# Imaginative President Lery celebrates 67th Birthday

It was indeed a day of merriment as Rotarians gathered together to celebrate the 67th birthday of the Imaginative President Valerio "Lery" T. Montesclaros, Jr. Everyone wished him well as he journeys to another chapter of his life being a committed Public servant and Rotarian as well.

President Lery had been an active leader and role model to the Rotarians of Central Tandag where he always shares his blessings with everyone and anyone in need.

The Rotarians had a great night of fun and fellowship as they enjoyed the sumptuous dinner and of course, singing and dancing with the invited acoustic band.

**Happy Birthday, Pres Lery! May God bless the desires of your good heart!**
