THE 4-WAY TEST

of the things, we think, say, or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL and BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all?

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST:** The development of acquaintance as an opportunity for service;
- **SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

AS A ROTARIAN, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: Mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individual that report harassment.

THE HISTORY OF OUR CLUB

Our existence as a new club is rather swift but long in preparation, expeditious but not impulsive. We loosely met somewhere in June 2010 as old fellas trying to rekindle the flames of camaraderie and bonding. Like old shoes that fit easily, we jelled well and got serious in our intention of putting up a club in the months that followed.

We submitted our documents for application in Mid-October of 2010 and then paid our registration fees on the 5th of November 2010. While waiting, at least for of our prospective members were asked at random by the Rotary International just to gauge whether we are able, willing, and ready to be recognized as a club.

On the 4th of December 2010, we learned that our club got the resounding approval effective 26th day of November 2010 by the Rotary International which made us jubilant and awed. In six months, more or less, we were hatched as a new club ready to take the challenge.

Our existence likewise is sort of paradoxical. We are young but not neophytes. On the other hand, we are mature enough but not that old. We are simply as old as our fears before, and now we are young as our hopes.

Like the Phoenix, we have just risen from the ashes of our past and now we are born again. Like a seed that has fallen on the ground and died, we have now germinated and started to welcome the sun. Like the lyrics of the song rendered in a rephrased manner, we have just shed our leaves in winter only to make them grow back in spring. Like a ball, we have hit the bottom and now we are bouncing back again.

We may profound that just like a butterfly, we have metamorphosed and emerged from the cocoon as a new creation and it dawned on us - as if during the 6th day of God's creation that we found ourselves complete in our complementation and it was very good.

We come a long way and we intend to continue via a brand new start, believing that we have promises to keep and miles to go in order for us to continue fulfilling our mission to the best of our brethren. And continue we shall, considering that

4 "They profit who serve best."

"By continuing what we do best, by remaining open and willing to change, and by keeping our focus on building peace in the world and within ourselves, Rotary helps create a more peaceful world — a more hopeful world."

Brigada Eskwela 2023: Rotary Club of Central Butuan Joins Hands for Educational Enhancement

As the academic year draws near, the Philippines once again witnesses the heartwarming collaboration between the selected school in Butuan City and the Rotary Club of Central Butuan. With their shared commitment to education and community development, the partnership between these two entities promises to bring positive changes to respective schools and students.

Brigada Eskwela, a nationwide initiative, has been a staple in the Philippine education system for years. This tradition of collective effort showcases the Filipino spirit of bayanihan, where the community comes together to support the betterment of education facilities.

This rotary year, the Rotary Club of Central Butuan has taken its commitment to service a step further by collaborating with 7 schools within and outside the Historic City of Butuan. The Rotary Club, renowned for its dedication to humanitarian projects, brings a wealth of experience and resources to the partnership. With their core values of service, integrity, and fellowship, the Rotary Club members contribute not only their time and effort but also their expertise to enhance the impact of the initiative.

Beyond the physical improvements, this partnership also fosters a sense of camaraderie among the volunteers, showing how collective action can make a difference in the lives of young learners. The significance of this partnership extends beyond the immediate benefits to the schools involved.

The lessons of selflessness, teamwork, and community involvement that these initiatives impart are as valuable as the physical improvements they bring to the educational institutions.

In a world where partnerships like this are essential for progress, this collaboration stands as a shining example of what can be achieved when organizations pool their resources and efforts. Through their joint dedication to education and service, they are shaping a brighter future for the students and inspiring others to do the same in their communities.
