PSAG Lulu Ventosa

Let us Pray

Heavenly Father, as we gather tonight at this meeting we ask that You will be in our midst. Help us to make decisions that will be pleasing to You. Help us to be able to discuss the matters at hand in a reasonable way, and to be willing to give up having our own way.

God let this meeting be productive and, as should be the case in all areas of our lives, help us to keep You at the forefront of our minds as we do the work set before us.

We ask these things in your name, Amen.

President's Column

PRES. CARMENCITA R. ZURITA

RY 2019-2020

My beloved Centralites ,Spouses and Guests,

EARTHQUAKE!!!

Its been a harrowing two weeks for us fellow Centralites, what with the multiple earthquakes we have experienced. We hope and pray the BIG ONE will not materialize even if Philvolcs is telling us otherwise. These calamities is telling us that life is indeed fragile and that we have to help those in need of our help. My apologies, I am out of town but I requested IPP Michael Zurita ,together with our children, to facilitate and coordinate regarding our club's relief operations to the earthquake victims. I got information that as of this moment they have enough sardines ,noodles and clothing already. Toiletries, trapal and water, specially in tulunan area, is what they need now. On a bigger scale, they no longer have classrooms and they need day care centers badly. My fellow Centralites, let make this topic be our main agenda for tonight's meeting. Lets be men and women for others.

Last Oct 28 -30, I together with DMC Chi Uy, IPP Michael Zurita, Secretary Maychelle Kanda ,SAA Joseph Solicar went to Panglao, Bohol for a joint project with RCPanglao Island on the Coral Reef Restoration Project. It was a well planned event, in coordination with the LGU, the dive shops owners, the divers, the marine biologists, the stakeholders and the rotarians. They have to get everybody involved in this project for its sustainability and awareness. As what Gov Phillip Tan said ,there will be a 7th area of focus , and that will be the ENVIRONMENT. This coral reef restoration project, which we are planning to implement here in Davao , is not for us but for our children, and for our children's children. Lets take care of the environment for their sake.

Tonight let us celebrate the 60th birthday of our PT Neneng Cañete . Let this be an enjoyable night for us Centralites as we celebrate life!

I would like to remind all Centralites about the upcoming Governor's Night on November 15 in Pinnacle Hotel. The theme will be LATINA MARDI GRAS. Our PT Neneng Cañete will be one of the Master of Ceremonies for that evening and there will be a surprise number from one of the Centralites. And of course, yours truly will be joining the dance number as well! So lets have fun this November 15!

On a sad note, my deepest sympathy to our PP Jonathan Desales and Spouse Jean for the demise of their mother . May her soul rest in peace.

Thank you and God bless us all!

Rotary and Gates Foundation extend fund raising agreement to End Polio

New match arrangement could raise US\$525 million for global eradication effort

LISBON, Portugal (25 June 2013) Rotary International and the Bill & Melinda Gates Foundation today announced an extension of their existing fundraising partnership that could generate up to US\$525 million in new money for polio eradication as the global effort to end this crippling disease enters its critical endgame phase.

Under the new agreement, announced before an audience of more than 20,000 Rotary members from 160 countries gathered in Lisbon for the humanitarian group's annual convention, the Gates Foundation will match 2 for 1 every new dollar Rotary commits to polio eradication up to \$35 million per year through 2018.

"When Rotarians combine the passion for service along with the power of a global network, you are unstoppable, and the Gates Foundation is proud to partner with you," said Gates Foundation CEO Jeff Raikes in a video message to convention attendees. "We will combine the strength of Rotary's network with our resources and together with the other partners in the Global Polio Eradication Initiative we will not only end a disease, we will change the face of public health forever."

All funds raised will support crucial immunization activities in polio-affected countries. These are part of a comprehensive six-year plan to eradicate both wild poliovirus and vaccine-derived virus announced in April by the eradication initiative during the Global Vaccine Summit in Abu Dhabi. At the Summit, global leaders and individual philanthropists signaled their confidence in the endgame plan by pledging \$4 billion, nearly three-quarters of the plan's projected \$5.5 billion cost. They also called upon additional donors to commit the additional \$1.5 billion needed to ensure eradication. Since then, the government of Australia, and now Rotary, are committing funding toward the remaining \$1.5 billion gap through 2018.

Rotary and the Gates Foundation have partnered on polio eradication since 2007, when the Gates Foundation gave Rotary a \$100 million challenge grant for polio eradication, increasing it to \$355 million in 2009. Rotary agreed to raise \$200 million in matching funds by June 2012. When the organization achieved its fundraising goal six months ahead of schedule, the Gates Foundation granted Rotary an additional \$50 million.

To date, Rotary clubs worldwide have contributed \$1.2 billion to the polio eradication effort.

"We're at a critical point in the fight to end polio," said Past Rotary Vice President John Germ, who leads the organization's fundraising efforts for polio eradication. "We must capitalize on this progress to finish the job. We have a robust plan, the tools to reach each child, and with funding in place, we can win against this devastating disease. Rotary and its partners remain committed to a polio-free world."

Germ also announced a new contribution of \$1 million from Sir Emeka Offor, a Nigerian Rotarian and philanthropist, as one of the first major gifts to be matched under the new agreement with Gates.

Rotary helped launch the eradication initiative in 1988, along with spearheading partners the World Health Organization, UNICEF, and the US Centers for Disease Control and Prevention. Since then, new polio cases have plunged by more than 99 percent worldwide, from 350,000 cases annually to just 223 in 2012. Only three countries remain polio-endemic: Afghanistan, Nigeria, and Pakistan. However, every nation remains at risk for infections "imported" from the endemic countries. Europe has been polio-free since 2002.

HOTEL COLLAPSES AFTER 6.5-MAGNITUDE EARTHQUAKE IN SOUTHERN PHILIPPINES

MANILA: An earthquake with a magnitude of 6.5 struck central Mindanao in the southern Philippines, causing at least one hotel on the island to collapse, a disaster official said on Thursday.

The quake, which the United States Geological Survey (USGS) initially measured at magnitude 6.8, was the third quake to hit the area since October 16

The quake was later put at magnitude 6.5 by the Philippine Institute of Volcanology and Seismology (PHIVOLCS).

A hotel in Kidapawan City that also housed other businesses collapsed, but there was no one inside, Kidapawan City Mayor Joseph Evangelista told DZMM radio.

There were no immediate reports of casualties from the quake.

The quake's epicentre was 33 km (20 miles) northeast of Tulunan town in Cotabato province, which lies west of Davao City.

"It was very strong and it lasted for a long time. People started to panic and moved to open spaces," Tulunan Vice Mayor Maureen Ann Villamor told DZBB radio.

Philippine President Rodrigo Duterte, who was in his hometown Davao City about 114 km from Kidapawan City when the quake struck, is safe, his spokesman, Salvador Panelo, told ANC news channel.

PHIVOLCS said Thursday's quake could be considered an aftershock following the 6.6 quake that jolted central Mindanao on October 29 and left at least eight dead and more than 300 injured.

The integrity of several buildings and homes on Mindanao have been weakened by a 6.3 earthquake that struck on October 16.
