## PRAYER

Almighty Creator, we thank and praise You for the countless blessings You have so freely sent us—the bounty of our country's natural resources, our good health and the wonderful people in our lives;

You have blessed us with well-nourished and bright children and youth who are making their marks in science tilts, sports competition, information technology, culture and arts in other fields;

We rejoice that You take care of our children and youth while You take care of us;

With You all things are possible; there is no place for doubts, fears and worries, for You have it all covered according to Your Plan.

Please continue to sow in our children and youth the seeds of excellence, leadership, respect for their parents and elders, love for their country and genuine service, for them to inspire and help shape for them to inspire and help shape a world of joy not of tears, a world where each day becomes a celebration of life. Amen

## PRESIDENT'S CORNER

Dear Fellow Rotarians,  
Greetings!

Let me thank everyone for the Fellowship and the good attendance we had last week. A surprise breakfast buffet in honor of our March Birthday celebrants, Treas. Tona and yours truly.

I would like to thank PP Greg Uymatiao for the impromptu Speech and the update of our Foundation. I know not everyone is aware of our Ting Matiao Foundation. A brief History and the projects it is doing to the community. For the information of everyone, we are a member of the committee on monitoring of the Geothermal in Valencia. PAG Alex Amor is the representative who is attending the bi-monthly monitoring of EDC's Geothermal operation with regards to the safety of the environment.

Today, we are lucky to have a Guest speaker—Mr. Joel M. Villagrancia, the Provincial Director of TESDA. I am sure we will learn a lot from him today. We thank our Sec/IP Ely Bodo for facilitating on this.

Please let me know if you have suggestions for our coming guest speakers so we can have a more informative morning aside from Rotary matters.

God Bless us all and Keep safe always!

Yours in Rotary,

Pres. Ran Lim

# VACCINES WORK. THE FIGHT TO END POLIO IS PROOF.

WORLD IMMUNIZATION WEEK  
24-30 APRIL 2022

endpolio.org | #endpolio

## Join with Rotary to promote the power of vaccines to protect children and save lives

During World Immunization Week, 24-30 April, let's advocate for polio eradication and the importance of vaccines to the health and well-being of our communities.

Vaccines are one of the greatest advances of modern medicine. They're safe, effective, and save millions of lives each year. Our progress in the fight to end polio is proof that vaccines work.

The Global Polio Eradication Initiative estimates that the polio vaccine has saved more than 20 million children around the world from paralysis. **We need to continue vaccinating children against polio, because as long as the poliovirus circulates anywhere, it is a threat everywhere.**

Here's how you can support Rotary's efforts during World Immunization Week:

Use the [World Immunization Week Toolkit](#) for graphics and sample posts to share on social media with the hashtags #EndPolio and #VaccinesWork.

[Donate](#) to PolioPlus to help Rotary and our partners deliver polio vaccines to vulnerable children. Or start an online fundraiser using [Raise for Rotary](#) and share it with your friends, colleagues, and family members. All contributions will be matched 2-to-1 by the Bill & Melinda Gates Foundation.

Rotary districts can give [District Designated Funds \(DDF\)](#) to PolioPlus to help meet our goal of rais-

## The **Technical Education and Skills Development Authority**

(**TESDA** locally [[ˈtɛsdɑ](#)]; [Filipino](#): *Pangasiwaan sa Edukasyong Teknikal at Pagpapaunlad ng Kasanayan*<sup>[21]</sup>) serves as the Philippines' [Technical Vocational Education and Training \(TVET\)](#) authority. As a government agency, TESDA is tasked to both manage and supervise the Philippines' Technical Education and Skills Development (TESD). Its goals are to develop the Filipino workforce with "world-class competence and positive work values" and to provide quality technical-educational and skills development through its direction, policies, and programs.<sup>[3]</sup>

TESDA courses are short vocational courses that were designed to help people acquire the skills necessary to carry out tasks associated with specific jobs or crafts. TESDA courses cover a wide array of expertise including **engineering, health sciences, computer and information technology, business, and agriculture** to name a few.

### **Establishment of TESDA**

The [Philippine Congress](#) enacted Joint Resolution No. 2 in 1990, effectively creating the Congressional Commission for Education or EDCOM. The commission was tasked to review and assess the education and manpower training system of the country. Among the recommendations of the commission was the establishment of the Technical Education and Skills Development Authority (TESDA), a government agency tasked with developing and overseeing the country's vocational and technical education programs and policies.<sup>[13]</sup> The commission further recommended that the new agency be created as a fusion of the following offices: the National Manpower and Youth Council (NMYC) of the [Department of Labor and Employment](#) (DOLE), the Bureau of Technical and Vocational Education (BTVE) of the Department of Education, Culture and Sports (DECS), and the Apprenticeship Program of the Bureau of Local Employment of DOLE. Subsequently, the enactment of Republic Act No. 7796, or the "Technical Education and Skills Development Act of 1994," authored by Senators [Francisco Tatad](#) and [Edgardo Angara](#) led to the establishment of the present-day TESDA. RA 7796 was signed into law by President [Fidel Ramos](#) on August 25, 1994.<sup>[14]</sup>

The merger of the aforementioned offices was meant to reduce bureaucratic oversight on skills development activities initiated by the private and the public sector and to provide a single agency that will take charge of the country's technical vocational and training (TVET) system. Hence, a major thrust of TESDA is the formulation of a comprehensive development plan for middle-level manpower based on the National Technical Education and Skills Development Plan. This plan provides for a reformed industry-based training program that includes apprenticeship, dual training system and other similar schemes.<sup>[15]</sup>

### ROTARY HYMN

By George Canseco

I want to be a Rotarian for the world,  
Make the Rotary flag be a flag of peace unfurled;  
I will serve my community,  
Help to seek international unity.  
Through Rotary, I will dedicate my all,  
World understanding shall be my cherished goal.

### Refrain:

With the Four Way Test  
I will pursue my quest  
And if I, in a way help obtain  
Peace in the world  
Then I won't have lived in vain.  
I'll observe service above self,  
Lend a hand to all who need my help;  
I'll get my spouse to involve in Rotary  
And in Rotary ways I will train my family.

### Repeat Refrain:

Build a bridge for tomorrow's youth,  
Strengthened by nothing but the truth;  
Let's join our hands, there's no reason to divide.  
We shall all understand, while the good Lord  
is our guide.

### Repeat Refrain:

Peace be achieved,  
So we won't have lived in vain.  
Peace be achieved,

### Most boring Book

Once a blonde went to the library to get a book.

A few days later, she returns and says to librarian at the counter, "This book was very boring.

It had too many characters and too many numbers, so i would like to return it."

The librarian says to the other librarian, "So here is the person who took our phone book!"
