Dear RCCF Family,

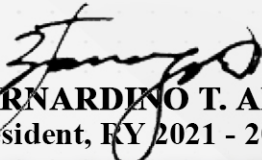

Greetings!

We have yet again moved forward with our efforts in changing lives. I feel specifically privileged that I have a hard working membership committee headed by AG Maricel, who thoroughly planned out all our initiatives for this Membership Development Month.

How appropriate it is that we start this month with a review of our club's membership status in the presence of the District's Membership Director and his club. I am glad to announce that despite the observed lapses and misgivings, we continue to have the vote of confidence of members in advancing our advocacies.

May we take this time to reflect on our individual growth as members and how else we can further our valid personal causes.

Thanks and best regards,

WEDDING ANNIVERSARIES

August 08 PP Jun and Marlene Torres

GREETINGS, MY DEAR CHANGEMAKERS,

As we focus on membership in Rotary this month, I ask you to help make history this year. For more than 20 years, our membership has stood at 1.2 million.

Rotary is a vibrant organization with a 116-year history, members in more than 220 countries and geographic areas, and a rich legacy of work in polio eradication and other humanitarian programs. Rotary has changed so much in our own lives and the lives of others. As we *Serve to Change Lives*, don't you think Rotary could have an even greater impact on the world if more people were practicing Service Above Self?

My vision is to increase Rotary membership to 1.3 million by July 2022, and the call to action is simple: Each One, Bring One. This year, I want every Rotarian and Rotaractor to introduce a new person into their club.

We are a membership organization, and members are our greatest asset. You are the ones who contribute so generously to The Rotary Foundation. You are the ones who dream big to bring good into the world through meaningful projects. And of course, you are the ones who have put the world on the brink of eradicating polio.

As we make membership a priority this year, let us focus on diversity by reaching out to younger people and especially to women. Every club should celebrate its new members, and every Rotarian who sponsors a member will be personally recognized by me. And those who are successful in bringing in 25 or more members will be part of our new Membership Society.

Even as we share the gift of Rotary with others, let us be sure to engage these new members, because an

engaged Rotarian is an asset forever. And remember that engaging our current members and keeping them in our clubs is just as important as bringing in newcomers. Let us also be ready to form new clubs, especially flexible ones. I am very bullish on clubs that hold virtual or hybrid meetings, and satellite clubs and cause-based clubs can also be very effective ways of growing Rotary.

As you *grow more*, you will be able to *do more*. Let us keep *empowering girls* through our work in each of the areas of focus. Scholarships for girls, toilets in schools, health and hygiene education — there is so much we can do. Projects focused on the environment are also attracting interest the world over. Do participate in these projects locally and internationally to make this world a better place for us and for all species.

Each of you is a Rotary brand ambassador, and all of the wonderful work done by Rotarians around the world needs to be shared outside the Rotary community. Use social media to tell your friends, colleagues, and relatives the stories of Service Above Self.

Finally, I'm challenging every club, during the coming year, to plan at least one Rotary Day of Service that will bring together volunteers from inside and outside Rotary and will celebrate and showcase the work of your club in your community. Visit rotary.org to find out more about all of these initiatives, along with other ways to *Serve to Change Lives*.

TRUSTEE CHAIR'S MESSAGE

With more members and support, we'll do more good in the world

In August, we focus on membership — exploring ways we can expand Rotary's ranks and reach. As we form new clubs and answer RI President Shekhar Mehta's call of Each One, Bring One, let's consider how these efforts will have a positive impact at every level of our organization.

Rotary's two greatest assets are its members and The Rotary Foundation, and they are linked. Our organization is made up of more than 48,000 Rotary and Rotaract clubs, and without our dedicated club members, we can't perform service. Our members also carry out the Foundation's mission of doing good in the world, by working on grassroots projects and making contributions that support countless Foundation programs and grants.

With more members in Rotary, the Foundation could do even more good in the world. We would have more hands to set up water, sanitation, and hygiene projects, so that more people could access clean water. We would have more minds to plan global grants projects that support prenatal services, so that more babies could live. We could fund more district grants that support literacy, so that more people could learn to read.

Today, roughly a third of our members actively support the Foundation through

annual giving or other means. Imagine how we could extend Rotary's reach if we were to increase that engagement, even by just a little. More Rotarian contributions would mean additional funding for the Rotary Peace Centers, as well as more matched contributions to help eradicate polio, thanks to our partnership with the Bill & Melinda Gates Foundation.

The Rotary Foundation is a powerful force that efficiently carries out impactful and sustainable projects around the world; Charity Navigator has recognized The Rotary Foundation with a four-star rating annually for 13 consecutive years. All Rotary members can be proud of this. And how great it would be if all Rotarians would support the Foundation in whatever way they could.

I have a simple request this month. Please take 10 minutes during your next club meeting to discuss ways to get more involved in the Foundation this year. It could be planning an online fundraiser to benefit the Foundation or partnering with other clubs for a global grant project.

Whatever you do, remember that our members — all of us — drive Rotary's efforts and sustain our Foundation.

SERVICE ABOVE SELF

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First The development of acquaintance as an opportunity for service;

Second High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third The application of the ideal of service in each Rotarian's personal, business, and community life;

Fourth The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST

Of the things we think, say, or do:

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it **build goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individuals that report harassment.

Assistant Governor, Area 1B
Membership Director 2021-2022
President RY 2017-2018

When we are born unto this world, we are all given a blank canvass. Nobody gets to live your life in the way you designed it to be. Yes, the first few years, our parents paint a few strokes to guide us in the path of hope to righteousness and success. However, the next brush strokes solely belongs to you. As you navigate in the glidepath in front of you, you can make it as bold and colorful or as cowardly and dull.

One of my favorite Greek Philosophers, Aristotle once said, "The aim of art is not to represent the outward appearance of things but their inward significance."

Accept no one's definition of your life; define yourself.

The perspective of this beautiful saying goes deeper in the idea that one must keep a positive standpoint in life. What you keep inside will ultimately show no matter how you suppress it. Others would say that they do try by drowning themselves with all optimistic sayings and locutions to squash the negativity that life throws at them. They try as we all try to parry these unwanted feelings of despair. Yet, it is not always easy to hold on especially when other people send a

contaminated ripple effect of the complete opposite. But like the artist who continues to find his or her own style, you can always start afresh and just keep the strokes that has made you grow into a better individual. The rest you can discard and paint over it with brand new colors through lessons learned from experiences. Explore all possibilities to only think of yourself first so you can find yourself. Let no one define who you are...let no one take away your dreams ... and let no one extinguish the exquisite fire of aspiration inside your heart. Paint your life beautiful!

ROTARY LEADERS

New directors and trustees take office

DIRECTORS

The RI Board of Directors has 19 members: the RI president, the president-elect, and 17 directors, who were nominated by their zones and elected at the Rotary International Convention. The Board manages Rotary International affairs and funds in accordance with the RI Constitution and Bylaws. Nine new directors and the president-elect took office on 1 July.

Jennifer E. Jones
 President-elect 2021-22
 Rotary Club of Windsor-Roseland, Ontario
 Jennifer E. Jones is founder and president of Media Street Productions Inc., an award-winning media company in Windsor. She was chair of the board of governors of the University of Windsor and chair of the Windsor-Essex Regional Chamber of Commerce. She has been recognized for her service with the YMCA Peace Medallion, the Queen's Diamond Jubilee Medal, and Wayne State University's Peacemaker of the Year Award, a first for a Canadian. Jones holds a Doctor of Laws (LL.D.).

As the first woman to be elected president of Rotary International, Jones understands how important it is to follow through on Rotary's Diversity, Equity, and Inclusion Statement. "I believe that diversity, equity, and inclusion ... begins at the top, and for us to realize growth in female membership and members under the age of 40, these demographics need to see their own reflection in leadership," Jones said. "I will champion double-digit growth in both categories while never losing sight of our entire family."

Jones has been a Rotary member since 1997 and has served Rotary as RI vice president, director, training leader, committee chair, moderator, and district governor. She played a lead role in Rotary's rebranding effort by serving as chair of the Strengthening Rotary's Brand Advisory Group. She is the co-chair of the End Polio Now Countdown to History Campaign Committee, which aims to raise \$150 million for polio eradication efforts. She also led the successful #RotaryResponds telethon in 2020, which raised critical funds for COVID-19 relief and was viewed by more than 65,000 people.

Jones has received Rotary International's Service Above Self Award and The Rotary Foundation Citation for Meritorious Service. She and her husband, Nick Krayacich, are members of The Rotary Foundation's Arch Klumph Society, Paul Harris Society, and Bequest Society.

Jessie Harman
 Rotary Club of Wendouree Breakfast, Australia
 Jessie Harman holds a master's degree in business administration and a doctorate in social entrepreneurship. She enjoyed two decades in higher education, beginning as a lecturer in marketing and ending as pro vice-chancellor (international and partnerships) at Federation University Australia, where she managed high-value state and federal government-funded programs and initiatives. She is now a consultant to tertiary education providers in regulatory compliance, quality assurance, and risk management for international education.

Harman first experienced Rotary in 1988 as a participant in Rotary Youth Leadership Awards (RYLA), sponsored by the Rotary Club of Kings Meadows in Tasmania. Since joining Rotary in 1999, she has served in roles that include RI Membership Committee chair and governors-elect training seminar coordinator and trainer. She also served as a member of the 2020 Honolulu Convention Committee; Rotary coordinator for Australia, New Zealand, and the Pacific Islands; training leader and seminar trainer at the International Assembly; and RI president's representative.

Harman says her first role as a Rotary leader left a lasting impression. "My proudest moment was probably taking on the reins of president in my club — my first opportunity to truly experience the positive impact of Rotary on the everyday lives of others."

A resident of Ballarat, Victoria, she has been recognized as one of "Ballarat's 100 most influential women" by Zonta International. She is nonexecutive director on several boards in the education, arts, and community sectors locally and throughout Australia. A long-distance walker, Harman trekked nearly 500 miles (800 km) across rural Spain on the Camino Francés.

Harman and her husband, Andrew, who is also a Rotarian, support The Rotary Foundation as Major Donors and Bequest Society members.

Won-Pyo Kim
 Rotary Club of Gyeongju South, Korea
 Won-Pyo Kim is a dentist at the Gyeongju Yeonhap Dental Clinic. He has served as president of dental associations in both his city and in North Gyeongsang Province. While president of the latter, he helped publish a 60-year history of the association.

Since 2010, he has provided free dental care to those in need at least once a week in Gyeongju City, after installing dental facilities at his own expense at a health center there. Every year for Oral Health Day, he provides free dentures to the elderly and gives hygiene lectures to residents. He has been active in other health care projects, such as one he led that brought 24 children with heart disease from Mongolia to a hospital in Incheon, Korea, for surgery and treatment.

Kim joined Rotary in 1991. He has served as a Rotary coordinator, training leader, and regional Rotary Foundation coordinator, as well as assistant RRF. He has also served as a governors-elect training seminar training leader and director of the Korean Rotary Governors Association. In 1994, he helped form a sister club relationship between his club and the Rotary Club of Usa Hachiman, Japan. That relationship continues with annual visits and joint service projects. Kim also founded the Interact Club at Silla Technical High School and supports it in service activities with his club.

He has been recognized by Gyeongju's mayor and North Gyeongsang Province's governor with multiple awards and has received two awards from Korea's minister of health and human services.

Kim has received The Rotary Foundation's Citation for Meritorious Service and Distinguished Service Award. He and his spouse, Young-Sook Kim, support the Foundation as members of the Paul Harris Society and the Arch Klumph Society.

Urs Klemm

Rotary Club of Aarau,
Switzerland

Urs Klemm studied business engineering and food chemistry and has a doctorate in physical chemistry. He built up the environmental protection division of a Swiss engineering company, where he worked on national and international projects, including environmental planning for a railway system in Basel, construction of the longest railroad tunnel through the Alps, and improving the water supply in the county of Bekés, Hungary.

Klemm was responsible for food safety in Switzerland as a vice director of the Swiss Federal Office of Public Health from 1996 to 2007, when he retired. As head of the Swiss delegation of the Codex Alimentarius Commission — an initiative of the Food and Agriculture Organization of the United Nations and the World Health Organization that promotes international food safety — Klemm led a project that defined a standard for bottled water. As the commission's European coordinator, he carried out projects promoting food hygiene in Central Asia and Africa.

Since joining Rotary in 1994, Klemm has served as a Council on Legislation representative, assistant regional Rotary Foundation coordinator, and endowment/major gifts adviser. As district governor, he implemented a district project to create 10 youth camp sites. Vicki Puliz

Rotary Club of Sparks,
Nevada

Vicki Puliz earned a bachelor's degree in marketing and a master's in business administration from the University of Utah before becoming a partner in a commercial electrical contracting business in Nevada in 1984. She helped manage and expand the business until it merged with a publicly traded entity in 2003 and she retired.

When Puliz joined Rotary in 1992, she was the first woman in her club. She has served Rotary in many capacities, including as an RI training leader and Rotary public image coordinator. A proponent of leadership development, Puliz has been active in leading several presidents-elect and governors-elect training seminars. "I see Rotary as a leadership organization that provides community service," she says.

Puliz is also interested in developing youth leadership. She has co-chaired Rotary Youth Leadership Awards (RYLA) events in her district, facilitated RYLA events in Benin, and co-created a district youth leadership program based on RYLA concepts.

When she witnessed 119 RYLA participants supporting one person who was struggling, it expanded her vision of the power of Rotary. She encourages all Rotary members to identify these moments. "If each individual Rotarian could know and tap into that purpose — to know why they're in Rotary — and to share it, it would be so powerful for our organization," she says.

Puliz and her husband, Tim, who is also a Rotarian, live in Reno, Nevada. They enjoy kayaking and other outdoor sports in the Sierra Nevada Mountains. Both are members of the International Fellowship of Flying Rotarians. They support The Rotary Foundation as Major Donors and as members of the Paul Harris Society, the Bequest Society, and the District 5190 PolioPlus Society.

Project B.A.B.Y (Breastfeeding Aid for Baby and You)

In celebration of the World Breastfeeding Week, the Rotaract Club of Cebu Fuente – University of San Carlos initiates Project B.A.B.Y to provide "tailored" breastfeeding covers to aid lactating mothers.

Last August 11, 2021, RAC CF-USC successfully turned over the breastfeeding covers to the select 10 beneficiaries from Barangay Sacsac, Consolacion, Cebu. Rotaractor Sophia Pagaran and Rotaractor Kiara Marie Largo with the help of the Barangay Sacsac Council and Health Workers happily conducted a short demonstration of how to use the breastfeeding covers. We would also like to thank Rotaractor Rieko Maria Diaz for the project name conceptualization, and to all the RAC-CF-USC Life Changing officers, members and aspirants for their active support of the project.

Likewise, it provides opportunities to tailors whose businesses has been affected by the pandemic. RAC CF-USC opted to support local economy and livelihood instead of purchasing ready-made ones. Auntie Suzette, 49 years old, of Blanners Tailoring located at Rabaya St., Tabunok, Talisay City, Cebu is helping us realize this project.
