## INVOCATION

*Most merciful Father, we have done little to forward your kingdom in this world, to foster goodwill among our brothers and sisters, and to establish love as the law of life. Our own self-interest blinds us; our pains embitter us. We often forget that whatsoever is done to one of the least of your children is done unto you. Pardon our shortcomings; forgive our neglect; give us a pure heart intent on pleasing you. Help us in all our seeking to seek first your kingdom and your righteousness. Help us to present ourselves as persons not to be ministered unto, but to minister. Let the miracle of your grace happen, here and now, as we come before you, humbly, in silent prayer. Amen*

Dear RCCCF Family,

Greetings of peace and goodwill!

One of most important resources in this world is Water. Unfortunately, the intermittent supply of Water has now become an issue to some areas in our community.

In our general membership meeting tonight, we will hear from our very own PP Jesse Baring, who will talk about the sustainable ways of conserving our water resources. May we take this opportunity to reflect on our respective struggles during the aftermath of Typhoon Odette when water was scarce.

On another note, allow me to extend my thanks to all RCCCF Rotarians who braved to be physically present onsite. I am truly glad to know that we are moving forward towards securing back our old ways.

Choose kindness...change lives!

Thanks and best regards,

### WEDDING ANNIVERSARY

April 8 Pouly & Soo Jang

GREETINGS, DEAR CHANGE-MAKERS OF ROTARY,

**F**riends, one of my mantras in Rotary has been *do more, grow more*. I am sure you are adopting this mantra. *Do more*, as in bigger and impactful service projects, and *grow more*, as in increasing our membership.

There is so much excitement across the Rotary world about our Each One, Bring One effort. Everywhere I travel, club presidents, district governors, and Rotary members — both veteran and new — express appreciation that their membership efforts are inspiring the Rotary world.

We are growing more, and I cannot wait to celebrate all of this success with you at the Rotary International Convention in Houston in June. There is still time to register and make your plans to join us. We are looking forward to a once-in-a-lifetime experience that will unite our members after far too much time apart.

As we *grow more*, we will have so much more opportunity to *do more*. April is Maternal and Child Health Month, a great opportunity for your clubs to consider what you are doing to support the health of mothers and young children. Improving access to care and the quality of care for women and children worldwide is an important focus for us, and it also ties in very well with our Empowering Girls initiative. I appreciate the work being done by various clubs in this area of focus, and I would encourage you to think of ways to *do more*.

It has been so exciting to see Rotary members come together at the presidential conferences to share ideas about using our areas of focus to bring about big, lasting change in the world. The past and upcoming

presidential conferences are looking at our new area of focus — the environment — and how our work to protect our planet must also support our efforts to grow local economies, especially in places with the greatest poverty.

I also had the honor to speak at the 26th United Nations climate change conference, known as COP26, in Glasgow, Scotland. This important meeting brought together nearly 100 heads of state and government over a two-week period to set new targets for fossil fuel emission. My call to action was to restore mangroves, a crucial ecosystem that can mitigate the effects of climate change in coastal areas. Already, countries across the world are showing great enthusiasm for this plan.

Our survival is at stake — the damage of environmental catastrophe is already upon us — and so, too, is our ability to lift the world's most needy out of poverty and offer them hope. We must find ways to protect our planet while sustaining the economic growth necessary to achieve our highest humanitarian goals.

This is a very exciting time in Rotary, a time when the world needs us most. As we *Serve to Change Lives*, remember that we are also changing ourselves. We are becoming the world's great change-makers and peace-builders.

The world is ready for us. It's time to rise to that call.

*Shekhar Mehra*

President, Rotary International

## TRUSTEE CHAIR'S MESSAGE

# Seize the moment

**What's your Rotary moment** — a time that strengthened your dedication to Rotary and confirmed you would be a lifetime Rotarian? I have had many such moments over the years, and they all had one thing in common: They showed me Rotary's tangible power of turning our dreams of a better world into reality.

Rotary members are exceptional at it. I see that power in my own club in Chattanooga, Tennessee, and now, as Rotary Foundation trustee chair, in clubs and districts around the world.

Rotary members from Austria, Germany, Nigeria, and Switzerland are realizing their dream to help mothers and children in Nigeria. In partnership with several organizations, they have launched a multiyear, large-scale project to reduce unwanted births and drive down rates of maternal and child mortality. This project, once a vision of a few members but now the recipient of Foundation global grants, is training doctors, nurses, and midwives throughout all 36 states of Nigeria.

Every great project begins in the minds of our members. You are the ones who see schools that adolescent girls have stopped attending because of the lack of private bathrooms. You are the ones who see families facing food shortages, children who can't read, and communities with health problems caused by mosquitoes. Not only do you see these things, because you are in Rotary, you also do something about them.

And because of your engagement,

over the past decade, the amount of money the Foundation has awarded for global grants has grown by more than 100 percent. As more and more Rotarians have become involved, to keep our grants going we have had to adjust and stretch those funds by reducing overhead and by other means. The reason is simple: While the need for these projects is increasing and grant participation is also on the rise, annual giving from Rotary members has stayed relatively static for years.

Quite simply, we need more clubs and individuals to give to the Annual Fund to help keep our district and global grant programs thriving. This year, we set a goal of raising \$125 million for the Annual Fund. We can't realize your Rotary dreams or those of your fellow members without everyone's support.

Remember: It's not about the money, but about what our money can do. I am a firm believer that when we all give what we can, both as clubs and individuals, to the Foundation every year, we take another step toward making the world a better place.

Imagine the Rotary dreams we could make real if every member and every club got together and made a gift to our Foundation today. That would be quite a Rotary moment — for all of us.

**JOHN F. GERM**

*Foundation trustee chair*

## FOUR QUESTIONS

# Each one, bring one – or more

Inviting people to become members has always been important. Now, a new society will recognize top sponsors

**Tom Gump**  
Rotary Club of Edina/Morningside, Minnesota

2020-21 governor of District 5950

### 1 What is Rotary’s Membership Society for New Member Sponsors?

It is a recognition program for new-member sponsors, with a virtual gallery (accessible through My Rotary) that lists those who have achieved various levels of sponsorship. The program went live in July and includes four recognition levels: Bronze for Rotary members who sponsor 25 to 29 new members into their club, Silver for those who sponsor 30 to 49 members, Gold for those who sponsor 50 to 74 members, and Platinum for those who sponsor 75 or more. Members you bring into a satellite club that is sponsored by your club also count.

If you sponsor a new member, you’ll receive a thank-you email from Rotary later that month. Once you reach 25, you’ll receive an email from Rotary letting you know that you are eligible to join the Membership Society.

### 2 How has the society increased enthusiasm for bringing in new members in your district, and why is this important?

When I speak about membership around the world, I can feel the enthusiasm that has been created by the Membership Society for New Member Sponsors. This enthusiasm is reflected in the number of questions I receive on the topic during presentations. The brilliance of Rotary President Shekhar Mehta’s Each One, Bring One initiative is that it turns the traditional view of a membership committee of just a few club members on its head, by making every Rotary and Rotaract member a part of the membership team. The Each One part rightly places the responsibility on every member, encouraging each of us to put effort into the growth that will keep Rotary alive.

The Bring One part encourages us to focus on one person with whom we can share the gift of Rotary.

### 3 What advice do you have for others on how to talk to prospective members?

Listen to what they want out of a club. We need to focus less on *how* Rotary does what it does and focus more on *why*. With most of the members I’ve sponsored, the connection began with conversations about the Rotary Youth Exchange students my family and I were hosting at the time; our trip to Honduras to work on a water, sanitation, and hygiene project; and why we were making reusable feminine hygiene packets. There are many reasons to join Rotary, but I find that discussing why Rotary exists — to do good in the world — works best.

### 4 What is Rotary’s best value proposition?

The greatest value Rotary offers is the ability to develop lifelong friendships while serving with other members, locally or internationally. I look forward to my weekly club meetings as a chance to catch up with my Rotary friends who live close by. As a result of partnering on a project in South Africa, we also have wonderful friends in Johannesburg whom we look forward to visiting. Our “family” has also increased in size through hosting Youth Exchange students from France, Czech Republic, Korea, Belgium, Spain, and India. To me, all of these friendships are not only worth the price of my membership dues, but they also add a richness to my life that is priceless.

# SERVICE ABOVE SELF

## THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**Fourth** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## THE FOUR-WAY TEST

Of the things we think, say, or do:

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it **build goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

## ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life

3. Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individuals that report harassment.
