Can't Smile With You

You know I can't smile without you
I can't smile without you
I can't laugh and I can't sing
I'm finding it hard to do anything
You see, I feel sad when you're sad
I feel glad when you're glad
If you only knew what I'm going through
I just can't smile without you

You came along just like a song
And brighten my day
Who would have believed that you were part of a dream
Now it all seems light years away

And now you know I can't smile without you (no I can't)
I can't smile without you
I can't laugh and I can't sing
I'm finding it hard to do anything
You see, I feel sad when you're sad

I feel glad when you're glad
If you only knew what I'm going through
I just can't smile

Now some people say
Happiness takes so very long to find
Well, I'm finding it hard
Leaving your love behind me

And you see, I can't smile without you (no I can't)
I can't smile without you
I can't laugh and I can't sing
I'm finding it hard to do anything

You see I feel glad when you're glad (I feel)
I feel sad when you're sad
If you only knew what I'm going through
I just can't smile without you (can't smile without you)
