### *Invocatio*

*Dear God, thank you for every seat that has been filled here, today. For each mind and heart that fills the presence of this room, we thank You. Only You truly know what we are setting out to accomplish today. We have an idea, a vision, hints, and daily instructions. We have talents, abilities, and time to work. However, only You can see in perfect detail the end of every beginning. Every project, every season, every life. Nothing is ever in vain, for even mistakes and missteps are used for good. Your righteousness transcends all our efforts and understanding. Forgive us for our pride. The pride that puffs us up and the pride that threatens to unqualify us. Strengthen our confidence in who You have made us to be. Set us free from comparison in order to work together efficiently.  
Amen.*

## BABY BOOMERS

PP Ruben Robillo

This generation of the so called "Baby Boomers" is, I think one of the most fascinating and interesting generation in the present history of our world. Before this generation, people were just following a textbook type of existence; being born, growing up, finding a job, getting married, getting old, then after a short period of time, letting go. Letting go of business, letting go of profession, productivity, health, then letting go of life. Gently accepting the inevitable.

But science and defiance were born side by side with the birth of the baby boomers. This generation was born to defy old practices and beliefs and even defied a dictator and drove him out of power and out of the country through People Power, restoring democracy in the country. They also defied tradition and blind acceptance of fate. And Science was there to assist in its defiance, particularly Medical Science.

Before this generation, the average life expectancy was accepted to be in the sixties with a few fortunate enough to live up to seventy. This was largely due to the lack of adequate knowledge before, on preventive, promotive and curative health care. People grow old, get sick and die. Period. That's it. Treatable diseases like hypertension, heart and kidney diseases, and diabetes, were death sentences. Now, thanks to so many discoveries and innovations in Medicine, many Baby Boomers are still around in their seventies, even in their eighties, still rockin', working, running companies and corporations and even playing a mean game of golf, while enjoying the company of the younger generations. A Baby Boomer friend recently told me, "we are lucky to have Viagra discovered in our generation no?" With that impish smile and a glitter in his eye, he obviously knows what of he speaks.

We grew up imbued with the traditions and values of the old culture, but luckily, somehow, managed to catch up with the development and technology of the new, allowing us to better benefit from and appreciate the best of both worlds.

We still have pleasant memories of the simple games we used to play as kids, with makeshift toys, on the streets or on our frontyards. We too have memories of the beautiful clean beaches and other nature's bounties, the city used to have, but we are also able to catch up with the gadgets, applications and gizmos, the present Digital World is now dependent on.

The baby boomers were fortunate to straddle across two centuries and benefit from both. It may take another century or two to have another unique generation as this.

# President's Page

**May B. Divino**  
President 2023 - 2024

**Warmest Greetings to my fellow Rotarians!**

Last week's fellowship was a wonderful gathering filled with camaraderie and laughter. I want to extend my heartfelt gratitude to each and every Rotarian who attended the event. Your presence made the fellowship truly special, and it was heartwarming to see everyone enjoying themselves. I would like to take this opportunity to express my sincere appreciation to Secretary Zee for organizing the fellowship and for the delightful

treat we all enjoyed. The effort and dedication put into making the event a success are truly commendable, and we are grateful for your hard work.

In addition to our fantastic fellowship, I want to express my deepest gratitude to all the Rotarians who participated in the recent outreach activities. Our visit to the Cosugian-Home for The Abused Children brought immense joy to the children. Your kindness, the games, prizes, lunch, snacks, and toiletries all contributed to making their day brighter. It's moments like these that remind us of the true meaning of service and the impact we can have on the lives of others.

Furthermore, our collaboration in Promoting Peace and Development in Brgy. Tagluno, Toril, Davao City, in partnership with Tactical Operations Wing Eastern Mindanao, PAF, demonstrates the power of collective action. Together, we are making a positive difference in our community, and I am proud to be a part of such a compassionate and proactive Rotary club.

As we continue our journey of service, I urge you all to stay engaged and participate in our upcoming activities. The Rotary spirit thrives through our collective efforts, and your continued support is vital in making a lasting impact in our community.

For us to continue with our mission in helping our communities, I'd like to remind you all with your club dues. The deadline set by the Rotary International is fast approaching.

Once again, thank you for your unwavering dedication to Rotary's ideals and your commitment to serving others. Together, let us continue to make a difference and spread kindness and joy wherever we go.

# ROTARY PILLARS

## The Four-Way Test

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIP**?
4. Will it be **BENEFICIAL** to all concerned?

## Rotary Code of Conduct

### As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life.
2. Deal fairly with others and treat them and their occupations with respect.
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world.
4. Avoid behavior that reflects adversely on Rotary or other Rotarians.
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities; report any suspected harassment; and help ensure non-retaliation to those individuals that report harassment.

## ROTARY PILLARS

### The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FIRST:** The development of acquaintance as an opportunity for service;

**SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

**THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;

**FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

### Mission, Vision, and Philosophy

**Mission.** Maintaining the status of RCD as an institution in the family of Rotary International organizations and leaving a legacy of improved quality of life and livable community.

**Vision.** To contribute our time, resources, efforts to our community, and develop, share, nurture our future generations for love, friendship, and world peace.

**Philosophy.** "Service with Honor"

### Rotary Words of Wisdom

**"There is nothing intangible about Rotary: It is reality itself. To give is to receive; to lose oneself is to find oneself; to be happy is to serve. These are old truths...for the individual...and the mass, whether application be in the exchange of goods, toil, knowledge, or love."**

- *The Meaning of Rotary, THE ROTARIAN, November 1921*

**"Rotary is so simple that many people do not understand it, and some even misunderstand it. Rotary is not a philosophy...not an all-embracing world point of view which answers every question...and satisfies all the dictates of the heart and mind. Rotary is merely an association of business and professional men united in the ideal of service."**

- *Address to 1938 Rotary Convention, San Francisco, CA, USA*

# Declaration of Rotarians in Business and Professions

**As a Rotarian in a business or profession, I am expected to:**

1. Consider my vocation to be another opportunity to serve.
2. Be faithful to the letter and the spirit of the ethical code of my vocation, to the laws of my country, and the moral standards of my community.
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation.
4. Be fair to my employer, employees, associates, competitors, customers, the public and all with whom I have a business or professional relationship.
5. Recognize the honor and respect due to all occupations which are useful to society.
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief to the special needs of others, and to improve the quality of life in my community.
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or profession.
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

## A mission to help the world go green

By Geoffrey Johnson

In 2005, midway through a two-year assignment with the Peace Corps, Kristin Wegner Guilfoyle returned home to Illinois to attend a friend's wedding. That's when fate came striding down the aisle. At the reception, Wegner Guilfoyle was seated at a table with a judge who was a member of the Rotary Club of Joliet. Wegner Guilfoyle told the judge about her work with

biosand water filters in the Dominican Republic. The next week, at the judge's invitation, she spoke to the Joliet club — and, after she returned to her Peace Corps posting, club members provided her with financial and practical support, as well as some invaluable guidance about the direction of her life.

"It was completely serendipitous," says Wegner Guilfoyle, looking back at the chance seating arrangements at the wedding. "To be honest, I didn't know where I fit in when I started with the Peace Corps. Rotary helped me see how to use some of my different skills in applicable ways to make a difference."

Eighteen years after that fortunate encounter at her friend's wedding, and with the knowledge gained from her Peace Corps experience, a Rotary Ambassadorial Scholarship, and her own Rotary service, Wegner Guilfoyle has a clearly defined mission: to help the world go green. That impulse was there from the beginning.

"Part of my childhood was learning about the environment," she says. "We always did stuff outdoors, and I would go to environmental education camp. And I remember writing a letter to the local newspaper about pollution." At Purdue University, she began pursuing a degree in civil engineering, but the classes she took, and the emotional impact of the 9/11 attacks, changed her course. "The more I studied and learned," she says, "the more I wanted to work on peace and sustainability and create a positive change in the world."
