SERVE TO CHANGE LIVES

ROTARY CLUB OF CEBU

Chartered on November 28, 1932, Rotary Club of Cebu is the second oldest club in the Philippines. The club currently has 63 members and prides itself in the quality of its members and the excellent fellowship that characterizes its weekly meetings.

The club sponsored the organization of several Rotary clubs in the Visayas and has produced six district governors, including Vicente L. Faelnar, Joaquin Panis, Vicente Lozada, Federico Reyes and Manuel de Veyra. The latest, Edgar Chiongbian, was the District Governor in RY2013-2014 and also the RY2017-2018 Chairman of the Philippine College of Rotary Governors.

Rotary International District 3860 has consistently recognized the club for its role and contribution to the District, winning the Club of the Year and President of the Year awards multiple times over the years. Our members continue to donate generously to The Rotary Foundation and consistently leads the District in TRF Donations and Disaster relief drives. The club has long led the district with the greatest number of Major Donors (15 currently) and in RY2019-2020, three members of the club (one posthumously) were inducted into the Arch Klumph Society, the first AKS members in our District. Likewise, RCC was the first club to establish a TRF Endowment Fund in the District. Lastly, the RCC has been very active in Global Grant projects, leading the country with almost 5% of the total approved Philippine global grant budget over the past six years.

PRESIDENTIAL MESSAGE

Shekhar Mehta

President 2021-22

October 2021

A quarter of the Rotary year is now behind us. I am sure you are helping Rotary to grow more and do more. And I hope you have already done your part for the Each One, Bring One initiative by introducing one person to Rotary.

Do you ever think about your earliest days as a Rotarian? I often do — because those first moments of discovering the power of service shaped who I am today. When I joined my Rotary club, our efforts focused on India's rural communities, where people were living without toilets, getting their drinking water from the same pond they bathed in, and sending their children to outdoor classrooms set up under a tree. The nearest health care provider often was miles away — and the services were inadequate. But after Rotary clubs carried out some service projects, the villages had toilets, clean drinking water, a classroom for early learning, and a nearby health care center.

The spark that Rotary kindled within me forced me to look beyond myself and embrace humanity. It made service a way of life and led me to a guiding principle I still stand by: Service is the rent I pay for the space I occupy on Earth.

If you feel the need to reignite the spark of service in yourself or your club, October — Community Economic Development Month — is a great time to do so. When we work to improve the lives of people in underserved communities — through, for example, projects that provide vocational training and access to financial resources — we

help build and sustain local economic growth.

The need is great. According to the United Nations, 9 percent of the world's population — that's 700 million people, a majority of them in sub-Saharan Africa — live on less than \$1.90 a day. By supporting strong community development as well as entrepreneurs, we can help improve conditions for people in that region and others.

Your club can also promote economic development in your own community by expanding vocational training opportunities through local schools and community colleges, partnering with lenders to improve access to financial services, or working with a nonprofit that provides resources to entrepreneurs and connects them with the business community.

Of course, developing strong communities is impossible without strong public health. On 24 October, World Polio Day, we'll celebrate our tremendous progress in the effort to eradicate polio. But we also know the fight is not over. We still need your help raising funds and awareness to ensure that all children are immunized against polio. Please don't forget to activate your clubs on that important day and encourage them to donate here: endpolio.org/world-polio-day.

Service has been rewarding for me throughout my life. I know the same is true for many of you. Join me this month in becoming a good tenant of our planet by helping others to better themselves and their communities. Together, we can Serve to Change Lives.

TRUSTEE CHAIR'S MESSAGE

John F. Germ

Trustee Chair 2021-22

October 2021

When Rotary courageously stepped up to pursue the dream of a polio-free world, we knew realizing our dream wouldn't be easy. But since 1988, working with our partners, we've brought worldwide case counts down by 99.9 percent.

However, it's not over 'til it's over. It will take courage. We're going to keep up the funding and keep on the pressure until this fight is finished, and no child ever again has to experience the devastating effects of polio.

As we mark World Polio Day on 24 October, we can take heart; we continue to make progress, and with the current low transmission rates of wild poliovirus in Afghanistan and Pakistan, we have a unique opportunity to interrupt transmission. We also have a new strategy and vaccine that will bolster our eradication efforts.

To eradicate wild poliovirus and stop outbreaks of circulating vaccine-derived poliovirus (cVDPV), the Global Polio Eradication Initiative's new strategy centers around several key areas: political advocacy to create greater urgency and accountability in the endemic and outbreak countries, improved engagement with high-risk communities, improved operations and polio surveillance, and the inclusion of polio immunization in broader health programs. (For more on the new polio eradication strategy, see page 30.)

Along with our new strategy, Rotary and its

partners are using a new tool, novel oral polio vaccine (nOPV2), to help address outbreaks of type 2 cVDPV. This new vaccine has been deployed in a growing list of countries and is a promising development in our quest to end polio once and for all.

But there is still much work to be done. In particular, we need to remain strongly committed to our goals in the face of recent events in Afghanistan. As a nonpolitical organization, Rotary will continue to do the work that is necessary to protect the health of children everywhere.

After all the progress we've made in our decades-long fight, the worst thing we could do is to become complacent, so here's where you come in.

Let's raise awareness of Rotary's role in polio eradication. And let's double down on our commitment and keep raising \$50 million each year for polio. Remember: Thanks to the Bill & Melinda Gates Foundation, any contribution you or your Rotary or Rotaract club makes will be matched 2 to 1.

In Rotary, when we dream, we get behind our dream with everything we can muster. We have always risen to challenges — and now it is more important than ever for us to rise again, with courage, to defeat polio.

PRESIDENT'S MESSAGE

October 2021

Good afternoon fellow rotarians and guests,

First of all, I would like to mention that District Governor Anna Bumagat will be here on November 4 for our club's Governor's visit. Despite the pandemic and travel restrictions, DG Anna will still travel here so that she can meet us in person. So please mark your calendar, we will be at the Barcelona Room of Casino Espanol. We will be posting the sign up sheet on viber

As we receive updates about the COVID cases in Cebu from Larry Stonebraker and PP Bing, it is clear that we see a downward trend on the positive cases. This is welcome news and it means we will be able to do physical meetings with more confidence as long as we

follow the necessary safety protocols. Our club admin George assisted by April are working hard on setting up a more flawless hybrid meeting where zoom participants can interact with the people in the physical setting so we hope to be able to do alternate hybrid and virtual meetings starting on November. Something to look forward to.

Now we have some 36,000 left from the donation of Rotary Club of Chilliwack Fraser and this is intended only for Balungag Elementary School. Last Friday, Dir Mel and Joey Suaco drove all the way to Balungag, San Fernando to do an inspection of

the school's stage and activity area where the roof is in desperate in need of repair. We will be doing the repairs for that soon. Thank you Joey and Mel!

Tomorrow, we have 2 activities in Paypay National High School. The turnover of the Cabling for the Animation Room and the Groundbreaking for the perimeter fence and basketball court. It is scheduled for 10am and it's not too late to sign up. Just inform me or Joey Ontanillas if you want to join. Thank you Joey for all the work you're doing and for organizing this.

On Saturday, the district will be conducting a Public Image Seminar on zoom. Being part of a worldwide organization, we need to adhere to certain standards when using the brand Rotary International. Public Image is also the key to telling our story to non-rotarians in the hopes of giving inspiration and growing membership. So many people still don't know what Rotary does and what we are doing for the community. The link to the registration has been posted on viber and we will post it again. Please do join, I'm sure we will learn a lot.

I'm going to share a video now, if you remember last rotary year IPP EdGai turned over a WASH project in Ronda, the name of the school was Cansalonoy Elementary School and they had no water and water tank and proper toilets. We provided them with all these as part of the WASH 7 Global Grant headed by Chairman DJ Moises. 2 days ago Cansalonoy Elementary School posted a video on their facebook page and in this video you will see the water tank tower we built and what the impact of the WASH project is for their school.

As you saw in the video, the water that was used for the vegetables are all coming from what we provided them. Thank you to all who made this happen. We have 2 schools starting work now, and 6 more for approval. It's going to be a very exciting project that will benefit thousands of children and the community around them.

Lastly, after so many hectic rotary activities and meetings, I'm looking forward to our short hike and fellowship this coming Sunday. Please join, we will just relax and have fun. 6am at Matana Restaurant if you are joining the hike, or you prefer not to do the walk, just go there and have breakfast with us. Hope to see you all!

Jacob P. Ong
Rotary Club of Cebu
President 2021-22

GUIDING PRINCIPLES OF ROTARY

These principles have been developed over the years to provide Rotarians with a strong, common purpose and direction. They serve as a foundation for our relationships with each other and the action we take in the world.

OBJECT OF ROTARY

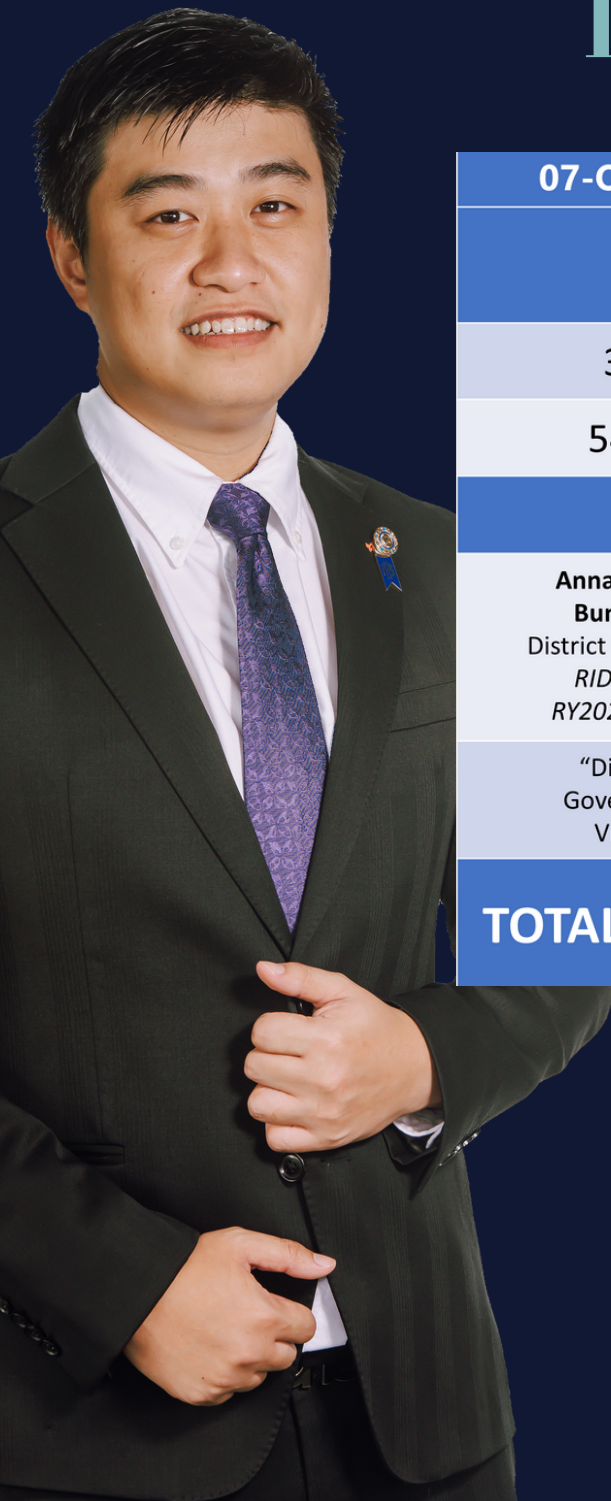

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST:** The development of acquaintance as an opportunity for service;
- **SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Innovation has its way of changing our lives, be it for worse or the better. Nowadays, innovation made it easy to blind us with entertainment, foregoing the reality of what has been happening with the world. CloudKart made sure to give back to the world. Despite its innovation in online merchandising, they also innovated for us the ease of giving to our community. Let us hear from them how they made it so.

VISIT AT BALUNGAG ELEMENTARY

Balungag Elementary School, San Fernando, Cebu

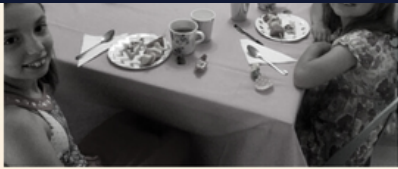

2021 . 10 . 15

A visit to Balungag Elementary School in San Fernando. This was done by Dir Melchor Alejandro and Rtn Joey Suaco to assess the problem of their dilapidated roofing. This project will be undertaken by the club in the next few weeks to help the school in their preparation for when they have face-to-face classes again.

Balungag Elementary School is an adopted school of Rotary Club of Cebu and is a beneficiary of the WASH 7 Global Grant project done during the last Rotary Year.
