SERVICE ABOVE SELF

THE 4-WAY TEST

OF THE THINGS we think, say, or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all?

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST:** The development of acquaintance as an opportunity for service
- **SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

AS A ROTARIAN, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: Mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individual that report harassment.

ROTARY HYMN

I want to be a Rotarian for the world,
Make the Rotary flag be a flag of peace unfurled;
I will serve my community,
Help to seek international unity.
Through Rotary, I will dedicate my all,
World understanding shall be my cherished goal.

Refrain: With the Four Way Test

I will pursue my quest
And if I, in a way help obtain
Peace in the world
Then I won't have lived in vain.

I'll observe service above self,
Lend a hand to all who need my help;
I'll get my spouse to involve in Rotary
And in Rotary ways I will train my family.

Refrain: With the Four Way

Test
We'll pursue our quest
And if we, in a way help obtain
Peace in the world
Then we won't have lived in vain.

Build a bridge for tomorrow's youth,
Strengthened by nothing but the truth;
Let's join our hands, there's no reason to divide.
We shall all understand, while the good Lord is our guide.

Refrain: With the Four Way Test

We'll pursue our quest
And if we, in a way help obtain
Peace in the world
Then we won't have lived in vain.

Peace be achieved,
So we won't have lived in vain.

Saving Mothers and Children

We expand access to quality healthcare, protect children from disease and build sustainable health solutions.

Rotary makes high-quality health care available to vulnerable mothers and children so they can live longer and grow stronger.

We expand access to quality care, so mothers and children everywhere can have the same opportunities for a healthy future. An estimated 5.9 million children under the age of five die each year because of malnutrition, inadequate health care, and poor sanitation — all of which can be prevented.

HOW ROTARY MAKES HELP HAPPEN

Rotary provides education, immunizations, birth kits, and mobile health clinics. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease.

OUR IMPACT ON THE LIVES OF MOTHERS AND CHILDREN

The **Rotary Foundation** reaches mothers and children in need by giving communities the help and training they need to take control of their own maternal and infant health care.

Rotary makes amazing things happen, like:

Mobile prenatal clinics

Haiti has the highest maternal and infant mortality rate of any country in the western hemisphere. **Rotary provided a fully equipped medical Jeep** to volunteers and midwives to reach mothers and children in remote areas.

Cancer screening

Rotarians provided a mobile cancer screening unit and awareness trainings around Chennai, India, where there is a high mortality rate of women with breast and cervical cancer due to late diagnosis.

Preventing injuries and deaths

Rotary members launched a \$3 million, five-year pilot to **save lives of mothers and children** during home deliveries in Nigeria. Since 2005, they've also repaired 1,500 obstetric fistulas — 500 more than their initial goal — restoring dignity and hope to vulnerable mothers.

Distribution of AIRism Comfort Conditioning Technology Breathable Crew Neck Shirts to the Fishermen of GaMaSaTi (Gagmayng Mangingisda Sa Tinago) Fisherfolk Organization

Fishermen are one of the workers who need to remain cool despite the heat of the sun. They are at risk for heat illness that may affect heat tolerance, comfort, sweating, body odor, and breathability that can result to decrease of work productivity.

As Uniqlo Philippines opens its newest store at SM City Butuan, Rotaract Club of Central Butuan partnered with UNIQLO for this outreach program to help minimize the risks these fishermen face everyday and to make them feel like these shirts are breathing with them while maintaining a smooth feel all day to increase their work productivity and economic growth.

UNIQLO's newest comfort conditioning technology called AIRism has this high-performance fabric with moisture-wicking, sweat-absorbing, heat-releasing functionality.

"Our Farmers are ageing. That is why, it is very timely and relevant to invest in our youth, to train and feed them the discipline in farming, for them to produce on their own, if not large scale, at the very least for their daily needs."

- Engr. John Wevin Tingas, Focal Person of 4H Club and Nongnong Young Farmers Club.

Nongnong Young Farmers Club is under the supervision of 4H (Head, Heart, Hands, and Health) Club of the Office of City Agriculturist of LGU Butuan which aims to maintain food security of each family with the help of the youth. One of the newest technologies they use in farming is Hydroponics, horticulture and a subset of hydroculture which involves growing plants (usually crops) without soil, by using mineral nutrient solutions in an aqueous solvent. With this, they are able to produce fresh lettuce.
