INVOCATION

Dearly beloved brothers and sisters, the Scriptures move us, in sundry places, to acknowledge and confess our manifold sins and weaknesses; and that we should not dissemble nor cloak them before the face of Almighty God our heavenly Father; but confess them with an humble, lowly, penitent, and obedient heart; to the end that we may obtain forgiveness of the same, by his infinite goodness and mercy. And although we ought, at all times, humbly to acknowledge our sins before God; yet ought we chiefly so to do when we assemble and meet together to render thanks for the great benefits that we have received at his hands, to set forth his most worthy praise, to hear his most holy Word, and to ask those things which are requisite and necessary, as well for the body as the soul.

President's Message

Mark your calendars, on September 28, 2020, we will have our 10th General Membership Meeting and Spouses' Night. Our lovely spouses prepared something that we, their husbands, will be proud of. I was given a clue by the host team that the Annes are preparing guessing games which I'm sure everybody will enjoy. Let's attend and support our wives or else all of us will be in trouble. Who are we to say no?

Have fun fellow Rotarians!

Thank you.

ROTARY YOUTH EXCHANGE — one of the many programs for youths and young adults that we celebrate this month — was my path into true engagement in Rotary. My wife, Susanne, and I began hosting exchange students soon after I joined, and the experience helped me go from simply being a member of my Rotary club to being a true Rotarian. Now Rotary Youth Exchange is a family tradition, and a strong one: Over the past 24 years, we have hosted 43 students!

From the start, we loved it so much that, in addition to hosting students in our home, we became involved with the program by helping to organize student summer camps. During one such camp, I met Christine Lichtin, who was a German high school student at the time and whose father is a past president of my Rotary club. To try something new during this year of embracing change, I am turning this space, normally reserved for the president of Rotary, over to Christine so she can share her story.

My first contact with Rotaract was about 13 years ago, when I was with Susanne and Holger at a barbecue for the summer youth camp. Holger turned to me and said: "Why don't you visit a Rotaract club? You'll meet a lot of great young people who come together to have fun and to make a difference."

A few years later, when I was at Trier University, his words came back to me and I decided to give it a try. That was more than eight years ago, and I'm still at it. Once you are in Rotaract, you just don't want to get out. Rotaract has accompanied me everywhere, starting with the Trier club and then on to a club in Bologna, Italy, during the year I studied there. When I was in Kiel for my master's

degree, I got involved with Rotaract there before landing at the Rotaract Club of Hamburg-Alstertal as I began my career. Each of those clubs has its own identity and focus, but all have the same intrinsic motivation.

I am now taking on a senior advisory role in my Rotaract club, which I really enjoy. I carry Rotaract in my heart, and it shapes my values, even as my interests evolve. One day, as if she had sensed this evolution, Susanne knocked on my door, wanting to introduce me to a young, modern Rotary club located between Hamburg and Mölln, my hometown. The E-Club of Hamburg-Connect, which Susanne helped charter, holds e-meetings, all of them very relaxed and personal. With members of different ages, everything just seemed to fit, so I thought, why not try it out? After all, time is precious and should be filled with fun whenever possible; the rest happens by itself.

Now I am in both worlds — a proud member of Rotaract and a Rotarian. And my small personal goal is to build a bridge between these two parallel worlds. All of us have very similar reasons for being part of the Rotary family.

It took some persistence to persuade Christine to become a member of Rotary, but it was well worth the effort. It is our duty to put in this kind of effort with youth program participants and Rotaractors so we can keep them in the family of Rotary. I hope you were inspired by her story. It's up to each of us to ensure that more young people like Christine can experience the many ways *Rotary Opens Opportunities* for us and for the people we serve.

TRUSTEE CHAIR'S MESSAGE

Peace is a choice we can make every day

In late 1914, Europe was divided by hundreds of miles of trenches. British and French forces on one side were within shouting distance of German troops on the other. The pope made a plea for a Christmas truce, but the shooting continued.

Then, on Christmas Eve, soldiers from behind British lines heard an unexpected sound — not gunfire, but singing. Next, they heard a single voice shout out, “English soldier, merry Christmas!” followed by “English soldier, come out to join us!”

Both sides cautiously emerged over the parapet into the no man’s land between the trenches. Before long, the soldiers realized that it was a real truce. They fraternized, singing Christmas carols, exchanging souvenirs and whiskey, and even taking up a friendly soccer match.

The cease-fire continued only two days before the troops returned to their trenches, resuming bloodshed for nearly four long years. But the story of the Christmas truce reminds us that peace is possible, if we choose to accept it. If peace can last a few days, could it not also last months or years? And how do we prevent conflict in the first place?

In his Nobel Peace Prize lecture in 1964, American civil rights leader Martin Luther King Jr. said, “We must concentrate not merely on the negative expulsion of war, but on the positive affirmation of peace.”

With Positive Peace, our society’s structures, policies, and everyday attitudes

and actions promote justice at all levels, sustaining a peaceful coexistence. It’s an answer to the calls for justice and peace we have heard on the streets in protest from Minneapolis to Paris this year.

Positive Peace, studied at our Rotary Peace Centers around the world, is not just an academic idea for the Rotary Peace Fellows. Through Rotary’s partnership with the Institute for Economics and Peace, the Rotary Positive Peace Academy offers free training to every Rotary member on how to wage Positive Peace in every project we do at the grassroots level, including Foundation grants.

Positive Peace resonates at all levels of The Rotary Foundation. Our literacy projects help children gain equal access to literacy, so opposing sides on an issue can understand each other better. Through our Foundation grants that provide clean water, communities gain stability, as more children stay in school rather than fetching water for hours on end.

Our role as civil society leaders who wage Positive Peace will continue to expand, not only through partnerships and more grants, but also through our hearts, minds, and hands as we offer our gifts to make the world a better place.

Maricel Borrromeo-Amores

Membership Director 2020-2021

President, RY 2017-2018

It would be the height of hypocrisy if there was never a time in your life that you did not want to be accepted by others . This is comprehensible and relatively acceptable when you were much younger. You were an observer of other people's lives perhaps out of curiosity or witnessed their negative experiences that you are afraid to try anything that is not socially putative, time-honored, and customary. So scared are you to confront conceivable problems or negative vibes if you take a different and unconventional route .

Distractedly without your knowing it, you live in the definition others have set up for you. This is a natural consequence when you are so focused on being "accepted". The dilemma is that we need to nurture the capacity to justly accept whatever arises and embrace it.

A chunk of the authentic splendor of life is that it is fickle. Nothing is perpetual, all of it changes. Naturally, so many things can transpire that will alter who you are and have an influence on your life. Then you have indisputably arrived

at the stage of your life that you now can define yourself and not be an imitator of someone else's benchmark and standard.

Generally, it always works out for the best, and everything arrives in its own perfect time. Do not be a prisoner of the orthodox way of thinking all the time. Let yourself go and let God!

Instead, you should carry on in moving ahead. The whole shebang you would ever need will just come to you at the right time. Along the way, you will encounter things which were meant for you to grapple with in life . Your responsibility is to sustain your consistency and pace in order to achieve your goal.

You were born to be unique and successful in the criteria you outlined and customized. Just keep in mind that success is not readily accessible to those who are impatient and indolent. No one else can walk the journey for you except yourself...and that is final!!!

ORATIO IMPERATA: PRAYER AGAINST COVID-19 or 2019 CORONA VIRUS DISEASE

**God our Father,
We come to you in our need
To ask your protection against the 2019 Corona Virus Disease,
That has claimed lives
And has affected many.**

**We pray for your grace
For the people tasked with studying the nature and cause
Of this virus and its disease
And of stemming the tide of its transmission.
Guide the hands and minds of medical experts
That they may minister to the sick
With competence and compassion,
And of those governments and private agencies
That must find cure and solution to this epidemic.**

**We pray for those afflicted
May they be restored to health soon.**

**Grant us the grace
To work for the good of all
And to help those in need.**

**Grant this through our Lord, Jesus Christ, your Son,
Who lives and reigns with You, in the unity of the Holy Spirit,
God forever and ever. Amen.**
