Together Against Malnutrition

In a world where every child deserves the chance to thrive, the Rotary Club of Cebu Gloria Maris (RCCGM) is taking action to create a meaningful, lasting impact in our community.

Led by Immediate Past President Gay Marie Tiu, our passion project, Amoma sa Kaugmaon: Together Against Malnutrition, is not just a mission—it's a movement aimed at combating malnutrition and nurturing future generations.

First Official Visit: On October 30, we met with the first group of children and their parents to begin monitoring progress. We took measurements of each child's weight and height to track improvements and provided personalized guidance to ensure their nutritional needs were being properly addressed.

Second Visit: On November 6, we reconvened to meet with 24 children and their parents. We continued our progress monitoring, reviewed their notebooks, and discussed each child's growth. With more volunteers joining us, we were able to provide individualized attention to each child, and the outpouring of community support was truly inspiring!

Exciting News! Our project was honored with the DSWD Paglaray Award at the National Level for excellence in addressing malnutrition. This recognition is a testament to the power of community action!

But the work is far from over. We invite you to join us on November 16 as we continue our mission to serve children in need.
