INVOCATION

Our Father, we have gathered here today in the spirit of your caring love. Make us instruments of that love. Help us, who can somewhat control our environment, to help those who cannot, especially the young. We know that a child or young person, who does not have a wholehearted love from and for others, will be stunted and scarred the rest of his or her life. Each of your children is a heritage from you. So guide our lives and the lives of others, we pray, to a life of service that can help needy children in our society. Build up in each of us a life through which your presence may find a fit expression and your purpose may march on toward triumph. For the sake of your kingdom we pray. Amen.

Dear RCCF Family,

Greetings of peace and goodwill!

One meaningful month is through with our year of changing lives and as envisioned, we were able to highlight our advocacy for Autism and Breast Cancer Awareness. I hope that we will continue to adhere to our plans for months on end.

As we open this Membership Month, it is only prudent that we take a look at the state of our own club's membership so intervention may be applied if necessary. This will also give us opportunity to improve on our ways so our club can become more enticing to prospective members.

Anew, allow me extend my gratefulness to each and every Rotarian and spouse who tirelessly worked on our club's activities and projects. Your dedication is truly inspiring which only bolsters my resolve to incessantly find ways to make our endeavors even better from the one before. May your drive to serve never falter.

Choose kindness...change lives...that is the RCCF way!

Best regards,

WEDDING ANNIVERSARIES

August 08 PP Jun and Marlene Torres

GREETINGS, MY DEAR CHANGEMAKERS,

As we focus on membership in Rotary this month, I ask you to help make history this year. For more than 20 years, our membership has stood at 1.2 million.

Rotary is a vibrant organization with a 116-year history, members in more than 220 countries and geographic areas, and a rich legacy of work in polio eradication and other humanitarian programs. Rotary has changed so much in our own lives and the lives of others. As we *Serve to Change Lives*, don't you think Rotary could have an even greater impact on the world if more people were practicing Service Above Self?

My vision is to increase Rotary membership to 1.3 million by July 2022, and the call to action is simple: Each One, Bring One. This year, I want every Rotarian and Rotaractor to introduce a new person into their club.

We are a membership organization, and members are our greatest asset. You are the ones who contribute so generously to The Rotary Foundation. You are the ones who dream big to bring good into the world through meaningful projects. And of course, you are the ones who have put the world on the brink of eradicating polio.

As we make membership a priority this year, let us focus on diversity by reaching out to younger people and especially to women. Every club should celebrate its new members, and every Rotarian who sponsors a member will be personally recognized by me. And those who are successful in bringing in 25 or more members will be part of our new Membership Society.

Even as we share the gift of Rotary with others, let us be sure to engage these new members, because an

engaged Rotarian is an asset forever. And remember that engaging our current members and keeping them in our clubs is just as important as bringing in newcomers. Let us also be ready to form new clubs, especially flexible ones. I am very bullish on clubs that hold virtual or hybrid meetings, and satellite clubs and cause-based clubs can also be very effective ways of growing Rotary.

As you *grow more*, you will be able to *do more*. Let us keep *empowering girls* through our work in each of the areas of focus. Scholarships for girls, toilets in schools, health and hygiene education — there is so much we can do. Projects focused on the environment are also attracting interest the world over. Do participate in these projects locally and internationally to make this world a better place for us and for all species.

Each of you is a Rotary brand ambassador, and all of the wonderful work done by Rotarians around the world needs to be shared outside the Rotary community. Use social media to tell your friends, colleagues, and relatives the stories of Service Above Self.

Finally, I'm challenging every club, during the coming year, to plan at least one Rotary Day of Service that will bring together volunteers from inside and outside Rotary and will celebrate and showcase the work of your club in your community. Visit rotary.org to find out more about all of these initiatives, along with other ways to *Serve to Change Lives*.

TRUSTEE CHAIR'S MESSAGE

With more members and support, we'll do more good in the world

In August, we focus on membership — exploring ways we can expand Rotary's ranks and reach. As we form new clubs and answer RI President Shekhar Mehta's call of Each One, Bring One, let's consider how these efforts will have a positive impact at every level of our organization.

Rotary's two greatest assets are its members and The Rotary Foundation, and they are linked. Our organization is made up of more than 48,000 Rotary and Rotaract clubs, and without our dedicated club members, we can't perform service. Our members also carry out the Foundation's mission of doing good in the world, by working on grassroots projects and making contributions that support countless Foundation programs and grants.

With more members in Rotary, the Foundation could do even more good in the world. We would have more hands to set up water, sanitation, and hygiene projects, so that more people could access clean water. We would have more minds to plan global grants projects that support prenatal services, so that more babies could live. We could fund more district grants that support literacy, so that more people could learn to read.

Today, roughly a third of our members actively support the Foundation through

annual giving or other means. Imagine how we could extend Rotary's reach if we were to increase that engagement, even by just a little. More Rotarian contributions would mean additional funding for the Rotary Peace Centers, as well as more matched contributions to help eradicate polio, thanks to our partnership with the Bill & Melinda Gates Foundation.

The Rotary Foundation is a powerful force that efficiently carries out impactful and sustainable projects around the world; Charity Navigator has recognized The Rotary Foundation with a four-star rating annually for 13 consecutive years. All Rotary members can be proud of this. And how great it would be if all Rotarians would support the Foundation in whatever way they could.

I have a simple request this month. Please take 10 minutes during your next club meeting to discuss ways to get more involved in the Foundation this year. It could be planning an online fundraiser to benefit the Foundation or partnering with other clubs for a global grant project.

Whatever you do, remember that our members — all of us — drive Rotary's efforts and sustain our Foundation.

SERVICE ABOVE SELF

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First The development of acquaintance as an opportunity for service;

Second High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third The application of the ideal of service in each Rotarian's personal, business, and community life;

Fourth The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST

Of the things we think, say, or do:

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it **build goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individuals that report harassment.

07-31-2021 Autism Webinar Part 1

When you have reached peak experiences, it means you might have actually attained the last stage of Maslow's Hierarchy of Needs which is SELF-ACTUALIZATION.

According to Maslow, a peak experience involves:

"Feelings of limitless horizons opening up to the vision, the feeling of being simultaneously more powerful and also more helpless than one ever was before, the feeling of ecstasy and wonder and awe, the loss of placement in time and space with,

finally, the conviction that something extremely important and valuable had happened, so that the subject was to some extent transformed and strengthened even in his daily life by such experiences."

When you have tapped that resource within you, you learn to accept yourself and others. It is that point in life when the wanton and licentious person is unrestrained to be his or her real self. And when that happens, they free themselves of any guilt, and therefore, enjoy and view life more cogently and sensibly. They embrace themselves and others for who they are.

People who have reached the zenith of this hierarchy of needs tend to be driven, enthused, and stirred with a strong sense of individual ethics never derogatory nor intrusive... simply being REAL.

Let me wrap it up that the beauty of each experience is for one to live in the moment not necessarily in conformity of other people's opinions. Rather it is for one to relish independence based on one's contentment and happiness.

MEMBERSHIP START FIGURES REMINDER AND ADDING NEW MEMBERS

As club leaders complete their terms, remember that members added on or before 30 June will count as having started during the last Rotary year, 2020-21. Members added with an effective date of 1 July will count toward the new Rotary year, 2021-22. [Click here to find out how RI calculates membership figures](#). Please reach out to me if you have questions.

As a reminder, official 1 July membership figures will not be ready until **mid-August**. As you run membership reports in Rotary Club Central, please keep in mind that membership numbers are subject to change. Staff are working diligently to process end-of-year membership changes like new club charters, member terminations and new member additions that are submitted in a variety of forms (online, email, fax, and post). If you have any questions, please contact me.

INTRODUCING YOUR ZONE 8 AND 10A MEMBERSHIP TEAM

It is important to remember you have an experienced team of zone leaders who are here to help you in achieving your membership goals. Rotary coordinators and their teams offer support and practical strategies to strengthen club membership and keep members engaged, while keeping your district's specific needs in mind.

- PDG Adrian Roach (adrian@valleyfresh.net) will serve as the Rotary Coordinator for Zone 8. [Click here for the Zone 8 Regional team directory](#)
- PDG Teotimo Laroza Reyes Jr (onyerey@yahoo.com) will serve as Rotary Coordinator for Zone 10A.

DIVERSITY, EQUITY, AND INCLUSION WEBINAR: PLANNING FOR AN INCLUSIVE FUTURE

Over the last year, Rotary has facilitated a series of [Diversity, Equity, and Inclusion webinars](#), which we hope has given you the tools you need to understand and implement DEI within your clubs and district. In our final webinar of the DEI series on 30 July (Philippines, Australia, New Zealand, and the Pacific Islands) it's time to consider the culture you want to create. While you may have members who find the changes you're making difficult, it's important to remember the values those changes are based on and commit to making inclusivity a core part of your club culture. During this webinar, members of the Rotary DEI Task Force will discuss the current state of DEI in Rotary, as well as share several recent board decisions that reinforce our commitment to diversity, equity, and inclusion. Everyone who registers will receive a recording of the webinar and slide deck. [Register HERE](#)

UPDATED! MEMBERSHIP LEADS ONLINE COURSE AND BEST PRACTICES

As we continue to make updates and enhancements to the membership leads online tool, we are also updating our resources and training to be more relevant to you. We've recently made updates to the [Membership Leads Online Course](#) on Rotary's Learning Center. Through this interactive learning course, you will learn about membership leads, how to manage them, and ideas for giving prospective members a positive experience. Even if you've taken this course in the past, refresh yourself with this updated version for new ideas. Please share with club leaders and encourage them to set-up a process to engage with prospective members!

The start of the Rotary year is also a great time to review your district's membership leads process and encourage your clubs to do the same. Here are some best practices for connecting with prospective members:

- **Establish a [leads management process](#)** within your district and club. It doesn't have to be just one person who manages it — involve your membership committee and use the [delegation tool](#) to share access.
- **Communicate promptly.** Acknowledging quickly that you've received a prospective member's inquiry demonstrates professionalism and establishes a positive initial connection.
- **Encourage club members to refer people they meet and use the add a prospective member feature.** They can [refer people](#) to their own club and to other clubs around the world, as well as prospective members that the club has identified so you can manage all prospective members in one secure place.
- **Use the status options.** We know that not every person who expresses interest in your club will be invited to join. That's OK. You can use the status options to refer them back to the district or to another club.
- **Communicate honestly.** Have open conversations about what your club expects from members and what the person expects from their Rotary experience. Let them know if you'll be referring them back to the district or to another club.

REIMAGINING ROTARY DURING A CHALLENGING YEAR

I hope you had the opportunity to attend the 2021 Virtual Convention! While the 2020-21 Rotary year had its challenges as we continued to navigate the pandemic and virtual meetings, General Secretary John Hewko shared a report on the many successes 2020-21 Rotary year. I encourage you to [read the report](#) to learn more about the State of Membership, Rotary's Diversity, Equity, and Inclusion efforts, and how we continue to deliver on the promise of our four Action Plan priorities.

NEW CLUB DEVELOPMENT PROGRESS

As you and other district leaders work to create new club experiences that attract and engage members based on their interests and needs, I'll share your progress in the attached spreadsheet. If you know of a club which is in the process of chartering but don't see it on the list, please send me an email and I will be happy to add it to the spreadsheet.

NURTURING NEW CLUBS: ROTARY CLUB OF PERTH CITY EAST (CITY ROTARY)

Chartering a new club and making sure its foundations are firm for long term success takes a lot of time and dedication, something which the [Rotary Club of Perth City East](#) is only too aware of. This young club chartered just two and a half years ago, recognises that building a vibrant club – the first three years being critical – is a 'huge process'.

Club membership chair and charter member PP Greg Thurston, says that the club was born out of a core group of nine Rotarians who wanted a different type of Rotary experience. They decided the best way to do this was to start a new club. The club chartered with 34 members, grew to over 60 at one point and now has 55 members, half of whom are women.

The club attributes its success so far to several factors including:

- [Projects](#): The club has an array of relevant local and international projects with a particular emphasis on homelessness, affordable housing, indigenous communities, and youth
- [Website](#): 'Our website is *really* good' says Greg, 'It showcases all the projects we do, our members, our meetings and speakers. It is very transparent and generates a lot of positive feedback from our newer members'.
- [Meetings](#): The club prides itself on good quality meetings with high profile speakers, attracting 40 or more attendees most meetings.
- [New member orientation](#): New members are encouraged to align with one of the main project areas, are introduced to tools and resources such as My Rotary, and educated about Rotary through materials such as [Rotary Basics](#)

'Our biggest challenge now is to keep our members engaged', says Greg. The club is looking to grow its projects to help members meet their needs of giving back to the community. The other challenge is to ensure that newer members, with less Rotary experience, can take on officer roles, so that the core charter group of Rotarians can step back and allow the club to flourish in its own right. Learn more about [Nurturing New Clubs](#) by taking the course in the Learning Centre.
