Medical Term

The man told his doctor that he wasn 't able to do all the things around the house that he used to do.

When the examination was complete, he said,

“ Now, Doc, I can take it.

Tell me in plain English what is wrong with me. ”

“ Well, in plain English, ” the doctor replied,

“ you 're just lazy. ”

“ Okay, ” said the man. “Now give me the medical term so I can tell my wife.”

ROTARY HYMN

By George Canseco

I want to be a Rotarian for the world,  
Make the Rotary flag be as the flag of peace unfurled;  
I shall serve my community,  
Help achieve universal unity.  
Through Rotary, I shall dedicate my all,  
World understanding shall be my cherished goal.

Refrain:

With the Four Way Test  
I'll pursue my quest  
And if I, in a way help obtain  
Peace in the world  
I shall not have lived in vain.

I observe service above self,  
Lend a hand to all who need my help;  
I'll get my spouse to involved in Rotary  
And in Rotary ways, I will train my family.

Repeat Refrain

Build a bridge for tomorrow's youth,  
Strengthened by nothing but the truth;  
Let's join our hands, there's no reason we'll divide.  
We shall all understand, why the good Lord is our guide.

Repeat Refrain

Peace be achieved,  
We shall not have lived in vain.

PRESIDENT'S CORNER

Good evening, fellow Rotarians,

The district has discussed 7 main projects in alignment with our 7 areas of focus. Our discussions have led to the decision to choose 5 projects, with each club leading one project and participating in the others:

- 1. July - The Rotary New Year for Children - This event was successfully conducted last July 13, 2024, with positive results and a significant impact.
- 2. July - Blood Letting Activity - Although the district did not choose this activity, we have adopted it as our own club project. The schedule for this activity is set for July 27, 2024 (Saturday), 9am at the Red Cross building near Bethel. Other clubs have approached me, expressing their support by sending donors.
- 3. September - Environmental Project - The Rotary Club of Dumaguete North will lead this project, since planting Citronella trees is their Signature Project. Other clubs also will participate. The exact date is yet to be decided by their club.
- 4. October - World Polio Day Event - Scheduled for October 24, this project is led by the Rotaracts of Dumaguete. They have set their plans and will soon inform all clubs for participation.
- 5. October - Breast Cancer Awareness - This project is led by the Rotary Club of Dumaguete since this is their Signature project. The date is not yet set and will be discussed in their club meeting. Other clubs will participate for this activity.
- 6. January 2025 - Children with Special Needs Awareness Activity. This project has not been adopted as we chose only 5 projects.
- 7. March 2025 - Water, Sanitation, and Hygiene Activity - Our club will lead this project, since we've done this before by planting trees at the watershed in Valencia in association with Metro Dumaguete Waters.

District Governor Caycay Andrade is scheduled to visit from September 10-15, 2024. She will attend our morning club meeting on September 11. We aim to present our signature project to her, showcasing our dedication and achievements.

We also have our club goals that we need to discuss in the coming days. By approaching our tasks with enthusiasm, we will undoubtedly achieve our goals.

Thank you for your trust and support.

Yours in Rotary Service,  
Pres Elmore

*Continue from page 9...*

I am always in awe of the energy and zest that my lola seems to get when she is at work. Even when her knees and hip started to fail her, it never stopped her from reporting for work dutifully. She'd go to the office, and move around in her wheelchair. It was so sweet to witness school staff, even students, volunteering to wheel her around to get to the higher floors of the school building.

My lola's passion for education, and love for her craft have always been her driving force to serve others and the community.

When my lola had to finally stop working, her colleagues, staff, and students continued to visit her at home, bringing gifts, fruits, and food. Every birthday, they continue to come to the house early in the morning for a mañanita to serenade her. To this day, my lola's former students, now successful nurses in the US, continue to send her packages containing luxury bags or expensive

perfumes, even jewelry as pasalubong. All these gestures of kindness to mu lola have made me think that I am blessed with a very well-loved grandmother. She must have touched each of their lives in such a special way that they could never seem to forget.

People know her as Daisy Dumalag; some call her Tita Daisy; others, Lola Daisy. Students and colleagues fondly call her Ma'am Dean.

She was the pioneering president of the RCDS Anns in 1977, a position she held for the next three years until 1981.

Then again in 2003, to save the Rotary Anns from an impending power vacuum, she agreed to lead the group once again as president — something that she selflessly accomplished for the next two years until 2005.

She is a good friend, a passionate educator, a charismatic leader, and caring mentor. But to me, she is my Mamala. (Nina Bianca Sanglay)

## PRAYER

Almighty God and loving father, we ask again for your indulgence for all our shortcomings and enlightenment in all our undertakings as we start this meeting this morning. Give us a listening ear and an analytical mind in all our discussions and deliberation. Grant us the grace to see you in our less fortunate brothers and sisters so that we will be able to share our blessings with them without any reservation. Give us the desire and enthusiasm to attend all our Club's activities and the zeal to be of service in whatever capacity asked for us.

Remove anything that is not of you in this venue and grant us a wholesome fellowship. All of these we asked in the name of your son, Jesus Christ, who lives and reigns with you in unity of the holy spirit forever and ever. **AMEN**

<p>When I was in elementary, my teachers would always gush about how nice and compassionate my grandmother is.</p> <p>At that time, my lola was dean of the Siliman University Graduate School, and my teachers happened to be her students. They would tell me how they look up to her, and how she is their inspiration.</p> <p>‘Twas then that I started to realize how good of a person she is. It made me very proud to be her granddaughter.</p> <p>My lola, Ann Dalisay “Daisy” Magtolis-Dumalag, started her career as a nurse, and later on, pursued her role as an academician. At Silliman, she first served as faculty in the College of Nursing, and then became dean. At one point in time in her career, she was Vice President for Academic Affairs.</p> <p>All throughout my growing up years, I would always hear beautiful stories about my lola. I would meet distant relatives, family friends, and sometimes even strangers who would come up to me, and tell me how my grandmother had previously helped them.</p> <p>Most of them would narrate stories of how my lola would go out of her way to help students in need.</p> <p>As a loving teacher, there were numerous times when my lola would bring home her students for a meal because they didn’t have lunch money. My mother Nanette, the eldest daughter of Lolo Raul &amp; Lola Daisy, would confirm</p>	
<p>this story. She remembers how, when she was younger, their dining table would usually be cramped with unfamiliar but happy faces. In those years, my Mom would say, she didn’t understand why that was, and would sometimes feel jealous of the care and attention my lola would shower on her students.</p> <p>One time at a party, a distant relative came up to me. With tears in her eyes, she shared how she struggled with her college education, and how she would have never graduated — if not for my grandmother’s intercession and assistance.</p> <p>My Tita also said that my lola was always there during times when she needed money for tuition. Sometimes she would ask my lola to sign promissory notes for her to be able to take exams. Every time she visited my lola at her office, my Tita would always receive money for allowance and food — which helped her get through days when she was running on an empty stomach.</p> <p>For as long as I can remember and until she experienced some health scares, my lola never stopped working. She was always busy with her career in the academe. Even in her 70s, she and Lolo Raul would cross the sea to be in Dipolog at least once a month to fulfill her duties as dean of the College of Nursing in Andres Bonifacio College.</p> <p>And even after that stint, my lola continued to work for the biggest state university in Negros Oriental as dean of the College of Nursing.</p> <p><i>Continue to page 10...</i></p>
