SERVICE ABOVE SELF

ANDREW F. JIMENEZ PRESIDENT RY 2025–2026 MESSAGE

As we move forward together on this Rotary journey, I am filled with deep gratitude and renewed purpose. Time and again, I am reminded of the powerful impact we make—through every act of service, every connection we foster, and every life we touch.

Our shared mission is not just words on a banner—it lives in the hearts of those who serve, and in the hope we bring to communities near and far. Whether it's a local service project, a global initiative, or a simple gesture of support to a fellow member, each act carries the potential to change lives.

This year, I challenge each of us to reflect on what “Service Above Self” truly means. Let it move you to mentor a rising leader, roll up your sleeves for a hands-on project, or share Rotary’s message with someone who hasn’t yet heard it. Every effort, no matter how small, contributes to a greater ripple of change.

Through service, fellowship, and leadership, we breathe life into the values that make Rotary a force for good. This is our moment to grow—not just in numbers, but in heart, in vision, and in impact.

I invite each of you to lean in—bring your voice, your ideas, your passion. Let’s reimagine what’s possible and make this year one of bold action and deeper connection.

Together, we will build on our club’s rich legacy, inspire others to join us, and create a future defined by compassion, collaboration, and purpose. Join me as we step into an extraordinary year—united in service, driven by hope, and committed to doing good in the world.

Please join me to an incredible year ahead and together we unite for good!

WEST SIDE STORY

UNITE
FOR
GOOD

The Rotary Club of Cebu West holds the distinction of being the second oldest club in Cebu, following its “Mother Club,” the Rotary Club of Cebu. In July 1961, the Rotary Club of Cebu voted to organize a new club in Cebu City. PDGs Tico Lozada and Marianing Ilano, along with the late Simeon Miranda (father of PP Mari Miranda of RC Metro Bogo), were tasked with this extension work. The Rotary Club of Cebu West was granted provisional status on October 31, 1961, and from the beginning, it was clear that the new club would be a high-achieving one.

The club attracted prominent charter members, including the late Chief Justice Marcelo Fernan (listed in the RI Centennial Records as one of the 100 Prominent Rotarians in the world), D.P. Loh, Jose Cavan, Agustin Climaco, Cesar Estalilla, Ramon Osmeña, Penong Almendras (father of Ruben Almendras), Emerito Calderon, and John Henry Osmeña. Later, the club welcomed distinguished members such as Augusto Go, Gerry Sta. Ana, Ben Dapat, Cristobal Espina (father of Maxwell Espina), Horacio Franco, Ruben Almendras, Engr. William Liu Sr. (father of Rotarian William Christopher Liu, Jr.), Potenciano Larrazabal Jr. (Cebu Doctors Hospital), and Roger Lim.

Admitted to Rotary International on June 12, 1962, the club received its charter from PDG Francisco Delgado, who later became a vice president of Rotary International. The club's charter officers, led by Mariano S. Ilano Jr. as charter president, were inducted by DG Patrick Pineda in a memorable ceremony held at the Cebu Country Club.

Over the years, the Rotary Club of Cebu West has successfully launched and completed an impressive array of service projects across Rotary's seven areas of focus. These include the construction of water projects, educational scholarships for teachers, medical support and missions, reforestation efforts, and support for persons with disabilities (PWDs). The club has also conducted career guidance counseling, vocational scholarships for out-of-school youth, and donated two fire trucks to the Cebu Filipino-Chinese Fire Volunteer Brigade Inc.

The club has played a major role in strengthening leadership within Rotary District 3860, producing six District Governors. Two past presidents of the club also became District Governors in other clubs. When Southern Philippines was redistricted into Districts 385 and 380 in Rotary Year 1974-75, the very first District Governor was RCCW Charter President Marianing Ilano. Earlier, Vicente “Tico” Lozada, another Cebu West Rotarian, was elected Governor of the undivided District 385 in Rotary Year 1966-67. After the formation of District 3860, Cebu West continued to produce District Governors, including PDG Jose “Joe” Lardizabal in 1984-85, PDG Jose Ma. Luis “Toto” N. Cupin in 2000-01, PDG Raymond “Ray” Patuasi in 2004-05, and PDG Philip Tan in 2019-20.

As the “Mother” of four clubs, Cebu West organized the Rotary Club of Mandaue in 1971, the third club in Cebu. The following year, the Rotary Club of Cebu South was formed in 1972, followed by the Rotary Club of Cebu East in 1981 and the Rotary Club of Cebu Fuente in 1982.

Dr. Cesar Estalilla, a past president of Cebu West, was assigned as the Special Governor's Representative to organize the Rotary Club of Cebu Fuente and became the charter president of that club in RY 1981-82 and later served as District Governor in Rotary Year 1988-89. Another past president of Cebu West, Tito Redoña, transferred to the Rotary Club of Tacloban and later also became District Governor in 1990-91.

RC Cebu West has organized several significant hosting in the district, in particular the 20th District Assembly of District 385 in 1963, co-hosted the First Tri-DISTAS and Tri-PETS in 1992, hosted District Conventions in 1970, 1974, 2001, 2005, and the last one on 2007. The latter was particularly memorable for passing a resolution redistricting District 385 to 3860.

Today, with dynamic members of RC Cebu West, led by incoming Club President Andrew Jimenez, it has become one of the most respected clubs in the district. Under the leadership of the current club President Ben Yu, the club made significant contributions to the Rotary Foundation and the End-Polio campaign. Through the years, it has collaborated with two foreign sister clubs, the RC Singapore West and RC Gyeongju Central, and recipient of continuous support from major corporate sponsors such as Nature's Spring Water, Manila Bankers, Bingo Plus, HEAL PH Party-List, Archer Transforce Logistics Inc., Gallagher risk management, Miguu Expeditions and Simon AgriBusiness to undertake larger and more impactful projects, to name a few.

The Rotary Club of Cebu West has received recognitions as one of the District's most outstanding clubs. Several of its Club Presidents, including PP Wilton Uykingtian, the late PP Romy Dy Pico, PP Jimmy Lao, and PP Alvin Tan, have been recognized for the club's achievements, which have consistently exceeded both the District 3860 and Rotary International's challenge of Service Above Self.

ROTARY INTERNATIONAL PRESIDENT'S

Mário César Martins de Camargo

President RY 2025 - 2026

Rotary Club de Santo André
São Paulo, Brazil

Good morning, bom dia, buenos días, bonjour, buongiorno, Guten Morgen, o-HAI-yo go-zai-mas, JO-un ah-CHIM im-ni-da, esteemed governors and leaders of Rotary.

Last year, we gathered here to address the governors-elect of 2024-25. At that time, I spoke as the president-nominee of Rotary International, highlighting membership growth as our organization's top priority, most valuable asset, and greatest challenge.

Today, as I stand before you as president-elect, I am more convinced than ever that our collective focus on membership is essential to securing Rotary's future.

Rotary's greatest asset is not our history, our projects, or even our unmatched global reach. It is our members — the best-qualified team of volunteers on the planet. I learned this lesson early on, during the Atlanta convention, when a representative from one of our polio partners praised the extraordinary dedication of our members. That recognition from an outsider deepened my understanding: Rotary's greatest gift to the world is its people.

Today, I want to share our road map to membership growth and revitalization, guided by three essential pillars: innovation, continuity, and partnership. These principles are not just strategies. They are a call to action to rejuvenate Rotary, to attract new voices and perspectives, and to strengthen our service to communities worldwide.

The world is changing, often at a dramatic pace. Technology, social expectations, and economic conditions evolve constantly, and Rotary must evolve with them. As Giuseppe Tomasi di Lampedusa wrote in "Il gattopardo" ["The Leopard"], "For everything to stay the same, everything must change."

Innovation is how we adapt to this changing world. It's not just about welcoming younger members but also engaging senior individuals seeking purpose and connection. At 68 years old, I know firsthand how fulfilling it is to find a community of peers. Consider the example of my home club, Santo André, a thriving legacy club with 150 members. My wife, Denise, helped charter a satellite club, creating a space for almost 50 remarkable women to lead in their own way.

Satellite clubs, cause-based clubs, enterprise clubs, and passport clubs are examples of the flexibility we need to attract a diverse audience. While these models may not work everywhere, they offer us the opportunity to reach future Rotarians outside our ENGLISH (EN) MÁRIO CÉSAR MARTINS DE CAMARGO, 2025-26 PRESIDENTIAL MESSAGE ADDRESS 2 traditional frameworks. Future Rotary members are out there. We must meet them where they are.

During my travels — more than six laps around the globe in the past 18 months — I've observed that the healthiest districts share one critical feature: consistent, united leadership. Districts thrive when governors build on their predecessors' efforts, ensuring programs and strategies continue seamlessly year after year. Conflict at the top, by contrast, is a time bomb that often results in declining membership. Let me share some inspiring moments from this journey. In Nigeria's District 9141, I saw the incredible impact of building wells and commissioning school chairs in underserved areas. In Pakistan, I visited Smart Villages, where Rotary helped populations affected by the devastating 2022 floods move from survival to a better future.

In Mumbai, India, I met children receiving lifesaving care through a Rotary grant for congenital heart disease, and in another region, I witnessed ambulances lined up outside a palliative care hospital, each bearing The Rotary Foundation logo, supporting breast cancer detection, dental care, and eye exams. In Lampung, Indonesia, Denise and I had the privilege to witness a microeconomic transformation for 700 families, to multiply farmers' family incomes on rice paddies. Continuity is not about uniformity; it's about alignment. When district leaders work together, envisioning Rotary beyond their governor year, they set the stage for long-term success. Rotary already faces the unique challenge of annual leadership transitions. Let's not make it harder by fragmenting our efforts. Instead, let's build a legacy of collaboration that future leaders can build upon. Rotary's history with polio eradication teaches us an invaluable lesson: Alone, we can achieve great things, but together, we can change the world. Partnerships with organizations like the Gates Foundation, WHO, and UNICEF have been instrumental in our US\$23 billion investment over 40 years to eliminate polio. We would never have made this much progress alone. So why not apply this lesson to membership growth? Partnering with business associations, professional organizations, and academic institutions can help us attract quality members while embracing diversity in professions and perspectives. Such partnerships eliminate the false dilemma of quantity versus quality. By reaching out to professionals who share our values of service and engagement, we can expand Rotary's capacity to do good in the world. Ultimately, all our achievements, projects, and partnerships depend on our members. Membership growth is not just about numbers. It's about renewing our collective strength and ensuring our mission endures.

First, we must acknowledge that no one lives forever. The only hedge against aging clubs is the constant admission of new members. Second, our capacity for service grows with our membership. More members mean more hands to help and more resources to invest in our communities. MÁRIO CÉSAR MARTINS DE CAMARGO, 2025-26 PRESIDENTIAL MESSAGE ADDRESS 3 Third, succession planning is critical. Clubs either grow or dwindle. There is no such thing as stable membership. We must make recruitment and retention a core value, passing it from one generation of Rotary members to the next. By doing so, we ensure that Rotary remains vibrant and impactful for decades to come. Rotary members are people of action. We don't wait for change to happen; we make it happen. And what do people of action do? We unite for good. And that is our presidential message for 2025-26: Unite for Good! In a world often divided, Rotary stands as a beacon of unity and hope. Our projects bring together people of all races, religions, genders, ideologies, and economic backgrounds, uniting us in a shared purpose: to do good in the world. Rotary inspires us to be better people, to serve others, and to create a lasting impact. As you leave this room today, I urge you to focus on learning the best strategies for growing Rotary in your districts. Rotary has invested a great amount of time and money in this assembly, not for speeches and fanfare, but to equip you with the tools to lead effectively.

Our return on this investment will be measured not in dollars but in the new members we welcome, the innovative clubs we create, and the lives we change through service. And as you carry out this mission, don't forget one of Rotary's greatest joys: making friends around the world and having fun. Together, let's embrace this journey of growth, service, and connection. Let's build a Rotary that unites for good and ensures a brighter future for all. Thank you

Polio

Rotary is a leading partner in the Global Polio Eradication Initiative. With help from our partners, the Bill & Melinda Gates Foundation, the World Health Organization, the U.S. Centers for Disease Control and Prevention, UNICEF, and Gavi, the Vaccine Alliance, we've made the world 99.9 percent polio-free.
