Dear RCCF Family,

Our Ruby Anniversary, or the 40th Charter Anniversary, is another historic occasion we commemorate today. The impact the founding of the Rotary Club of Cebu Fuente had on the communities we serve forty years ago is difficult to fathom. I consider it a privilege to be a member of this elite group as the first Korean President of Rotary International District 3860.

My decision to join and be sponsored by Past President Sol Pasion has been totally vindicated by the numerous honors and accolades, not to mention the several amazing projects we have completed over the years.

Happy birthday to the Rotary Club of Cebu Fuente and here's to many more fantastic years!

In August, I was proud to visit Pakistan and highlight Rotary's top goal, eradicating polio. It was also a tremendous opportunity to spotlight female health workers who are playing a critical role in protecting children from this vaccine-preventable disease.

This month, as we celebrate World Polio Day, we are shining a spotlight on our more than 30-year effort to lead the first global polio eradication campaign and our success in forming partnerships capable of completing this massive goal. We all know that this is one of the most ambitious global health initiatives in history and that we've reduced polio cases by more than 99.9 percent worldwide.

Pakistan is one of only two countries in the world where wild poliovirus remains endemic. (The other is neighboring Afghanistan.) I was able to witness and take part in vaccination campaigns in Pakistan, and soon after I left, a monumental nationwide immunization campaign took place, focused on 43 million children under the age of 5. I saw the incredible work of Rotary members on the ground. More than 60 percent of vaccinators in Pakistan are women, and they are doing a remarkable job building trust and convincing mothers to vaccinate their children.

Seeing it all firsthand, I know that the will exists across the Rotary world to end polio, and I'm confident that we have the strategy. The Pakistani media

has been very supportive of our efforts as well, and this is making a difference. This month, a new global pledging moment at the World Health Summit in Berlin promises to pull together more resources to fund these time-sensitive eradication efforts. Now it is up to us to do our part and raise \$50 million this year to earn the full 2-to-1 match from the Bill & Melinda Gates Foundation.

There's great cause for optimism on the polio front — but also some staggering new events that have further raised the stakes. Over the past few months, new polio outbreaks have occurred in Israel, the United Kingdom and, most recently, in the New York City area. These stories are frightening, but in every case, the response is clear — vaccines work, and if polio is spreading, we need to make sure the most at-risk people have kept their vaccinations up to date.

Most importantly, we need to eradicate this virus now. If polio exists anywhere, it can spread everywhere. What I saw in Pakistan convinced me that we can and must finish the job, but it will only happen if we remain committed to a strategy that's working and back it with all necessary resources.

Through our commitment, generosity, and sheer determination, we will #EndPolio.

### TRUSTEE CHAIR'S MESSAGE

## Fulfilling our promise

**Who are your Rotary heroes?** One of mine was Clem Renouf, 1978-79 RI president. I related to Sir Clem, who died in 2020, in many ways. We shared the same profession and Australian nationality and a passion for polio eradication. It was Clem's leadership that first put us on track to embrace the cause, mobilizing what is today a global partnership that has led us to the cusp of eradicating a human disease for only the second time in history.

What Rotary and its partners have achieved is nothing short of remarkable. We have helped reduce polio cases by 99.9 percent worldwide, immunizing more than 2 billion children across 122 countries. Last year alone, more than 370 million children were vaccinated across 30 countries, using more than 1 billion doses of oral polio vaccine. As a result, we are seeing near historic lows in the number of cases. In August 2020, the World Health Organization African region was certified free of wild poliovirus, an incredible achievement for Rotary members and a huge step on the road to eradication.

But remember that as long as polio exists anywhere, it is a threat to people everywhere, especially to young children. You may have heard about importations of the disease to Malawi and Mozambique, detection of poliovirus in sewage in the UK, and a recent case in the U.S.

To stay agile, Rotary and its partners are deploying a new polio vaccine, novel oral polio vaccine type 2 (nOPV2), to fight outbreaks of circulating vaccine-derived poliovirus, also known as variant poliovirus, which continues to threaten children in Africa, as well as several countries in Asia and the Middle East, including Afghanistan and Pakistan.

Rotary is as active as ever. We are calling on every member to take action and be part of this historic fight. Take the fight to your clubs and communities on World Polio Day, 24 October. Keep raising awareness of the importance of polio eradication and Rotary's critical role in that effort by holding events and fundraisers. Don't forget that contributions toward the goal of \$50 million per year for polio eradication will be matched 2-to-1 by our generous partner, the Bill & Melinda Gates Foundation.

Like Sir Clem, we can all be Rotary heroes, each playing a part in our organization's great legacy. Through giving, raising awareness and funds, and providing hands-on service, each of us brings Rotary a step closer to fulfilling our promise to the children of the world by eradicating polio for good.

## THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## THE FOUR-WAY TEST

## ADOPT (A Dose Of Positive Thoughts)

**DR. MARICEL BORRROMEO-AMORES**  
Public Image Director 2022-2023  
Asst. Governor A1B 2021-2022  
President 2017-2018

There are much more people nowadays that hold negative thoughts than good ones, in the world that we currently live in.

It is very tragic that there are so many people who are unhappy with their lives, most of whom are doing so because they are unable to fully grasp how wonderful their lives might actually be if they adopted a different outlook and way of thinking.

Stop being a prisoner of your past. Become the designer of your future. We are all here for some specific reason.

Previously, we captured photographs on film and then rushed them to a photoshop to turn the negatives into images. In our lives, the negatives might be hidden possibilities to make them into something positive, just as a dark film can bring to life wonderful, vibrant images. Delete the negative; put emphasis on the positive.

“Each problem has hidden in it an opportunity so powerful that it literally dwarfs the problem. The greatest success stories were created by people who recognized a problem and turned it into an opportunity.” – **Joseph Sugarman**

# HISTORY OF THE ROTARY BELL

In 1922, U.S. Rotarians organized an attendance contest; the challenge was that the losing clubs would join in giving the winning club a prize. The Rotary Club of New York City was declared the winner and to them was awarded as a prize a bell from a popular patrol boat, which was placed on wood that came from HMS "Victory", Admiral Nelson's vessel at the battle of Trafalgar.

Since then, the bell used in Rotary meetings started to represent, as on the ships, order, discipline and the time to guide us through the weekly hour and a half meetings. The bell informs us with its sound the beginning of the Rotary meeting, at which time people present should stand, same as at the end, in order to salute the national and Rotary flags. The gavel symbolizes the authority invested in the Rotarian elected to the highest position in Rotary, and through him, reminds those present of his authority. When presidents transmit their positions to their successors at the end of their mandate, they give the bell their last hit turning the gavel over to their successor, symbolizing the transfer of authority.

Announcing this year's Programs of Scale grant recipient

# Together for Healthy Families in Nigeria

## Saving the lives of mothers and children

The Rotary Foundation's 2022 Programs of Scale grant supports a member-led effort to save the lives of more mothers and newborns in Nigeria. Rotary Districts 1860 (Germany) and 9110, 9125, 9141, and 9142 (Nigeria); the Rotary Action Group for Reproductive, Maternal, and Child Health; and Nigerian federal and state ministries of health, medical associations, and community leaders are working together to reduce the

maternal and neonatal mortality rates in four Nigerian states by 25%. The \$2 million grant, combined with funding from Germany's Federal Ministry for Economic Cooperation and Development and in-kind donations from other global organizations, will enable the program to expand health education for families as well as access to quality clinical care for pregnant women, mothers, and babies.

Turn to the August 2022 issue of *Rotary* magazine or go to [Rotary.org](http://Rotary.org) to read about how the program will build on past successes to help more families thrive.
