# HOW'S YOUR JAB?

**Stories and Advocacies  
for the Philippine Rotary  
VacciNation Campaign  
against COVID-19**

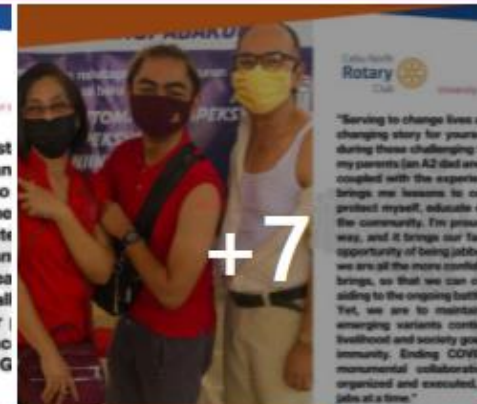

"I am a person with a chronic illness. I am a health care worker and have an oval job. I was hesitant to get vaccinated because of my chronic conditions, but my doctor advised me to protect them and get vaccinated. Being vaccinated is the safer way to protect yourself compared to not getting vaccinated. We are helping our community get rid of the virus."

**Rtn. Jennifer Moreno**  
Life-Changing President, RC Cebu North

"Being a nursing student, I know vaccines work and only you can protect yourself, but also you are one of the most vulnerable. Always appreciate the health workers in our country who are vaccinated to protect everyone especially the elderly. Let us all do our part and get the best vaccine available for you! God bless us all."

**Rtn. Andrea Moreno**  
Life-Changing Public Image Director, RC Cebu North

"Serving to change lives is a challenging story for yourself during these challenging times. My parents (an A2 dad and a mom) coupled with the experience brings me lessons to not only protect myself, educate others in the community. I'm proud to be vaccinated and it brings our best opportunity of being vaccinated. We are all the more confident and brave, so that we can continue to stand to the ongoing battles. Yet, we are to maintain our health and society goes on. Ending COVID-19 is a monumental collaboration organized and executed, all in a time."

**Rtr. Zennoe Zabdiel Villanueva**  
Life-Changing President, SAC Cebu North - UP Cebu
