**ABOUT US**

Container Freight Services, Inc. is a freight forwarding company which handles international as well as local shipments. Service coverage includes cargo handling (LCL & FCL) to and from the U.S., Europe, Mediterranean, Middle East, Africa, Latin America and the Asian ports among others; document processing; loading coordination; household removal management (personal effects) and other cargo transport services which we take pride to be of global quality and competitiveness.

CFS is a local establishment but with systems and procedures adapted to international standard. The company has been set up last July 19, 1999 by pure Filipino owners who have been in the shipping and forwarding industry for the past 25 years, headed by Mr. Amado Jose Garcia, President and Ms. Rose Jalines Garcia, Managing Director. CFS received accreditation from the Philippine Shippers Bureau since 2002 to transact business as an International Freight Forwarder, Non-Vessel Operation Common Carrier (NVOCC) and as a Domestic Forwarder.

With the confidence in its operations, CFS has now become a fast growing competitor in the international scene and domestic market with a chain of reliable agents worldwide.
