### INVOCATION

Lord, Rotarians world-wide acknowledge your power, and your expectation that we be of service to mankind. Let us renew our obligation to fulfill that expectation, just as the return of spring renews growth in the world around us, with a new commitment to help others in our community, our nation, and our world. With the power, influence, and wealth that we as leaders in this place most certainly have, let us always remember that these are a blessing from you, and that charity is more fulfilling than decadence, and the Golden Rule a much richer yardstick than any bank account. Amen.

## President's Corner

**PRES. PATRICK S. CAPILI**  
Club President, RY 2019-2020

An Annual Membership Seminar has ensued last Saturday, September 7th, organized and conducted by the District and hosted by RC Downtown Davao led by its President Ethel Caceres. This event was very well attended by the various clubs here in Mindanao. All eyes and ears were set to the different speakers as the agenda was very interesting and very informative. This seminar gave us pointers in formulating strategies in retaining existing members and attracting (not recruiting) new members. They emphasized that Rotary no longer recruits but rather attracts. The open forum discussions were at times heated but ended up constructively as the Rotarians, especially officers, have been enlightened on how to handle various delicate member situations.

Assistant Regional Membership Coordinator and Past District Governor Art Tan and District Membership Committee Chair and Past District Secretary Jose Fortunato F. Uy were the main resource persons during the said activity. I thank Past Presidents Val Dionisio and Alvin Orteza for helping me represent RC East Davao.

**ROTARY WORLD**  
**PDG HONESTO A. CABARROGUIS**

Past District Governor, RI District 3860, RY 1983-84

**We continue our study of the Rotary with ...**

**DISTRICT INCORPORATION**

A district may incorporate only if its corporate documents include 11 provisions required by RI and it has fulfilled all of RI's incorporation requirements. When a district has decided it wishes to pursue incorporation, the governor should contact the district's Club and District Support representative for detailed information about Rotary's requirements.

A district may seek the approval of the Board to incorporate. At least two-thirds of the clubs in the district must approve the proposal to incorporate in a vote at a district conference or in a ballot-by-mail. In either process, each club is entitled to one vote.

When a district is incorporated, the corporation and the former unincorporated district become one entity. The incorporated district possesses all of the powers, rights, and privileges, and must perform all of the obligations and requirements of a district under the constitution, bylaws, and policies of RI.

The corporate documents of an incorporated district must be consistent with the RI constitution, bylaws, and policies, as far as local laws permit. If any amendment to these RI documents or policies causes a district's corporate documents to be inconsistent, the district must immediately amend its corporate documents to restore consistency. District corporations must act in accordance with RI's constitution, bylaws, and policies and may not take any action inconsistent with them. The district must

submit to the general secretary on behalf of the Board the corporate documents required to be submitted to the local jurisdiction in order to incorporate.

The district governor is responsible for overseeing the incorporation process. The structure of the incorporated district must facilitate the District Leadership Plan. A governor must immediately notify the Board of any dissolution or other change in the status of the district corporation.

**EXTENSION TO NON-ROTARY COUNTRIES AND GEOGRAPHICAL AREAS**

A non-Rotary country or geographical area is any location that currently does not have a Rotary club and is not part of a district. RI coordinates all official contact by any Rotarian with government officials in non-Rotary countries and geographical areas. Rotarians interested in extension should contact RI for more information about how to work with extension advisers. Rotarians interested in starting a Rotary club in an existing district must contact the governor of the district.

## BURNING FLAME!

Once upon a time there was a piece of iron which was very strong, One after another, the ax, the saw, the hammer, and the flame tried to break it.

“I’ll master it,” said the ax. Its blows fell heavily on the iron, but every blow made its edge more blunt until it ceased to strike.

“Leave it to me,” said the saw; and it worked backward and forward on the iron’s surface until it’s jagged teeth were all worn and broken. Then it fell aside.

“Ah! Said the hammer. “I knew you wouldn’t succeed. “I’ll show you the way.” But at the first fierce blow, off flew its head and the iron remained as before.

“Shall I try?” asked the small soft flame.

“Forgot it,” all replied. What can you do?

But the flame curled around the iron, embraced it, and never left the room until it melted under the flame’s irresistible influence.

### Our Take:

The power of the flame is like the power and influence that possesses.... If, as a club, we come together to engage our individual and collective resources..

then certainly we can change lives and show how everything /everyone in this world is connected.

## Top 25 Beauty Tips for Women

1. Cleanse, tone, and moisturize your skin routinely twice a day, morning and evening with skin care products suitable for your skin type.
2. Make sure your skin is makeup free and clean before hitting the bed so that your skin can breathe while you are sleeping.
3. Refrigerate your face mask and face scrub for 15 minutes before use. Your skin would feel instantly fresh.
4. To remove tan, in a bit of cucumber juice, add a few drops of lemon and apply on the face with the help of cotton. Wash off after 20 minutes.
5. To get rid of dark circles, cut a raw potato in slices and apply it directly on the eyes and relax.
6. Take the juice out of grated potato and apply it on the skin, keep it on for 30 minutes to lighten and brighten skin tone.
7. While going out, use sun protection factor of at least 30.
8. Use a mild facewash instead of harsh soaps on your face to keep the ph balance of the skin.
9. Get a facial clean up done once in a month.

10. Mix oatmeal with warm water and apply it directly on the face. Rinse off after 20 minutes. This mask will tighten up the facial skin and also has a calming effect on the skin.
11. Mash a few strawberries and rub them on your teeth. Do this regularly for pearly white teeth.
12. Always use lukewarm water to wash your hair.
13. Apply body lotion right after the shower, this way, you would be able to lock in moisture into the skin.
14. Exfoliate your skin once a week. This way, you would be able to clear off dead skin cells.
15. Include lots of leafy and green vegetables and fruits in your diet, to help in the detoxification process.
16. For soft and pink lips, apply clarified butter or ghee on your lips before hitting the bed.
17. Use a mixture of saffron, yogurt, and besan to brighten and lighten your skin.
18. For soft lips, apply a bit of Vaseline on your lips and then

use a toothbrush to massage the lips to exfoliate.

19. The best time to shave your legs is right after you had the shower, to avoid nicks and cuts.

20. Use a white eye pencil on your waterline to make your eyes appear wider and bigger.

21. If you have dry skin, use Pond's cold cream to remove makeup.

22. Women with oily and sensitive skin should pick up alcohol-free toners and skin care products.

23. For Asian beauties, grooming eyebrows with brown eye pencil looks much natural than with a black one.

24. Massaging the face with ice cubes prior to makeup will help your makeup last longer.

25. Apply mascara on both the upper and lower lashes to get that "wide awake" look.

### Educate on Protecting Your Water Sources

World Polio Day, October 24th was established by Rotary International to commemorate the birth of Jonas Salk, who led the team that developed the polio vaccine.

The Polio virus is often spread through contaminated drinking water, so WASHRAG is holding a competition to encourage clubs to recognize projects that are Most Impactful or Most Innovative in regards to improving the quality of water and/or awareness in your community. Use your imagination to find ways to educate your community on the importance of protecting its water sources. For more details go to: World Polio Day Competition

Submit brief description of your project, by Dec. 1, 2019 to [Info@wasrag.org](mailto:Info@wasrag.org)
