Rtn. Eric Moreno

Let us Pray

Heavenly Father, we thank you for this meeting in which we come to share one with another. We pray that as we gather together, let this meeting be filled with Your wisdom, guidance, knowledge, understanding, as well as meaningful discussions that we all will benefit from. We pray that our plans will be accomplished to achieve the common goal.

We ask these things in your name, Amen.

President's Column

PRES. CARMENCITA R. ZURITA

RY 2019-2020

My Dear Fellow Centralites, Spouses and Guests,

“What is your Ikigai?”

That was Rotarian Lalaine Valmores' classification talk last meeting which was a refreshingly inspiring topic in this humdrum life of ours. Ikigai is a Japanese word that means a 'reason for being', encompassing joy, a sense of purpose and meaning and a feeling of well-being. The advantage of having an 'ikigai' is it gives a reason to get up in the morning, enjoying our work, loving what you do thus giving meaning to our existence. Combined with healthy eating and a nice living environment, your 'ikigai' is important for healthy ageing. Again, thank you Rtn Lalaine for such an awesome talk, truly inspiring!

Last November 15 was our Governor's Night. It was how I envisioned it to be, a night of fun and laughter, as our very own PT Neneng Cañete was one of Team Oten, (Otep and Neneng) making the event the wackiest and funniest Governor's Night I have ever attended. PDG Bading Angala even said we should have more of these fun-filled events. District Governor Phillip Tan said in his speech it's a night of Rotaractors since rotarians are having the time of their lives. Everybody was laughing and smiling. My special thanks to the Centralites who attended the event namely, PDS Chi Uy, PP Lulu Ventosa, IPP Mike Zurita, VP Tadashi Kanda, Sec Maychelle Kanda, our emcee PT Neneng Cañete, SAA Joseph Solicar and Dir Eric Moreno. We almost won in the biggest delegation award. Last Saturday, Director Eric Moreno and I joined the other clubs in Area 2 in visiting the communities in Makilala, North Cotabato and in Magsaysay, Davao del Sur where thousands of families lost their homes and livelihood by the earthquake that rocked the area. It was a pitiful site, families living in tents as they are not allowed to go back to their homes which were declared "no build zones".

In Magsaysay, Davao del Sur, Rotary District 3860 will be adopting one community to build a "Rotary Village" where 63 displaced families composed of indigenous people of the B'laan tribe shall be permanently relocated. This will not be an easy task, but with the compassion and teamwork of our fellow Rotarians, the Rotary Village will be a reality. My special thanks again to Dir Eric Moreno for accompanying me in going to these areas.

Lastly, despite the challenges I face as a President of Rotary Club of Central Davao, I still truly enjoy Rotary as I meet new friends and join district projects. I always bear in mind what Jack Ma said "Life is so short, so beautiful. Don't be so serious about work. Enjoy Life". So my dear fellow Centralites, let Rotary be a venue of camaraderie, of teamwork, of love and understanding. Love you all

Thank you and God bless

Guest Speaker RANDY DAUMAR

#BEFULLYINFORMED

The Rotary Foundation receives a Guatemala's highest honor

The government of Guatemala awarded the Order of the Quetzal, the country's highest honor, to The Rotary Foundation last month, in recognition of Rotary's humanitarian work in Guatemala and its contributions to the campaign to eradicate polio.

During a ceremony on 2 September held in Guatemala, Minister of Foreign Affairs Luis Fernando Carrera Castro presented the award to Rotary International President-elect Gary C.K. Huang.

The Order of the Quetzal, established in 1936, recognizes officials and organizations from Guatemala and elsewhere for their work in the arts, sciences, politics, and humanitarian service. The Rotary Foundation received a badge on a sash necklace designating its rank of Grand Officer, one of six ranks. The badge, a ten-pointed cross with five branches and a medallion, represents the coat of arms of Guatemala.

"On behalf of all Rotarians and Rotary, we are honored by this award from the Guatemalan government," Huang says. "We want to share this with all Rotarians."

While in Guatemala, Huang met with local Rotarians and visited several projects funded by The Rotary Foundation. During the past three years, Rotary clubs in District 4250, which includes Belize, Guatemala, and Honduras, carried out projects with funding from 43 global grants. Global grants fund large-scale international projects with sustainable outcomes that address Rotary's areas of focus.

One project, in partnership with clubs in Illinois, USA, provided schools in the rural region of Sumpango with washing stations and latrines, as well as kitchen equipment and furniture. Another grant brought computers and a mechanical cow, a stainless steel machine for producing soy milk, to an all-girls elementary school in Santa Maria de Jesus.

"This award is not just for the Foundation or the Rotarians in Guatemala, but for Rotarians all over the world," says Jorge Aufranc, past governor of District 4250 and a member of the Rotary Club of Guatemala Sur. "It is international recognition for the work that all Rotarians do."

Life after Mindanao's Earthquake

In this October 31, 2019, file photo, Eva's Hotel stands damaged after a strong earthquake in Kidapawan, North Cotabato. The third strong earthquake this month jolted the southern Philippines on Thursday morning, further damaging structures already weakened by the earlier shaking.

Rescue workers assess the damage to a residential condominium building that partially collapsed after a strong earthquake in Davao City on October 31, 2019. The third strong earthquake this month jolted the southern Philippines on Thursday morning, further damaging structures already weakened by the earlier shaking.

WITHIN a span of only two weeks in October, three strong tremors shook most of the central, eastern and northern sections of Mindanao, with tremors that could reach intensity 7, in what the Philippine Institute of Volcanology and Seismology (Phivolcs) described as probably the most destructive string of quakes to jolt the South in recent history.

And indeed it was.

A quarter of a million residents, or 254,474, were rattled, dazed and traumatized, and 39,128 persons opted to sleep and find refuge in tents and makeshift structures than get trapped on the next unpredictable ground-shaking.

Twenty-two persons died, 417 injured and two were reported missing in four regions.

The temblor has so far rendered inhabitable, or dangerously standing, some 34,583 houses, which comprised 95.99 percent of all damaged infrastructure in five regions.

Response, while quick in coming from even among the affected, may not be totally comforting and assuring. With aftershocks coming in streams, with periodic magnitudes of over 4—while in the category of moderate ground shaking—may further trigger more destruction of weakened structures, especially when the quake occurs from shallow depths.
