## History of Rotary

Today, Rotary is well known throughout the world for its dedication to service and international goodwill. Changing the world through service, however, was hardly uppermost in the mind of Paul Harris when he founded the organization in 1905. Harris, a lawyer in Chicago, Illinois, USA, had been raised in a rural village in Vermont. He envisioned a new kind of club for professionals that would kindle the fellowship and friendly spirit he had known in his youth.

On the evening of 23 February 1905, Paul Harris invited three friends to a meeting. Silvester Schiele, a coal dealer, Hiram Shorey, a merchant tailor, and Gustavus Loehr, a mining engineer, gathered with Harris in Loehr's business office in Room 711 of the Unity Building in downtown Chicago. They discussed Harris' idea that business leaders and professionals would have regular acquaintances. The club met weekly; membership was limited to one representative from each business and profession. Though the men didn't use the term Rotary that night; that gathering was commonly regarded as the first Rotary Club meeting.

As they continued to convene, members began rotating their meetings among their places of business, hence the name Rotary. After enlisting a fifth member, printer Harry Ruggles with the group, then it was formally organized as the Rotary Club of Chicago. The original club emblem, a wagon wheel design, was the precursor of the familiar cogwheel emblem now used by Rotarians worldwide.

By the end of 1905, the club's roster showed a membership of 30 with Schiele as President and Ruggles as Treasurer. Paul Harris declined office in the new club and didn't become its President until two years later. Club membership grew, making it difficult to gather in offices, so the members shifted their meetings to hotels and restaurants, where many Rotary club meetings are held today.

These early "Rotarians" realized that fellowship and mutual self-interest were not enough to keep a club of busy professionals meeting each week. Reaching out to improve the lives of the less fortunate proved to be an even more powerful motivation. The Rotary commitment to service began in 1907, when the Rotary Club of Chicago donated horse to a preacher. A few weeks later, the club constructed Chicago's first public lavatory. With these inaugural projects, Rotary became the world's first club organization.

Rotary's popularity began to spread throughout the USA. The second Rotary Club was chartered in 1908 in San Francisco, California, with a third club formed in Oakland, California. Others soon followed in Seattle, Washington; Los Angeles, California; and New York, New York. When the National Association of Rotary Clubs held its first convention in 1910, Harris was elected President.

At the following year's convention, speakers used the phrases "Service, Not Self" and "He Profits Most Who Service Best," which became the organization's mottos. "Service, Not Self," was later changed to "Service Above Self," and has since been adopted a Rotary's primary motto.

## The Birth of the Rotary Club of Dadiangas

In 1974, the Rotary Club of General Santos City was confronted with a problem on how its members could make up their absences. Since there was no other club within General Santos City and the nearest Rotary Clubs were in Marbel, South Cotabato and in Digos, Davao del Sur. The members of the RC Gensan found it difficult to make up especially when the roads going to other places were rough and rugged; dusty when dried and muddy when wet. There were no paved roads yet. That, the Board of Directors together with its Club President Jess Veneracion decided to organize a new Rotary Club in the city – the Rotary Club of Dadiangas.

For this noble purpose, RC Gensan loaned two of its senior members to form as the core for the new club – Rtn Frank Zuzon and Rtn Joe Lansang. They accepted the challenge with pride and honor. The whole month of January 1975 was devoted to recruit new members and comprehensive rotary information were given to all prospective Rotarians. After several fellowship meetings conducted, RC Dadiangas was formally organized with twenty three (23) charter members. Rtn Frank Zuzon was elected Charter President with Vic Tajanlangit as Club Secretary. PDG Johnny Asencio and PP Joe Lansang were elected as members of the Board of Directors.

On May 7, 1975, RC Dadiangas was officially admitted as regular member of Rotary International and was conferred the provisional status as duly organized club. The Rotary Club of Dadiangas was finally chartered on September 08, 1975.

### CHARTER OFFICERS & MEMBERS

## ROTARY CLUB OF DADIANGAS . . .

### OUR MISSION

To carry-out significant and meaningful service projects in water, health/hunger, disease prevention, economic development, literacy among other areas, while members enjoy each other's fellowship.

### OUR VISION

To be recognized as the premier organization most admired for its members' fellowship and service accomplishment.

### OUR CORE VALUES

- **Service.** The club believes that its service activities and programs bring about greater world understanding and peace. Service is a major element of its mission. Through its plans and actions, it creates a culture of service throughout its organization that provides unparalleled satisfaction for those who serve.
- **Fellowship.** The club believes that fellowship is an important aspect of being a Rotarian and each member as individuals can best enjoy this relationship at dinner meetings and by participation in club activities. It is only through fellowship and a committed involvement in Rotary that we as RC Dadiangas' Rotarians can maintain and accomplish the "Four-Way Test".
- **Integrity.** The club is committed to and expects accountability from its leaders and fellow members, both in the results of its efforts and in the processes it uses to accomplish its goal. The club adheres to high ethical and professional standards in its work and personal relationships. It is fair and respectful in its interactions, and it conscientiously steward the resources entrusted to it.
- **Leadership.** The club is a fellowship of individuals who are leaders in their field of endeavor. It believes in the importance of leadership development and in leadership as a quality of its members. As Rotarians, we are leaders in implementing our core values.

## DECLARATION OF ROTARY CODE OF CONDUCT

As a Rotarian, I will

- Exemplify the core value of integrity in all behaviors and activities.
- Use my vocational experience and talents to serve in Rotary.
- Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others.
- Be fair in all dealings with others and treat them with the respect due to them as fellow human beings.
- Promote recognition and respect for all occupations which are useful to society.
- Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and improve the quality of life in my community.
  - Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring disfavor or reflect adversely on Rotary or fellow Rotarians.
  - Not seek from a fellow Rotarian a privilege or advantage not normally accorded to others in a business or professional relationship.

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

**Message from the  
RI PRESIDENT**

**Shekhar Mehta  
President 2021-22**

November 2021

I first discovered the value of service when I saw how a few simple acts can immeasurably change lives. It began when I joined others in my club for a project to bring toilets and clean drinking water to rural villages near our city. It moved forward when we promoted sanitation and provided opportunities for education across the country, thanks to generous gifts from supporters who believed in our projects

as much as those of us on the ground did.

There is no better time of the year to be reminded of that generosity than November, which is Rotary Foundation Month.

As the charitable arm of Rotary International, The Rotary Foundation is the engine that powers so many Rotary projects throughout the world. The Foundation transforms your gifts into projects that change lives. It is the Foundation that helps us to get closer to our goal of eradicating polio, to show more people how we promote peace through tangible actions, and to demonstrate the impact our projects have in our areas of focus.

Consider some recent projects that were made possible by the Foundation:

- The Rotary clubs of Guatemala La Reforma, Guatemala, and Calgary, Alberta, received an \$80,000 global grant to organize a comprehensive plan to train nurses and rural health care workers to prevent and treat cervical cancer and to implement a sustainable system of referrals in seven regions of Guatemala.
- More than two dozen hospitals in Honduras received personal protective equipment for their medical staff thanks to a \$169,347 global grant sponsored by the Rotary clubs of Villa Real de Tegucigalpa, Honduras, and Waldo Brookside-Kansas City, Missouri.
- The Rotary clubs of Cotonou Le Nautille, Benin, and Tournai Haut-

Escaut, Belgium, received a \$39,390 global grant to provide agricultural training at an ecologically responsible permaculture mini-farm connected to a center for children in Sowé, Benin. This will help a new generation of farmers become economically self-sufficient.

I like comparing The Rotary Foundation to the Taj Mahal, a monument of one man's love for a woman. The Foundation is a dynamic monument of our love for all of humanity.

This month I am asking all Rotary clubs to bring attention to the Foundation. It is what connects all Rotarians worldwide and transforms our collective passions into projects that change lives. Visit [rotary.org/donate](http://rotary.org/donate); once there, you will have an opportunity to give directly to the program you're most passionate about.

Thank you for giving your all to Rotary. You are the reason that Rotary is able to do more and grow more. Let's continue to represent that important legacy this month, this year, and beyond as we Serve to Change Lives.

## Prexy's Heart

Pres. Ernesto M. De Guzman

The Holiday Season is just around the corner. The Holiday Season is not only a time for festivities and gathering but also a Season of Giving.

This November, we can enkindle the season of giving by giving back to the community through acts of service. The pandemic has already brought us to a yet very challenging phase in our lives. Let us be comrades of good deeds and help Change Lives through our calling for service.

This month, we have commenced the season of giving through a few projects. This past few weeks, our Area 3G team has been busy arranging a donation drive for General Santos City Health Office last October 27, 2021. This is a joint project of three Rotary Clubs—RC Dadiangas, RC Metro Dadiangas, and RC Greater Gensan led by the initiative of our exemplary, AG Melvin Distor. The clubs were able to donate 2,000 bottles of mineral water, PPE, and face masks to show support for the ongoing vaccination drive of the government of General Santos City. The Rotary Clubs of Area 3G are always ready to lend a helping hand and be of service to our frontliners especially in this tough times.

A couple of days after that, we followed up with another project in the vibrant and kind community of Nopol Dam Indigenous People's Community located in Sitio Nopol, Brgy. Mabuhay, General Santos City on October 29, 2021. RC Dadiangas managed to donate 6 units sewing machines to the fellow Blaen women of the community with the help of our ever generous couple Rotarians Edgar and Rosalie Garcia. The sewing machines are intended to help alleviate the cost and effort of the fabrication process of the Blaen traditional costumes and also add as their source of livelihood in the community. The Blaen women of Nopol Dam IP community sends their deepest gratitude and thanks to all the life changing Rotarians who made all of this possible.

After which, RC Dadiangas conducted a Rotary Community Corps orientation to our fellow Blaen brothers and sisters in the Nopol Dam Indigenous People's Community, Brgy. Mabuhay, General Santos City led by our outstanding DCSC Joel Inabangan of the same day, October 29, 2021. This initiative aims to invite and encourage like-minded non-Rotarian members to work hand-in-hand with the club in continuing our advocacies. We are thankful for our fellow brothers and sisters in the Nopol Dam IP community, for fully committing in this duty and choosing to Serve to Change Lives.

To top it all of, on November 2, 2021, RC Dadiangas, turned over the contactless thermometer scanner with alcohol dispenser device to Aspang High School with the initiative of PP Bobbie and PP Myra Atendido.

Last November 3, 2021, just a few days ago, an unfortunate news shook the city of General Santos when a fire set the many houses ablaze in Saeg, Calumpang, General Santos City causing many families to be displaced as of the moment. In times like this, as Rotarians, we are called to serve. That is why, in collaboration with Brigada Group of Companies, we have managed to gather enough in-kind donations for the victims. There were so many of you who willingly donated and never hesitated to give. I would just like to recognize and acknowledge everyone for your quick actions in this times of need.

Before I end this, I would like to acknowledge the fact that this month of November is especially important for all of us because our ever supportive, zealous, and life-changing Governor of District 3860, Governor Anna Louisa A. Bumagat, along with her husband, PAG Troy Bumagat and a few delegates, are finally visiting us and gracing our meeting for this month. Let us all make her feel welcome and make her visit worthwhile.

As we progress through this Rotary year, may we not only embrace the spirit and season of giving in specific times. May we instill in our minds that as Rotarians, we are called to be of service and help take our parts in Changing Lives in whatever way that may be.

**MAKE-UP/ATTENDANCE SLIP**

Name of Visiting Rotarian	Rotary Club

Attested by: \_\_\_\_\_  
President

*Rotary Grace*

*Heavenly Father, we come to you today asking for your guidance, wisdom, and support as we begin this meeting. Help us to engage in meaningful discussion; allow us to grow closer as a group and nurture the bonds of community.*

*Fill us with your grace, Lord God, as we make decisions that might affect the members. And continue to remind us that all that we do here today, all that we accomplish, is for the pursuit of truth for the greater glory of You, and for the service of humanity. We ask these things in your name, Amen.*

## THE ROTARY HYMN

I want to be a Rotarian for the world,  
Make the Rotary flag as the flag of peace unfurled;  
I shall serve my community,  
Help achieve universal unity.  
Through Rotary, I shall dedicate my all,  
World understanding shall be my cherished goal.

Refrain 1:  
With the Four Way Test, I'll pursue my quest  
And if I, in a way help obtain. Peace in the world,  
I shall not have lived in vain.

I'll observe service above self,  
Lend a hand to all who need my help;  
I'll get my spouse to involve in Rotary  
And in Rotary ways, I will train my family.

Refrain 2  
With the Four Way Test, We'll pursue our quest  
And if I, in a way help obtain. Peace in the world,  
We shall not have lived in vain.

Build a bridge for tomorrow's youth,  
Strengthened by nothing but the truth.  
Let's join our hands, there's no reason we'll divide.  
We shall all understand why the good Lord is our guide.  
(Repeat Refrain 2)

CODA:  
Peace be achieved, We shall not have lived in vain!

University, General Santos City

"For the strength of the Pack is the Wolf, and the strength of the Wolf is the Pack.", is a quote said by Rudyard Kipling, and I agree with his statement. For generations, humans have always worked as a group. Before the Philippines was colonized, we had our own civilization, which involved working in groups. The world we live in now wouldn't have been like this without unity. We as a species have gone this far because we know how to cooperate with each other. But, as always, a group requires a leader. A person who leads the group as a whole.

Several people fantasize about being a leader, but they do not know the gravity of being one.

Being a leader takes commitment. And for some, it also takes a toll on their mental health. To be a good leader, you need experience. You need to know what to do and how you'll be executing it later on. A good leader also needs to gain the trust of their fellow people, and I think that is one of the most demanding challenges a leader will have to face. Some leaders are great at doing their job, although their biggest downfall is their mindset. If a leader acts for the wrong reasons, then that person is no leader. A leader works for the team; a leader serves the team. Despite all of this, I think the most quintessential quality of a leader is establishing their position. A great example is General Antonio Luna, one of the fiercest generals of Philippine History. I aspire to be a great leader, just like my brother someday. He's my inspiration for being the future leader that I aspire to be eventually. Despite not having much experience, he still managed to unleash his full potential as a leader. He knows how to take charge of a situation. He knows when to be kind and stern in dealing with his colleagues, and I'm so proud of him for achieving so much even though this pandemic. I know he was born a leader. And I hope I am too.

Ever since I started High School, I am now attempting to be more active in extracurriculars that will develop me as a person and not just as a leader over time. I have a long way to go as it has only been four weeks since I've been in high school. So far, I wouldn't say I'm doing

half-bad. In fact, I think I'm doing a decent job. Despite that it has only been four weeks since school has started, I have been learning a lot about being a leader. The things that are

happening right now are molding me for a bigger, brighter future.

We are living in difficult times and, we don't know how long it will last. This pandemic is probably the most significant transition that I and others will face in their lives. One of the biggest challenges I have encountered in this pandemic is adjusting to the new environment. I especially found it hard adjusting to my new school in these circumstances. As a student leader, I want to help my fellow freshman in any way, be it in mental health, academics, or personal problems. It is my job as a leader to be there for those who need help. Leadership is the key, way, and path to service.

# Discovering the Underserved Sitio Nopol

Past Assistant Governor Joel M. Inabangan, Rotary Club of Dadiangas, District 3860

One finds to understand and serve them better when we get to see and hear the voices of the underserved people. Amidst the hot and sunny skies of General Santos City and owing to the divine global positioning system, the President of the Rotary Club of Dadiangas Ernesto M. De Guzman and I found Sitio Nopol in Barangay Mabuhay as untapped and underserved where one could hear nothing but tweets and chirps of birds and burbles of water from the flowing stream. The village is home to indigenous B'laan folks living under impoverished community with no direct supply of water to the households, but one must fetch it from a far distant source at the foot of the mountain. Toilets are loosely taken for granted where no single household owns as residents in the area defecate or urinate anywhere, they like. Further needs assessment in the community shows that the people are deprived of basic services that Rotary may somehow initiate, not discounting the need to empower women by providing livelihood stimulus project enough to start a bit or at least augment their farm earnings.

The Rotary Club of Dadiangas embraces the village as its adopted community where array of service initiatives is being implemented; the water supply system project where the infrastructure for collection, treatment, storage, and communal distribution of water to the central point of the community is done on the project's initial phase while the extension of distribution pipeline is underway to cater the wide base of the village's populace and provides potable water in their households.

Latrine has been introduced when the club donated a public toilet for the community to develop conscious approach to health and sanitation that would lead to behavioral change in hygiene practices of the people in the area.

The club also donates sewing machines to the Rotary Community Corps it has formed in the village to empower its largely women members. Procuring a sewing machine is out of anyone's reach. These poor women, again through the assistance of Rotary are enrolled in the government's Technical Education and Skills Development Authority or TESDA's short Dress Making course that will teach them in drafting, cutting, and sewing fabric and making them into casual apparels, rags, upholsteries, and the likes.

With the Rotary Club of Dadiangas' multiple interventions in the area, the health and socioeconomic well-being of the community are likely to improve. With the skills training program the women have acquired would become a life-saving moment in their lives that would give them income and pave their way to come out of poverty. These women are to become empowered and empowering them economically helps the gap as it gives them control over their choices to thrive. Wives are ultimately capacitated to putting food on the table; not simply as limited to doing household chores but as equal earners as that of their husbands. The once underserved Sitio Nopol has been discovered when Rotary serve to change lives.
