EDITORIAL

WIEBE VAN RIJ

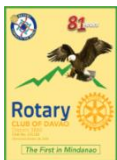

HOT!

Fellow Rotarians, I don't know about you, but it seems so hot in the city these days; coming with general fatigue and feeling uncomfortable. Maybe it's the age... or is there a more sinister reason for this heat perhaps? Concrete buildings and roads for example store a lot of heat during the day and the many new structures under construction, will contribute to more city heat, turning them into 'heaters'. Secondly in the name of the holy cow economic growth/development, trees are still being cut, meaning less shade and an even hotter environment. These times of increasing temperature it's actually outrageous and pretty ignorant as well to cut down any tree at all. What to do? Regarding cutting down trees this should not happen anymore unless totally unavoidable. We need many more trees in the city, particularly downtown. More spaces should be transformed into mini forests. Along roads, canals and rivers, more trees can be planted to reduce the heat, clean the air as well as reinforce embankments. In respect of high rise buildings, in many cities such buildings are now constructed as green buildings, meaning the facades all-in will carry plants/trees that cool down the stored heat and clean the air. They are called vertical forests. See pictures below:

And then there is this world-wide problem of global warming, due to carbon driven economies worldwide that stimulate massive and addictive consumerism. While we can do something about it by switching to clean energy (solar and wind) and by drastically reducing our fossil fuel consumption, a world-wide problem has to be dealt with globally. Let's hear how 16 year old climate activist Greta Thunberg from Sweden called on world leaders to act now on global warming during the recent UN environmental conference on climate change. Just let it sink in what she is saying:

"I should not be here, I should be in school, yet you come to us young people for hope. How dare you, you have stolen my dreams, my childhood with your empty words, people are suffering, are dying, entire ecosystems are collapsing and all you can talk about is money and fairy tales of eternal economic growth. How dare you. Science is crystal clear. Climate change is due to our carbon emissions in the atmosphere. How dare you say that this can be solved by business as usual. But bear in mind the eyes of all future generations are upon you. And if you choose to fail us we will never forgive you. We will not let you get away with this. The world is waking up and change is coming. Whether you like it or not!" What a brave girl indeed. When she visits the Philippines we'll invite her to our weekly meeting...

Dear Fellow Rotarians,

As we celebrate the Rotary Foundation month, let us welcome our Guest Speaker, PP Vincent Edward Ang, District's Fundraising Specialist. He will be sharing some inputs as to the rationale of the foundation. Perhaps, it is just timely that we revive our livelihood training program specially for the youth who needs to be taught what extra work for extra income means. Let us partner with a school and get a grant for this long term project from Rotary International. Let us move to a more sustainable program and less impact projects. Let us be builders and trainers of the Rotarian youth. Let us go environmental too. Go get to adopt a barangay mini forest park in this beautiful city.

Ms Kristine Villarmia of China Bank Manulife is also with us today for her Classification Talk. She will share her in depth analysis on estate planning and investments She will join our club as a new member representing investments and estate planning. She will surely be of importance to our club's future undertakings more particularly on financial matters.

Thank you and Mabuhay ang Rotary Club of Davao!

Our guest speaker this afternoon hails from the small club of Rotary Club of Sta. Ana Davao. Just four years after his induction as a Rotarian, he has been elected as the Club President and led his club to the Golden Age of which he achieves numerous accomplishments and recognition during the time of the All-Star Team. His journey never stops there, after his service as president to his club he was right away appointed by then DG Art Tan and DGN Philip Tan to be part in the District Rotary Foundation Committee Team and serves as Paul Harris Society Coordinator for two consecutive rotary years and again making record breaking achievements in tripling the numbers of PHS members on which a rotarian will commit to give at Least \$1,000 to TRF for as long as he or she can. These have helped the District achieves one of the highest total contribution to TRF in the history of our District. The "Inspiring" year of IPDG Bing Garcia truly was the limelight of his Rotarian career, serving again as PHSC for the second time to the DRFC his selfless dedication to support the district gave the impression of by then DGE Philip Tan appointing him as part of the DTTS, PETS-SETS training team and the recent successful conclusion of DISTAS 2019 as Co-chair. Without further a due, please help me welcome our Champion District Fundraising Specialist Coordinator/ Past President Vincent Edward Ang.

RI PRESIDENT'S MESSAGE

Mark Daniel Maloney, President 2019-20

November 2019

Rotary Day at the United Nations, which we celebrate each November, is an important reminder of the historic relationship between our organizations. But this year's event is even more important than usual, because we are building up to the 75th anniversary of the signing of the UN Charter in June 2020.

You might ask, why celebrate this anniversary? For Rotary, it is entirely appropriate, because we played such a critical leadership role in the San Francisco Conference that formed the United Nations in 1945. Throughout World War II, Rotary published materials about the importance of forming such an organization to preserve world peace.

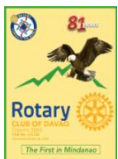

Not only did Rotary help influence the formation of the UN, but this magazine also played a leading part in communicating its ideals. Rotary educated members about plans to create the UN through numerous articles in *The Rotarian* and through a booklet titled *From Here On!* When the time came to write the UN charter, Rotary was one of 42 organizations the United States invited to serve as consultants to its delegation at the San Francisco Conference.

Each organization had seats for three representatives, so Rotary International's 11 representatives served in rotation. The people officially representing Rotary included the general secretary, the current and several past presidents, and the editor of *The Rotarian*. In addition, Rotarians from Africa, Asia, Australia, Europe, and North and South America served as members of or consultants to their own nations' delegations.

We have a deep and lasting relationship with the UN that deserves to be celebrated and appreciated. To recognize this relationship, Rotary will host five special events between now and June: Rotary Day at the UN in New York on the 9th of this month; three presidential conferences next year in Santiago, Chile, in Paris, and in Rome; and a final celebration just before the Rotary International Convention in Honolulu.

The focus on the UN in the year ahead is not only about the past; it also lights a path to our future. There are so many parallels between the work we do through our areas of focus and the work of the UN Sustainable Development Goals. While those goals are indeed incredibly ambitious, they provide inspiration and direction — and are similar to many Rotary goals, which have proven to create lasting, positive change in our world. The goals can be achieved, but only if undertaken with the same long-term commitment and tenacity that Rotary understands so well. Alone, we cannot provide clean water for all, we cannot eliminate hunger, we cannot eradicate polio. But together with partners like the United Nations, of course we can.

Please consider attending one of our five UN celebrations. I look forward to sharing news of these special events with you throughout the year.

ROTARY PILLARS

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and profession; the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The applications of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

MISSION, VISION AND PHILOSOPHY

MISSION STATEMENT

Maintaining the status of RCD as an institution in the family of Rotary International organizations and leaving a legacy of improved quality of life and livable community.

OUR VISION

To contribute our time, resources, efforts to our community and develop, share, nurture our future generations for love, friendship and world peace.

OUR PHILOSOPHY

"Service with Honor"

ROTARY WORDS OF WISDOM

"Rotary believes that the citizen who best serves his country is the one who wishes to know the truth about his neighbors, and who desires to replace hatred between nations with friendship."

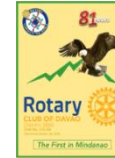

— Address to 1939 Rotary Convention, Cleveland, Ohio, USA

"Man's instinct for making and amassing wealth...the profit motive...cannot be rooted out from human nature either by the sword or by legislation. Let us make all the legitimate profit we can, but, in doing so, let the basis of that profit be service to all concerned. Idealism in practice should be characteristic of the Rotary movement."

— That's a Good Question, THE ROTARIAN, March 1963

"Set high personal standards. Make others aware we expect the same. Respect the pursuit of excellence. Recognize, dignify honest work."

— Renew the Spirit of Rotary, THE ROTARIAN, July 1974
