Responding to our mandates:
RA 7889 –
*University of the Philippines
in Mindanao Act*

The University of the Philippines Mindanao is mandated to:

- Establish academic programs with emphasis on **science, technology and agriculture education**, as well as a **medical education program** that adopts a step-ladder approach with the view of encouraging graduates to serve in Mindanao.
- Provide a **special scholarship program** and other **affirmative action programs** to assist poor but deserving Muslims and other members of **cultural communities** to qualify for admission.
- Network and collaborate with other state colleges and universities** in such areas which shall contribute to the **development of Mindanao**.
