## CLUB PRESIDENT

MARY GRACE P. VILLANUEVA  
Life-Changing President  
RY 2021-2022  
Rotary Club of Central Butuan  
District 3860, Area 3J

People struggle at some point in their lives - whether it would be because of poverty, their upbringing, a disorder, or some form of abuse, but it is unjust to limit a person's goals and expectations simply because they have had a difficult life.

Life-changing President Mary Grace P. Villanueva, born and raised in Butuan City, is the living embodiment of someone who is determined to rise up and make a change to live a better life.

She married Lyndon Gil in March 1991 and is blessed with three children - Kathren Jane, 31, Vanessa Joy, 30, and Jason Gil, 19.

Coming from a not-so-well-off family, she managed to graduate with the degree of Bachelor of Science in Chemical Engineering at the University of Bohol in Tagbilaran, Bohol. Although chemical engineering was a passion directed by her mother and not her own, she pursued this course in lieu of her mother's wishes.

Thereafter, she immediately pursued her passion for business through studying for the boards of real estate brokerage. She then practiced as a registered broker and eventually established her own firm in \_.

Prior to her membership to rotary, she showed and exemplified her love for service through becoming one of the board of directors of Inter-Office Employees and Businessmen Credit Cooperative (IOEBCC) in \_ and a volunteer in A-teacher party list in \_.

Mary Grace joined Rotary Club of Central Butuan in 2016 with Real Estate Developer as her classification. Up to this day, she continues to be an inspiration of success in life to her family, peers, and the community through her unwavering hard work and dedication to service.

"SERVING OTHERS IS

October 1, 2021

Venue:

This project is a joint activity between Area 3I and Area 3J headed by Assistant Governors Ma. Victoria Torefranca of Area 3I and Rohdora Canlas of Area 3J. The kickoff of Breast Cancer Awareness Month was hosted by the Rotary Club of Central Butuan headed by the life-changing president Mary Grace P. Villanueva. It started with a mass and was followed by a motorcade which ended at the Provincial Capitol Ground where the host club put up pink flaglets and ribbons.

This initiative is in line with the worldwide annual campaign to raise awareness about the impact of breast cancer on those who have been afflicted by the disease. Through this, the Area 3I and 3J Rotary Clubs join forces to rise together to help uplift the afflicted women.

Through this event, Rotary expresses their encouragement and participation in the cause of breast cancer awareness, in an effort to altogether promote medical attention on the disease, all the while eliminating the prevalent stigma society may hold against the disease.

## 10th Regular Meeting

October 1, 2021

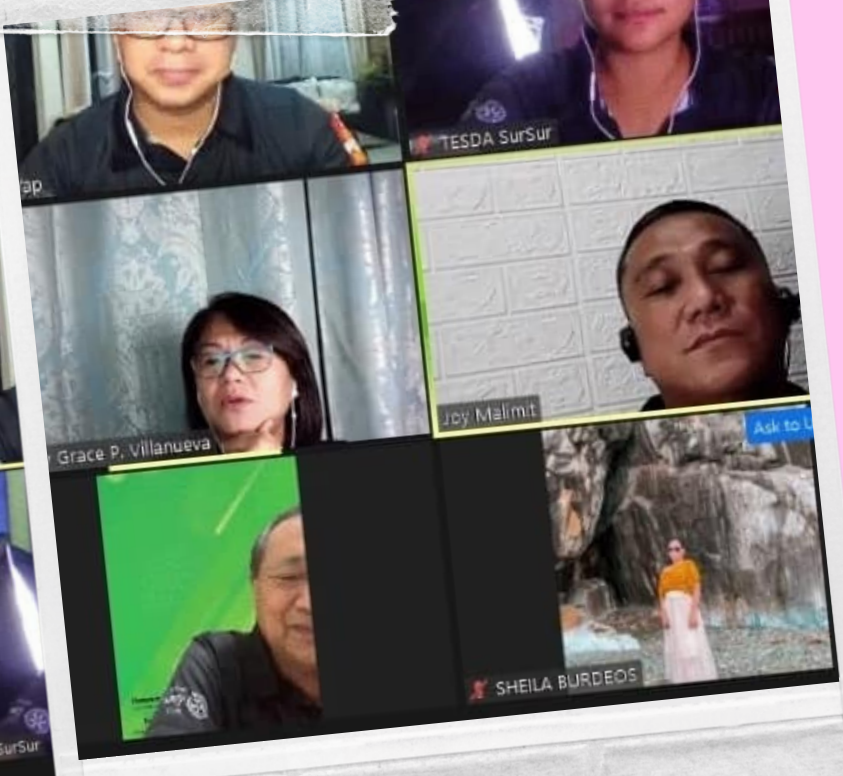

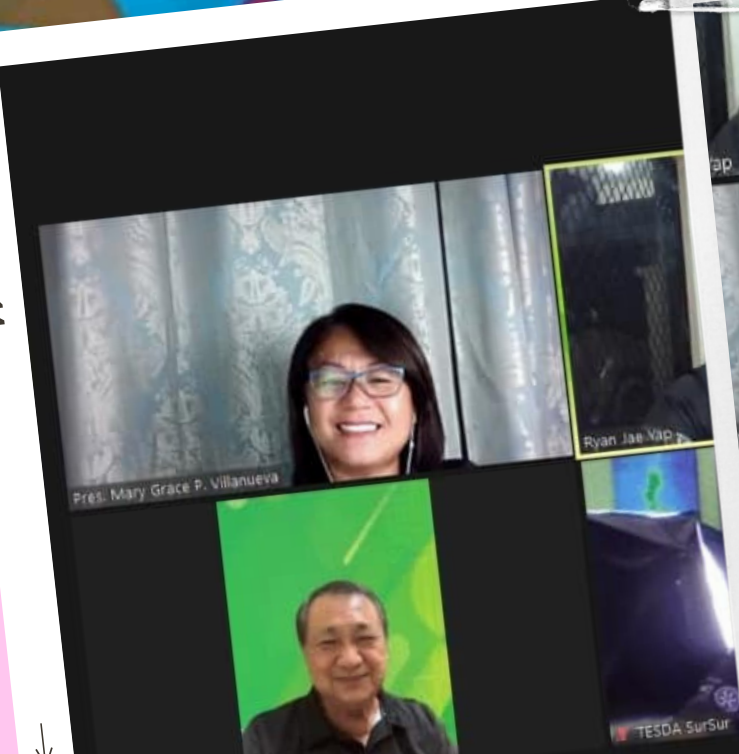

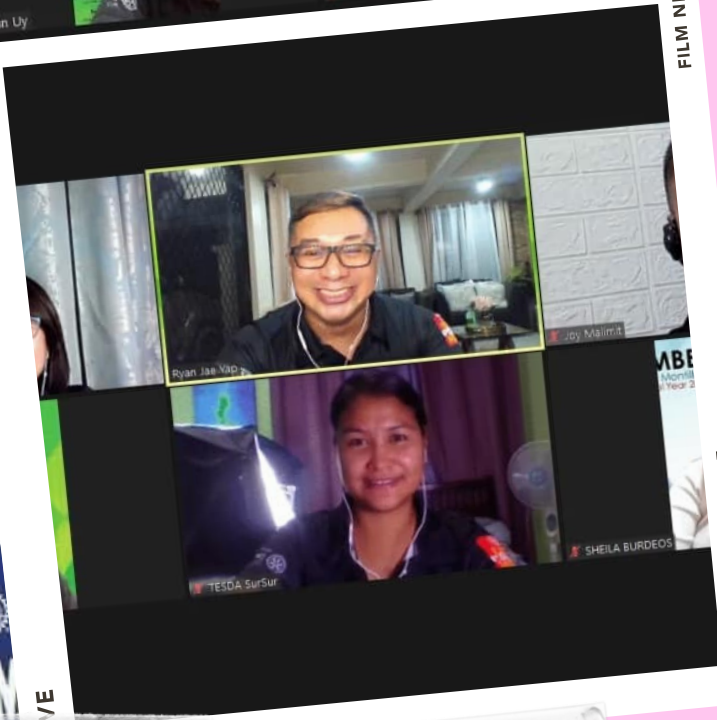

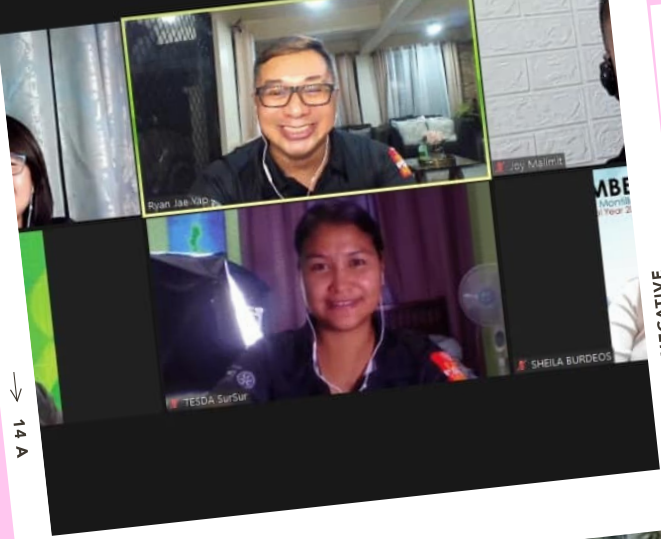

### Venue:

**Zoom Meeting**

Due to continuous restrictions set by the local government unit of Butuan City, the 10th Regular Meeting for this Life-Changing Rotary year was conducted online via zoom and was attended by 5 club members and 1 rotaractor.

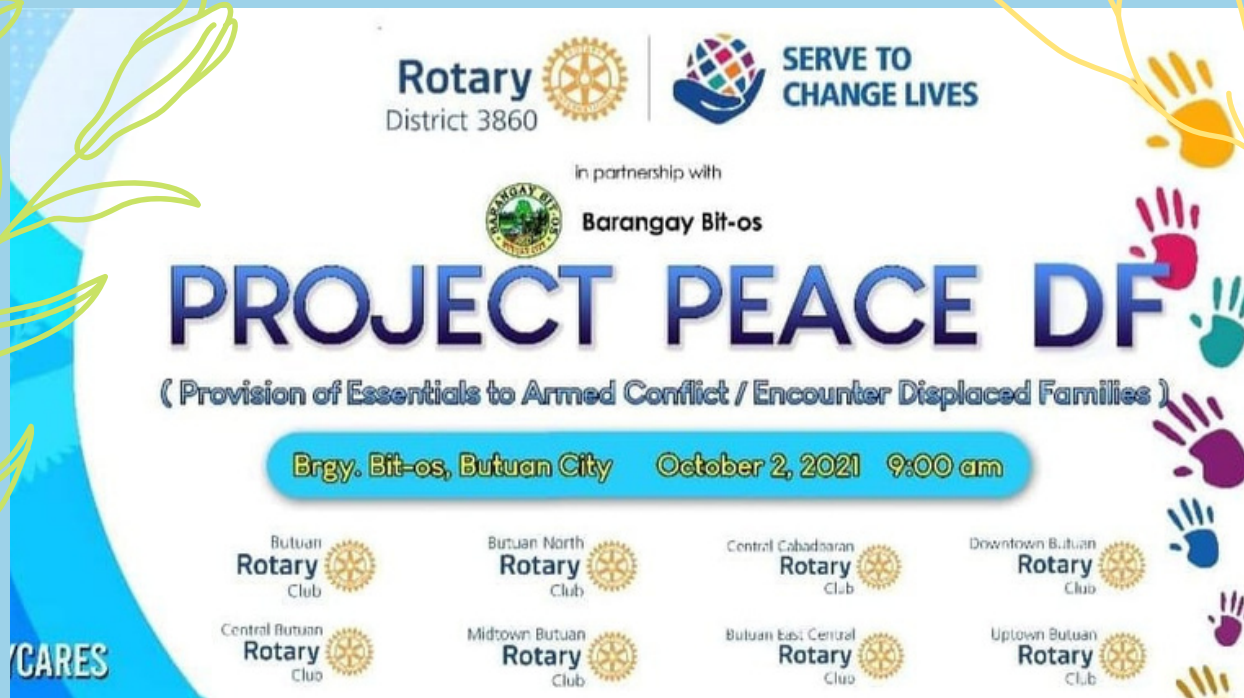

Topics discussed were about the district projects and helping a single mom rebuild their house after being caught on fire incident. Project related to water, sanitation & hygiene area of focus was also discussed.

Such problems are wide-scale and are thus in need of immediate response. The lack of subsidy from authorities makes the issue all the more highly alarming, which is why the club pursued the meeting so as to plan their consequent plan of action for the said disaster.

# 2021-World Polio Day

October 24, 2021

venue:

**Brgy. Ampayon, Butuan**

Rotary has been working to eradicate polio for more than 35 years. Our goal of ridding the world of this disease is closer than ever.

As a founding partner of the Global Polio Eradication Initiative, we've reduced polio cases by 99.9 percent since our first project to vaccinate children in the Philippines in 1979.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort.

Today, polio remains endemic only in Afghanistan and Pakistan. But it's crucial to continue working to keep other countries polio-free. If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year.

With their hashtag #IRunToEndPolioD3680, The Rotary Club of Central Butuan had expressed their support with their international mission to altogether end polio.
