual investment earnings, the Foundation will have about \$100 million every year — year after year — for all kinds of life-changing and lifesaving projects. This will be an amazing accomplishment and will truly secure our Foundation long into the future.

This month, I want to give out two very special high-fives. The first goes to the Rotary Club of Taipei Roundtable. Members collected and donated \$10,000 to End Polio Now during the installation ceremony for club president Jeff Lin. Then, during a changeover ceremony a few days later, District 3750 in Korea inducted six new Arch Klumph Society members, bringing its total to eight. Congratulations on the outstanding job by new District Governor Yun Young-Jung!

The generosity of Rotarians continues to give my life great joy and purpose, and I hope it does for you as well.

# A Dose of Positive Thoughts

## MARICEL BORRROMEO-AMORES GML Editor -In-Chief, District 3860 President, RY 2017-2018

Do you have the propensity of comparing yourself with other individuals? Whoever placed the word “compare” in the dictionary just ignited selfishness in mankind. When one compares himself or herself to others this is one of the easiest ways to feel terrible about yourself.

Theodore Roosevelt once said, “Comparison is the thief of joy”.

Comparing yourself to other people is a mêlée you can certainly not win. Whether or not you find yourself better or worse than others, either way, the focus is always on yourself, which is self-interest.

As the saying goes, “Comparing ourselves to others will lead down one of two roads -- the road to pride or the road to intimidation. There is no neutrality.” You must have confidence in that and never doubt it. God put you where you

are to epitomize Him to your specific world of influence. Then scamper away from comparison every time it comes your way. Be grateful of what God has blessed you with and live the life of your dreams.

# Speaker's Profile

Experiencing the death of her dad at a young age, Set forth Reina Tarte's entrepreneurial drive and motivation that helped her set up her first business venture. For the love of dancing she got her Bachelor's Degree in Physical Education at the University of San Carlos and Landed her first job at her High School Alma Mater (Saint Francis Academy) in Balamban as a Physical Education teacher. In a leap of faith Reina Tarte migrated to the United States and got married. She quickly set herself up as an independent dance instructor

and pursued other avenues of employment in an attempt to find the most fulfilling career path. During this time she experienced the joy of giving birth to her son and soon after the hardship of being a single mother. Putting her back into being self-sufficient and independent.

While working in the construction field Reina met her current husband. Soon after she joined her husband in his Construction and Real Estate Businesses. Eventually Reina took over running and managing the businesses giving her husband the freedom to pursue additional businesses and investments.

Aside from Reina's hectic schedule, Reina still found a time to help and mentor Battered women and coach young entrepreneurs. Which has been the most fulfilling work for her.

After many years of handwork and planning to make money. Reina and her husband's goal were to be able to sustain themselves to have their money work for them through carefully selected investments. This enables Reina and her husband the freedom to move back to the Philippines to have a laid-back lifestyle and allowing Reina to spend more time to pursue her passion while living close to her family.

One of her favorite saying is:

Give a Man a Fish, and You Feed Him for a Day. Teach a Man to Fish, and You Feed Him for a Lifetime.
