# HISTORY OF ROTARY

Today, Rotary is well known throughout the world for its dedication to service and international goodwill. Changing the world through service, however, was hardly uppermost in the mind of Paul Harris when he founded the organization in 1905. Harris, a lawyer in Chicago, Illinois, USA, had been raised in a rural village in Vermont. He envisioned a new kind of club for professionals that would kindle the fellowship and friendly spirit he had known in his youth.

On the evening of 23 February 1905, Paul Harris invited three friends to a meeting. Silvester Schiele, a coal dealer, Hiram Shorey, a merchant tailor, and Gustavus Loehr, a mining engineer, gathered with Harris in Loehr's business office in Room 711 of the Unity Building in downtown Chicago. They discussed Harris' idea that business leaders and professionals would have regular acquaintances. The club met weekly; membership was limited to one representative from each business and profession. Though the men didn't use the term Rotary that night; that gathering was commonly regarded as the first Rotary Club meeting.

As they continued to convene, members began rotating their meetings among their places of business, hence the name Rotary. After enlisting a fifth member, printer Harry Ruggles with the group, then it was formally organized as the Rotary Club of Chicago. The original club emblem, a wagon wheel design, was the precursor of the familiar cogwheel emblem now used by Rotarians worldwide.

By the end of 1905, the club's roster showed a membership of 30 with Schiele as President and Ruggles as Treasurer. Paul Harris declined office in the new club and didn't become its President until two years later. Club membership grew, making it difficult to gather in offices, so the members shifted their meetings to hotels and restaurants, where many Rotary club meetings are held today.

These early "Rotarians" realized that fellowship and mutual self-interest were not enough to keep a club of busy professionals meeting each week. Reaching out to improve the lives of the less fortunate proved to be an even more powerful motivation. The Rotary commitment to service began in 1907, when the Rotary Club of Chicago donated horse to a preacher. A few weeks later, the club constructed Chicago's first public lavatory. With these inaugural projects, Rotary became the world's first club organization.

Rotary's popularity began to spread throughout the USA. The second Rotary Club was chartered in 1908 in San Francisco, California, with a third club formed in Oakland, California. Others soon followed in Seattle, Washington; Los Angeles, California; and New York, New York. When the National Association of Rotary Clubs held its first convention in 1910, Harris was elected President.

At the following year's convention, speakers used the phrases "Service, Not Self" and "He Profits Most Who Service Best," which became the organization's mottos. "Service, Not Self," was later changed to "Service Above Self," and has since been adopted as a Rotary's primary motto.

## THE BIRTH OF THE ROTARY CLUB OF DADIANGAS

In 1974, the Rotary Club of General Santos City was confronted with a problem on how its members could make up their absences. Since there was no other club within General Santos City and the nearest Rotary Clubs were in Marbel, South Cotabato and in Digos, Davao del Sur. The members of the RC Gensan found it difficult to make up especially when the roads going to other places were rough and rugged; dusty when dried and muddy when wet. There were no paved roads yet. That, the Board of Directors together with its Club President Jess Veneracion decided to organize a new Rotary Club in the city – the Rotary Club of Dadiangas.

For this noble purpose, RC Gensan loaned two of its senior members to form as the core for the new club – Rtn Frank Zuzon and Rtn Joe Lansang. They accepted the challenge with pride and honor. The whole month of January 1975 was devoted to recruit new members and comprehensive rotary information were given to all prospective Rotarians. After several fellowship meetings conducted, RC Dadiangas was formally organized with twenty three (23) charter members. Rtn Frank Zuzon was elected Charter President with Vic Tajanlangit as Club Secretary. PDG Johnny Asencio and PP Joe Lansang were elected as members of the Board of Directors.

On May 7, 1975, RC Dadiangas was officially admitted as regular member of Rotary International and was conferred the provisional status as duly organized club. The Rotary Club of Dadiangas was finally chartered on September 08, 1975.

**MESSAGE FROM THE  
RI PRESIDENT**

**R. Gordon R. McNally**

President 2023 - 2024

March 2024

There are many pathways to peace, and in Rotary, we are fortunate to have Rotary Peace Fellows who demonstrate this truth time and again.

Each year, Rotary awards up to 130 fellowships for leaders around the world to study peace and development, and what these peace fellows learn prepares them to work in conflict prevention and resolution and promote Positive Peace. Here are a few examples of the creative ways peace fellows advance peace:

**Promoting Sustainability**

Alejandra Rueda-Zarate combined her Rotary Peace Fellowship in peace and conflict resolution with her master's degree in energy and resources to support her dream of protecting the Colombian countryside.

She founded the organization NES Naturaleza in 2011 to help farmers in Colombia and across rural Latin America gain access to knowledge and training to uphold sustainable farming standards. That support has improved the lives of nearly 4,500 farmers, inspiring many of them to become entrepreneurs. And it's helped promote both natural and social sustainability throughout Latin America.

**Ending Racism**

Peace fellows Geoffrey Diesel and Kathy Doherty have applied their fellowships in peace and development studies toward co-founding the Racial Equity Project, a subcommittee of Rotary Positive Peace Activators in North America committed to studying ways to create a more peaceful society through anti-racism efforts.

## MESSAGE FROM THE RI PRESIDENT

The Racial Equity Project takes a deep look into how the eight Pillars of Positive Peace could support efforts to address racism, and it works to spread this message to communities across North America. The organization initially grew from Rotary's strategic partnership with the Institute for Economics and Peace, a global think tank dedicated to promoting Positive Peace.

### Managing disasters using data

Through a Rotary Peace Fellowship, Jamie LeSueur earned a master's degree in social science within peace and conflict research. He now leads emergency operations for the International Federation of Red Cross and Red Crescent Societies, setting a management and operational framework for agency collaboration in emergency response situations.

Jamie has found that research data is a powerful tool to bring calm to the complex world of disaster response. No matter what an organization's protocols might entail, letting research be the foundation for decision making helps clarify even the most complicated emergencies.

These stories — and hundreds like them — show how Rotary is creating a generation of leaders ready and able to build peace worldwide. Nearly 1,800 peace fellows have graduated from Rotary Peace Centers, and they are applying their craft in more than 140 countries.

May the continuing work of peace fellows and the Rotary members who support them inspire you to continue to Create Hope in the World through service, fundraising, and creative thinking.

## PREXY'S BEACON OF HOPE

Greetings of Peace,

It gives me great pleasure to the Rotary Club of Dadiangas in supplying groceries and aid to the residents of Davao de Oro.

I would like to express my sincere gratitude to each and every one of you for commitment. I am ever grateful for all the immense generosity of our volunteers, partners, funders have made this effort possible.

I would like also to thank Brigada Company for their partnership. Their unwavering commitment to improve the lives of others has made a lasting impact. Many people have been moved by your kindness and generosity, and we are immensely appreciative of the chance to collaborate with you on this admirable project.

This project is a good example of compassion and sense of community service that our organization is built upon. Together, we have expressed that, as a community, we are capable of overcoming any obstacle and building a better world for coming generations.

Let's remember those who are less fortunate as we consider the bounties bestowed upon us and keep working to create a better future for everybody. May God bless us all and blessed is his name.
