History of Rotary

Today, Rotary is well known throughout the world for its dedication to service and international goodwill. Changing the world through service, however, was hardly uppermost in the mind of Paul Harris when he founded the organization in 1905. Harris, a lawyer in Chicago, Illinois, USA, had been raised in a rural village in Vermont. He envisioned a new kind of club for professionals that would kindle the fellowship and friendly spirit he had known in his youth.

On the evening of 23 February 1905, Paul Harris invited three friends to a meeting. Silvester Schiele, a coal dealer, Hiram Shorey, a merchant tailor, and Gustavus Loehr, a mining engineer, gathered with Harris in Loehr's business office in Room 711 of the Unity Building in downtown Chicago. They discussed Harris' idea that business leaders and professionals would have regular acquaintances. The club met weekly; membership was limited to one representative from each business and profession. Though the men didn't use the term Rotary that night; that gathering was commonly regarded as the first Rotary Club meeting.

As they continued to convene, members began rotating their meetings among their places of business, hence the name Rotary. After enlisting a fifth member, printer Harry Ruggles with the group, then it was formally organized as the Rotary Club of Chicago. The original club emblem, a wagon wheel design, was the precursor of the familiar cogwheel emblem now used by Rotarians worldwide.

By the end of 1905, the club's roster showed a membership of 30 with Schiele as President and Ruggles as Treasurer. Paul Harris declined office in the new club and didn't become its President until two years later. Club membership grew, making it difficult to gather in offices, so the members shifted their meetings to hotels and restaurants, where many Rotary club meetings are held today.

These early "Rotarians" realized that fellowship and mutual self-interest were not enough to keep a club of busy professionals meeting each week. Reaching out to improve the lives of the less fortunate proved to be an even more powerful motivation. The Rotary commitment to service began in 1907, when the Rotary Club of Chicago donated horse to a preacher. A few weeks later, the club constructed Chicago's first public lavatory. With these inaugural projects, Rotary became the world's first club organization.

Rotary's popularity began to spread throughout the USA. The second Rotary Club was chartered in 1908 in San Francisco, California, with a third club formed in Oakland, California. Others soon followed in Seattle, Washington; Los Angeles, California; and New York, New York. When the National Association of Rotary Clubs held its first convention in 1910, Harris was elected President.

At the following year's convention, speakers used the phrases "Service, Not Self" and "He Profits Most Who Service Best," which became the organization's mottos. "Service, Not Self," was later changed to "Service Above Self," and has since been adopted a Rotary's primary motto.

The Birth of the Rotary Club of Dadiangas

In 1974, the Rotary Club of General Santos City was confronted with a problem on how its members could make up their absences. Since there was no other club within General Santos City and the nearest Rotary Clubs were in Marbel, South Cotabato and in Digos, Davao del Sur. The members of the RC Gensan found it difficult to make up especially when the roads going to other places were rough and rugged; dusty when dried and muddy when wet. There were no paved roads yet. That, the Board of Directors together with its Club President Jess Veneracion decided to organize a new Rotary Club in the city – the Rotary Club of Dadiangas.

For this noble purpose, RC Gensan loaned two of its senior members to form as the core for the new club – Rtn Frank Zuzon and Rtn Joe Lansang. They accepted the challenge with pride and honor. The whole month of January 1975 was devoted to recruit new members and comprehensive rotary information were given to all prospective Rotarians. After several fellowship meetings conducted, RC Dadiangas was formally organized with twenty three (23) charter members. Rtn Frank Zuzon was elected Charter President with Vic Tajanlangit as Club Secretary. PDG Johnny Asencio and PP Joe Lansang were elected as members of the Board of Directors.

On May 7, 1975, RC Dadiangas was officially admitted as regular member of Rotary International and was conferred the provisional status as duly organized club. The Rotary Club of Dadiangas was finally chartered on September 08, 1975.

ROTARY CLUB OF DADIANGAS . . .

OUR MISSION

To carry-out significant and meaningful service projects in water, health/hunger, disease prevention, economic development, literacy among other areas, while members enjoy each other's fellowship.

OUR VISION

To be recognized as the premier organization most admired for its members' fellowship and service accomplishment.

OUR CORE VALUES

- **Service.** The club believes that its service activities and programs bring about greater world understanding and peace. Service is a major element of its mission. Through its plans and actions, it creates a culture of service throughout its organization that provides unparalleled satisfaction for those who serve.
- **Fellowship.** The club believes that fellowship is an important aspect of being a Rotarian and each member as individuals can best enjoy this relationship at dinner meetings and by participation in club activities. It is only through fellowship and a committed involvement in Rotary that we as RC Dadiangas' Rotarians can maintain and accomplish the "Four-Way Test".
- **Integrity.** The club is committed to and expects accountability from its leaders and fellow members, both in the results of its efforts and in the processes it uses to accomplish its goal. The club adheres to high ethical and professional standards in its work and personal relationships. It is fair and respectful in its interactions, and it conscientiously steward the resources entrusted to it.
- **Leadership.** The club is a fellowship of individuals who are leaders in their field of endeavor. It believes in the importance of leadership development and in leadership as a quality of its members. As Rotarians, we are leaders in implementing our core values.

DECLARATION OF ROTARY CODE OF CONDUCT

As a Rotarian, I will

- Exemplify the core value of integrity in all behaviors and activities.
- Use my vocational experience and talents to serve in Rotary.
- Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others.
- Be fair in all dealings with others and treat them with the respect due to them as fellow human beings.
- Promote recognition and respect for all occupations which are useful to society.
- Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and improve the quality of life in my community.

- Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring disfavor or reflect adversely on Rotary or fellow Rotarians.
- Not seek from a fellow Rotarian a privilege or advantage not normally accorded to others in a business or professional relationship.

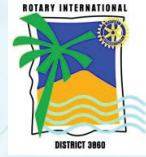

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

EDITORIAL

Be the Change

Many a times we make wishes and sadly forget about them too soon. Everyday we observe anomalies in our society and such wishes pop up, yet again somewhere in our busy minds and we do nothing else but 'keep wishing'.

This goes on a recurring basis in the heart of every single individual, but like the popular saying goes, "If wishes were horses, beggars would ride".

If our society and the world at large should get any better, we have to 'wish' less and 'do' more.

In the world, there are three categories of people:

1. Those who 'make' things happen
2. Those who 'watch' things happen
3. Those who 'wonder' what happened.

Those who 'make' things happen are the doers. Making things happen is all about creativity and being proactive, not waiting for the next person to do what you have the capacity to do. If no one wants to do it right or get it right, someone has got to take that bold step and make the first move.

Those who 'watch' things happen are the wishers. Watching things happen is tantamount to standing aloof, wishing to 'see' things change and not to 'make' things change.

Those who 'wonder' what happened are those who are indifferent about the happenings in the society, anything goes for them. Wondering what happened tends to mediocrity and sheer deprivation.

A lot of things have gone wrong in our world already, things are going wrong under our very noses and things will go wrong in the near future, but you could be that change the world has long anticipated.

We have got to take that bold step and be a light to this dark world, an eye to the blind, an ear to the deaf, a voice to the dumb and a source of strength to those living with disabilities.

These errors are corrigible only if we are poised to speak out at every given instance. We have the power to change the world.

Mahatma Gandhi once said, "You Must Be The Change You Wish

There is no experience quite like attending the Rotary International Convention. Discover the true spirit of aloha and Rotary with your family, friends, and fellow Rotarians from 6 to 10 June in Honolulu. It is the perfect setting for the entire family of Rotary to celebrate, collaborate, and connect.

There are two types of people who enjoy visits to Hawaii — those who have never been to the islands and are about to have unique and wonderful experiences, and those who have had those Hawaiian moments etched into their memories already and cannot wait to create some new ones.

The convention is the best place to find and share your aloha, which you will soon discover is much more than a greeting. Just as Rotary is a way of life for Rotarians, aloha is a way of life for Hawaiians — one that focuses on living in harmony, being patient, treating everyone with respect, and sharing joy with your family, or 'ohana.

Our host committee has arranged some fabulous events for you and your family. This includes a Hawaiian Culture and Lunch Boat Cruise, a two-hour tour that will feature spectacular views of Diamond Head, Waikiki, and the Kahala Gold Coast. On board, you can learn to play the ukulele, take part in hula dancing, and create your own Hawaiian flower lei.

You will also have the opportunity to enjoy a full range of island hospitality events, from small backyard picnics to multicourse family meals. There will be fantastic service projects to see, including two ancient Hawaiian fishponds. And a sunrise Walk for Peace will take place at the beautiful Ala Moana Beach Park, a 3-mile stroll in the shadow of the iconic Diamond Head crater.

Inside and outside the convention halls, we are going to hold the most family-

friendly convention in Rotary history, including a family-centered opening ceremony and family-focused events in the House of Friendship. The opening session will, of course, include our traditional flag ceremony.

Our 2020 convention will also be a time to celebrate Rotary's historical ties to the United Nations. As I mentioned in my November message, June 2020 will mark the 75th anniversary of the signing of the United Nations charter. On the day before the start of the convention, Rotary and the UN will host our fifth joint event of 2019-20, one focused on environmental sustainability.

In addition, we are planning the greenest convention in Rotary history — and I will share more details about this in the months ahead. But now, go to riconvention.org and click the REGISTER button right below the Honolulu Hawaii 2020 logo. Early registration discount pricing ends 15 December, so do not delay.

Rotary Connects the World in no better way than at the Rotary Convention. Bring your family to meet our family. See you in Honolulu!

A MINUTE TO REMEMBER

PRES. JON JAMES P. MONTECILLO

December 1st marks the beginning of the Advent season, the season which reminds us of the coming of our Lord, Jesus Christ into the world. This day also marks the 24th day before Christmas. As the holiday season nears, everyone of us is excited to celebrate this special occasion with our loved ones. On the 7th of December, Rotary Club of Dadiangas will be having their annual Christmas party which will be held at the residence of our fellow Rotarians, Elmer and Yelcy Catulpos. This is considered to be a meaningful event for this is our chance to celebrate and bond with our families and fellow Rotarians while having a short break from our club community activities. As the year comes to an end, I am very lucky and grateful to have met the members of RC Dadiangas for their generosity, time, and effort they have exerted. Because of their outmost dedication, our club was able to extend our help to a lot of our countrymen in different places across the region. An example of this was our event last November 26. We were able to visit and distribute hygiene kits as early Christmas gifts to children under DSWD at Uhaw, General Santos City. We also help in the disseminating information regarding the Sabayang Patak Kontra Polio, a project headed by the Department of Health. This project is strongly supported by the Rotarians from Areas 3F, 3G and 3H of District 3860 and also a part on the calendar of activities for the disease prevention and treatment month which started last November 27 till December 7, 2019. Following this, the Rotary Institute 2019 Manila was held at Marriott Hotel on November 29 to December 1 and was attended by rotarians from different countries around the globe. Past President Malou Albano together with her partner, Past President Rey Albano, Current incumbent champion president Jon James Montecillo, and the incoming president of RC Dadiangas, Secretary Yelcy Catulpos were also able to attend the said convention. RC Dadiangas, Let us continue to support our club's future activities and be a role model to our fellowmen. Let us also keep this year's motto "Rotary Connects the World" intact. Thank you and God Speed!

HEARTBEAT

My View to Connect the World

I believe in the power of the human connection. It is astounding to consider the impact that a smile or a touch, a pat on the shoulder can have on others.

Gloomy workplace have come to life again, dissatisfied workers' downtrodden spirits have been lifted, and the "batang tun-og of GenSan" and the lolos and lolas of Strambi Home for the Aged have found a purpose, all because someone took the time to sit down and talk with them even for a few minutes. We interact with people all throughout the day. And have you ever thought of the power that your words hold over them? Have you ever considered how your body language might change the moods and mindsets of those around you? I find it kind to somehow observe how people act around you in times that you are having a bad day, or an exceptionally good one. I bet you will notice a difference in the two situations. This is the manner in which the human interaction works. Every move we make creates an impact to all people around us, to some extent. It is almost impossible to make a decision that would truly only affect you as an individual. Such is the level to which human intertwine.

One of the best years of my life was spent in Rotary, where together, we Rotarians experienced unbounded happiness in the face of true scarcity if not poverty. In reaching out to others to provide basic support, I myself was transformed spiritually. Over the course our commitment to Rotary especially for me in Year to Be the Inspiration, we spent a lot of time visiting those who truly need us, the orphans, the school children, the lolos and lolas and the deprived. Somewhere between the our project Operation Bukol and the orphanage, I experienced unconditional love among Rotarians that I had never seen and felt before. I spent time with unemployed mothers one afternoon, with children who were almost deprived of basic needs and aged men and women who long for the warmth and love of family. I felt lucky for what I have and joy to have shared a little of what we have but I also felt a little disappointed that I could not do something more "meaningful" in so short a time. However, almost one year later, when I returned to the same community of women, I felt the force of an impact the second I walked through their ground, when I met some

beneficiaries of our Operation Bukol and see the brightest smile. I was so happy to realize that with the little help we did, they remember us almost a year later. I was astounded to see how we had affected their lives. Since that day, I firmly believe that we are all here to allow others to breathe easier. We have been put here as part of a higher purpose. We have been given the power of happy and selfless giving. I believe in sharing that with the world. This phrase is very beautiful and explains selfless giving and I quote: "I learned to give not because I have much but because I know how it is to have nothing."

Looking back at the Year to Be the Inspiration, I come to believe more than ever in the power of the human connection. So Fellow Rotarians, let us connect the world in our small way!

Gotta move, now!

Rotary Grace

Almighty and ever living God, we give Thee thanks for all Thy blessings; for our nation with all of its opportunities, and for Rotary, and the ideals passed on by our Founder. Help us to live up to those ideals and pass them on to those who follow us. We ask Thee to bless this food to our use and us to Thy service. Our prayers we ask in Thy name.

Amen

THE ROTARY HYMN

I want to be a Rotarian for the world,
Make the Rotary flag as the flag of peace unfurled;
I shall serve my community,
Help achieve universal unity.
Through Rotary, I shall dedicate my all,
World understanding shall be my cherished goal.

Refrain 1:

With the Four Way Test, I'll pursue my quest
And if I, in a way help obtain. Peace in the world,
I shall not have lived in vain.

I'll observe service above self,
Lend a hand to all who need my help;
I'll get my spouse to involve in Rotary
And in Rotary ways, I will train my family.

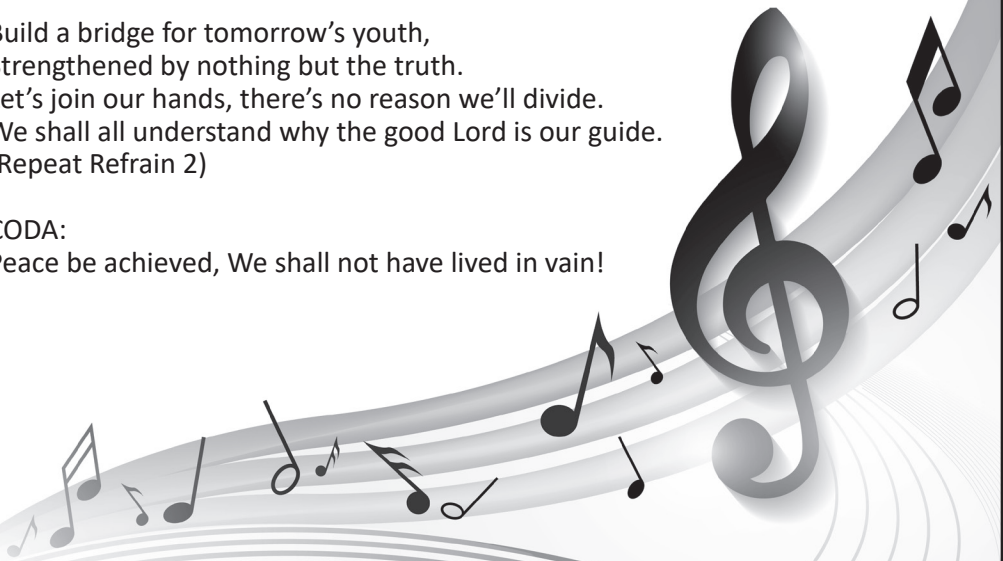

Refrain 2

With the Four Way Test, We'll pursue our quest
And if I, in a way help obtain. Peace in the world,
We shall not have lived in vain.

Build a bridge for tomorrow's youth,
Strengthened by nothing but the truth.
Let's join our hands, there's no reason we'll divide.
We shall all understand why the good Lord is our guide.
(Repeat Refrain 2)

CODA:

Peace be achieved, We shall not have lived in vain!

DISEASE PREVENTION AND TREATMENT MONTH (DECEMBER)

We believe good health care is everyone's right. Yet 400 million people in the world can't afford or don't have access to basic health care.

Disease results in misery, pain, and poverty for millions of people worldwide. That's why treating and preventing disease is so important to us. We lead efforts both large and small. We set up temporary clinics, blood donation centers, and training

facilities in underserved communities struggling with outbreaks and health care access. We design and build infrastructure that allows doctors, patients, and governments to work together.

Our members combat diseases like malaria, HIV/AIDS, Alzheimer's, multiple sclerosis, diabetes, and polio. Prevention is important, which is why we also focus on health education and bringing people routine hearing, vision, and dental care.

Rotary makes amazing things happen, like:

Providing clean water: Rotary has worked with partners to provide more than 80 percent of Ghana's people with clean water to fight Guinea worm disease.

Reducing HIV infection: In Liberia, Rotary members are helping women get tested for HIV early in their pregnancies. They used prenatal care to reduce new HIV infections in children by 95 percent over two years.

Ending polio: Rotary members have played a key role in bringing the world to the brink of polio eradication. Their efforts have not only ended polio in 122 countries but also created a system for tackling myriad other health priorities, such as Ebola.

Random Pieces of Trivia That Will Blow Your Mind

1. M&M stands for Mars and Murrie.

Forrest Mars (son of the Mars Company founder) first spotted the British confection Smarties during the Spanish Civil War and noticed the candy shell prevented the chocolate from melting. He teamed up with Bruce Murrie (son of Hershey Chocolate's president) and the company later trademarked the "Melts in Your Mouth, Not in Your Hand" slogan.

2. You can hear a blue whale's heartbeat from more than 2 miles away.

The world's largest animal's heart weighs about 400 pounds — approximately the size of a small piano.

3. Coca-Cola was the first soft drink in space.

The Coca-Cola Company has made more than ten billion gallons of syrup since the formula's invention in 1886 by Atlanta pharmacist John Pemberton. That's a lot of sugar!

4. The speed of a computer mouse is measured in "Mickeyes."

A British scientist first invented the roller-ball device in 1946 while working for the Royal Navy, but the word "mouse" didn't get coined until 1965.

5. About 700 grapes go into one bottle of wine.

That's approximately 2.6 pounds, if you're wondering how much "fruit" you get when you uncork your favorite red.

6. Fear of the number 13 is called triskaidekaphobia.

Irrationally scared of clowns? You might have coulrophobia. Oh, and gephyrophobia is a fear of bridges.

Food for Thought

Every day we are amazed at how young people cooperate with each other, a manifestation that young bloods have realizations that the future can be brighter if they are supported and encouraged to shine their own light. Similarly, we educators need to provide the necessary support to mold these future generations of leaders.

We believe that these young people have good potentials, skills, creativity and imagination to serve the community in the best possible manner. These are the young people who can make the difference, because they can be the backbone of this city to build a bright future for the community that is based on values and courageous behavior.

Leaders, advisers and organizers strongly believe that through sharing their experiences in the Leadership successful community and progressive environment lies in the hands of the generation today.

The youth of today must be inspired, developed and motivated to have strong values, best education, and right priorities to prepare themselves in building a great nation and to ensure a brighter future for all Filipinos.
