

March 12, 2020

Good afternoon fellow Rotarians and our dear guests from the media, our partners for the Gift of Life and friends!

As DISCON 2020 approaches on May 13 to 15, the district conducted a successful area coordination meeting hosted by our very own AG Stephen Chian last March 7, 2020, at Casino Español. This was attended by yours truly and Sec Walter Cang. There will be an entertainment portion named Rotary Got Talent where Clubs are encouraged to take part and send some representatives. Another upcoming activity by the District is Rotary Youth Leaders. There will be a training Workshop to be conducted by RAFI to all youth leaders coming from all Rotary Clubs which will be on April 16 to 18, 2020. Kindly approach April should you have recommendations for this workshop.

Fellow Rotarians today is a great day as we will be having two important events.

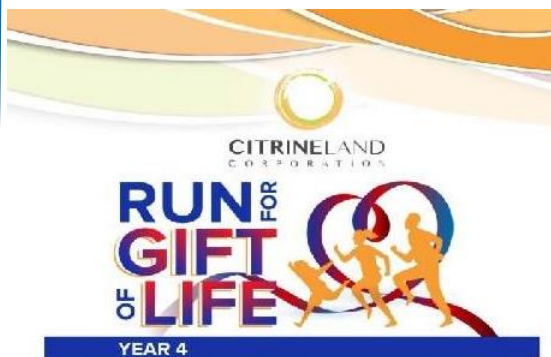

First, the induction of the 4th generation Rotarian, and one of our youngest members, Mark Lotzof, the son of Past President Roy Lotzof. We will also be inducting another new member next week, Mr. Ryan Yu, Congratulations to our Membership Committee Chair, Dir. Charles Ong, for spearheading this campaign to attract the youth.

Second, the launching of this year's Run for the Gift of Life Year 4 which will be on May 17, 2020 at Robinsons Galleria. This is our Club's annual fun run to raise funds to help kids with Congenital Heart Defects get a second lease in life. Rotarian George Paraoan, Chairman of this year's run, will be happy to see all our members participate and help make this event a success.

Cheers!

Michael P. Torres

INVOCATION

Life is the greatest event we will ever be invited to. Today Lord, you are giving us another chance. Guide us to act justly in all our dealings. Help us to show kindness, knowing such actions. Help us to overcome people's fears and instill in us the importance of walking humbly through the day before us. Amen.

NASUDNONG AWIT

Yutang tabunon, mutya nga masilakon. Putling bahandi, amo kang gimahal. Mithing gisimba, yuta's mga bayani; Sa manlulupig, pagdapigan ka. Ang mga buntod mo ug lapyahan, sa langit mong bughaw. Nagahulad sa awit, lamdag sa kaliwat tang gawas. Silaw sa adlaw ug bituon sa nasudnong bandila. Nagatima-an nga buhion ta ang atong pagka-usa. Yutang maanyag, duyan ka sa pagmahal, landong sa langit ang dughan mo. Pakatam-ison namo nga nagatukaw kung mamatay man sa ngalan mo!

TRUSTEE CHAIR'S MESSAGE

Gary C.K. Huang
Trustee Chair 2019-20

March 2020

I like to quote Confucius at many Rotary events, because his ideas are so much like ours. Confucius would have been a great Rotarian. Take this Confucius quote, for example: "The failure to cultivate virtue, the failure to examine and analyze what I have learned, the inability to move toward righteousness after being shown the way, the inability to correct my faults — these are the causes of my grief."

If you turn the saying around to positive language, it sounds exactly like the first goal of the new Rotary Action Plan. When we talk about Rotary increasing our impact, we mean investing in relationships, making decisions grounded in evidence, mobilizing our resources to create solutions that last, and always learning from our experiences.

The Rotary Foundation already does this so well and will continue to be the best possible investment in a better world as the Action Plan is put into effect. Our global grants respond to real community needs. That's because we approve them only after a rigorous community assessment. Then the projects are tailored to the information uncovered during the assessment.

Now your Foundation is making a difference on a broader scale than ever through our programs of scale grants. These are competitive grants, designed to respond to a need that a community has identified. Programs of scale will benefit a large number of people in a significant geographic area. They will be sustainable, evidence-based interventions with measurable outcomes and impact. Each grant will support, for three to five years, activities that align with one or more of Rotary's areas of focus.

Programs of scale build on our experience in the eradication of polio, and we must never forget that we still have important work to do to eliminate this disease. When I visited Pakistan in November, I was overjoyed to see so many young Rotary leaders working hard for End Polio Now.

Wonderful things are happening with our global grants, and the Rotary Action Plan will help us do more than ever. Let us continue to cultivate virtue, examine and analyze what we learn, move toward righteousness based on our new knowledge, and keep improving everything we do.

WHAT HAPPENED LAST WEEK...

Going Up with Mobile Apps

By: Walter Cang

Last week, our guest speaker came to us with an interesting topic for his talk, "Going Up with Mobile Apps". Wylie Chavez is CEO & Founder of APP Up, an app development company. He started off by sharing cartoon drawings that depicted how mobile gadgets have taken over our lives. Scenes like a family who shared a meal, but each cocooned in their own world, glued to their respective devices. Of how couples used to cuddle in bed, to talk about their day now immersed in their gadgets. He spoke of times when kids had to be coerced to come home and now, they have to be coerced to go out. How times have changed with our

handheld devices. In fact, there is a term coined to describe an irrational fear of being without your gadgets, called "Nomophobia".

After Wyllie shared these interesting facts with us, he began to take baby steps to explain what apps are, what YouTube is, and even basic information like what social media apps are, Facebook, and how you get them on your phone. I felt like he was an American trying to teach English to natives. I must declare that while we do have many baby boomers in our midst, we as a club are fairly up to date with the use of smartphones and modern apps for communication within our club, friends and family. Often, I felt like telling him dude, we know those things. But we must give him the leeway, after all he didn't really know us.

He shared an example of why advertising on YouTube gives your ad a higher chance of being seen by others. Why an app that shows advertising gives a better rate of return than advertising on traditional media. He cited impressive figures when we look at the number of users of popular apps like Facebook, Twitter, Instagram, etc. Imagine your message being carried by these apps. Therein lies his strongest reason for developing apps - because developers can earn millions through ads that are shown to users of their mobile app. Personally, I thought that line of thinking is a tad too optimistic as it still requires people to

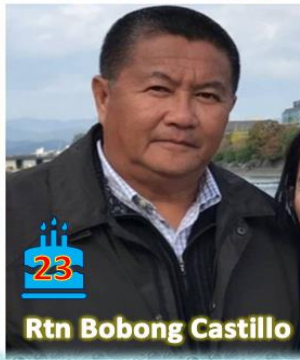

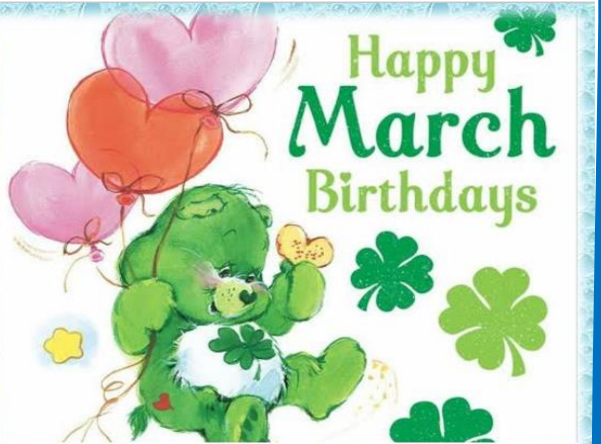

download your app, use it and keep it on their phones.

Business to Consumer (B2C) mobile apps are designed to reach out to the market and Cebu Pacific app is one example. It was created for convenience as it allows passengers buy tickets from the comfort of their homes or phones. Saving them from having to line up in a ticket office. Business to Business (B2B) mobile apps are internal apps such as a sales app which monitors the sales performance of your team and handles the assignment of team targets by the boss.

Wylie recommended that we look into Third Party App (TPA) and see how we can integrate the app into our registration

process for Run for Gift of Life. He showed how one can use a t-shirt ordering app called Wurd to order a t-shirt with your own design. And Wylie suggested we tap

the power of this app to handle our t-shirt design needs.

Wylie ended his talk by sharing some of the apps he had developed. With names like Queue app, Freelance app, SOS app and the Laundry app. Having been involved in app development in my past endeavors, I wish him all the best as it is no easy feat. I mean, how do you stand out from the hundreds of thousands of apps that are currently posted on Google Play or the App Store? How do you make your app relevant enough for people to install them and keep it when the phone is already preloaded with basic apps to the wazoo? One can always hope for the best and for Wylie, he's banking on the next Facebook of the future.

JUST WHAT ARE PACKAGE GRANTS?

Package grants are designed by Rotary and our strategic partners to help you carry out large-scale, sustainable projects. Because we've taken care of selecting partners, raising funds, and designing the project, you can focus your energy and expertise in bringing the project to life. Like global grants, packaged grants support our areas of focus and can include scholarships, humanitarian projects, and vocational training. The key difference is that the project's framework is provided for you.

We offer nursing scholarships and training for health educators which our partner Aga Khan University. With our partner UNESCO-IHE Institute for Water Education, we fund scholarships for water sanitation professionals. Vocational Training and medical service

THANK YOU FOR SUPPORTING THE ROTARY FOUNDATION'S GRANTS PROGRAM

“ROTI Day 3.0 - A Fight against Hunger”

God has blessed us immeasurable ways so that we can, in return, bless and help others.

Last Valentine's day (February 14, 2020), Rotaract Club of Cebu celebrated the "ROTI Day 3.0 - A Fight against Hunger", an International Project initiated by Rotaract Club of Karim City College in India. This project was participated with 60 clubs from 35 RI Districts across 14 countries.

The members of Rotaract Club of Cebu organized a food drive in participation to fight against hunger and randomly offered food to street people in Cebu City & Lapu-Lapu City.

It was a great, easy and rewarding activity.

Everyone got involved and helped to make a difference even in the simplest way.

"Project Pre-loved"

"Every day is just an ordinary day not unless a person decides to make it exceptional."

Last Sunday (March 01, 2020), Rotaract Club of Cebu offered their time and efforts to the kids of Cebu City Community Scouts Youth Guidance Center in spending a playtime through assembling lego blocks and a guitar lesson which follows a jamming session with our friends, volunteers from Denmark. It's also amazing how the kids make use of their free time productively by enhancing their talents.

The smiles in the kids face are truly an uplifting vibe which teaches us to live life happily despite all odds. We can never deny that even in adulthood stage, still there's a child heart living in each one of us which led us to look back on our younger years and brought innate joy. So let us keep that fire burning by creating a beautiful dwelling place!

With that, it paved the way to RAC CEB to engage in a new project called "Project Pre-loved", a fund raising program where Rotaractors and our mother club members of

Rotary Club of Cebu helped hand in

hand to gather pre-loved clothes, bags, and many others to generate funds for our future additional projects.

FELLOWSHIP SONG

Heal The World

There's a place in your heart
And I know that it is love
And this place could be much
Brighter than tomorrow
And if you really try
You'll find there's no need to cry
In this place you'll feel
There's no hurt or sorrow

There are ways to get there
If you care enough for the living
Make a little space
Make a better place

Heal the world
Make it a better place
For you and for me
And the entire human race
There are people dying
If you care enough for the living
Make it a better place
For you and for me

If you want to know why
There's love that cannot lie
Love is strong
It only cares of joyful giving
If we try we shall see
In this bliss we cannot feel
Fear of dread
We stop existing and start living

The it feels that always
Love's enough for us growing
So make a better world
Make a better place

Heal the world
Make it a better place
For you and for me
And the entire human race
There are people dying
If you care enough for the living
Make a better place for you and for me

And the dream we were conceived in
Will reveal a joyful face
And the world we once believed in
Will shine again in grace
Then why do we keep strangling life
Wound this earth, crucify its soul
Though it's plain to see
This world is heavenly
Be god's glow

We could fly so high
Let our spirits never die
In my heart I feel you are all my brothers
Create a world with no fear
Together we cry happy tears
See the nations turn their swords into
plowshares

We could really get there

If you cared enough for the living
Make a little space
To make a better place
Heal the world
Make it a better place
For you and for me
And the entire human race

There are people dying
If you care enough for the living
Make a better place for you and for me
There are people dying
If you care enough for the living
Make a better place for you and for me

You and for me

SENSE OF HUMOUR

(A joke a day keeps the doctor away)

Clever Toddlers

Two students were talking about their childhood.

"I was a very clever toddler. By the time I was ten months old, I could already walk."

"You call that clever?" the other said. "I managed to trick my parents into carrying me until I was three!"

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- 1 The development of acquaintance as an opportunity for service;
- 2 High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- 3 The application of the ideal of service in each Rotarian's personal, business, and community life;
- 4 The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST OF THE THINGS WE THINK, SAY OR DO

1. IS IT THE TRUTH?
2. IS IT FAIR TO ALL CONCERNED?
3. WILL IT BUILD GOOD WILL
AND BETTER FRIENDSHIPS?
4. WILL IT BE BENEFICIAL TO
ALL CONCERNED?
