54 years of Service Above Self

In 1965, then District Governor Alfonso “Poncing” Oboza and Pres. Leon “Leony” Garcia of the Rotary Club of Davao thought of organizing the 2nd Rotary Club in the City of Davao. Thus was born the Rotary Club of East Davao (RCED).

On December 1, 1965, the RCED charter was officially unveiled in a historical ceremony at the Davao Insular Hotel, with twenty-four (24) men signing-up to be charter members, 10 of whom were from the sponsoring club, RC Davao.

From its inception, RCED called Davao Insular Hotel its home, as it was the venue for its weekly Tuesday club meetings. In 2007, the club opted to transfer its meetings to the Marco Polo Hotel.

Through the years, many RCED Past Presidents (and members) were privileged to serve in various District and Rotary International (RI) positions. To name a few:

1. As DISTRICT GOVERNORS

Atty. Honesto “Totoy” Cabarroguis	1983-1984
Dr. Herminio “Hermie” Villano	1989-1990
Reynaldo “Boy” Reyes	1995-1996
Raoul Hilario+	1999-2000
Amb. Ramon “Monet” Tirol+	2001-2002

Another member also had the honor to serve as District Governors, but this happened after they transferred to other clubs in the city, namely Salvador “Bading” Angala of RC West Davao in RY 1975-1976.

2. As REPRESENTATIVES

PDG Totoy served as DISTRICT 3860’s representative to the Council of Legislation which convened in Anaheim, California in 1992. He was also member of the vital Committee on Extension representing Zone 4 (encompassing 21 districts in Southeast Asia).

PDG Boy Reyes was District 3680’s representative to the Council of Legislation which was held in Chicago in 2007.

3. As GROUP STUDY EXCHANGE TEAM LEADERS

- PDS Ben Panganiban to D591 in Florida
- PDG Totoy Cabarroguis to D611 in Arkansas, Kansas, Missouri, and Oklahoma
- PDG Hermie Villano to D6296 in North Western Michigan and Sault St. Marie, Canada
- PP Rizal Aportadera to D712 in New York
- PDG Raoul Hilario to D5670 in Kansas
- PP Tino de Jesus to D7640 in New Jersey
- PP Edsa Sancho to D5150 in San Francisco
- PP Hecky Maniquis to D5020 in Seattle, Washington
- PP Nandie Subido to D6400 in Detroit, Michigan and Ontario, Canada and Team Member to District 6630 Cleveland Ohio, 1982
- PP Jesse Fortich to D6200 in Louisiana

Through the years, the club has embarked on numerous community projects, (i.e., donated artesian wells, school buildings, books, clothings, scholarships, conducted medical and dental missions, disaster response, etc.) all in pursuit of Rotary’s Theme of “Service Above Self.” (Please see next page, RCED @ WORK, for a list of some of the more recent major projects the club has under taken).

A cornerstone project that the club has been known for is its scholarship program. Here, the club offers the scholarship to deserving and highly motivated high school students, who have graduated and have proven themselves in the academic field. One major condition is that they must come from families who are economically challenged and may not enrol in college without assistance. The student applicant must be willing to take and finish an education course—and be teachers of tomorrow. The objective of this approach is so that they will become agents of change who are skilled to educate the growing populace in our communities—eventually helping fight poverty.

This is made possible because of the numerous RCED Members’ contribution and/or joint “ventures” that the club tries to build. One very successful example of this is the college-scholarship at the Holy Cross of Davao College—a joint project with the Oikawa Scholarship Program and by the San Josue Scholarship. Through the efforts of PDG Boy Reyes, PDG Raoul Hilario, and PP Mickey Miyake, Matching club arrangements with Japanese Clubs RC

Wakayanagi, RC Funabashi West and RC Ishinomaki South were arranged—resulting to the annual exchange of goodwill visits and the flow of donations from Japan for the projects.

At RCED we take the word “INTERNATIONAL” seriously. This is clearly seen in the different nationalities of its member (Filipinos, Americans, Europeans, Australians, Japanese, and many others). For some time now, the honorable consuls of Japan, Indonesia, and Malaysia are/were honorary members. In the Avenue of International Service, the club organized the Rotary Club of Manado, Indonesia. A team led by PDG Boy Reyes and PP Hecky Maniquis made sure they started on the right direction.

The strength of the club lies in its membership mix and the members’ passion for service. To date, RCED is still considered as club of the biggest of D3860.

RCED is an ardent supporter of The Rotary Foundation having in its roster several Major Donors, Multiple Paul Harris Fellows, PHFs and PHSMS.

To the club members, being able to BE OF SERVICE to others is more than enough reward. This philosophy has made the club stronger, more effective, and somehow “stand-out”... eventually it helped the club earn numerous awards and recognition from the District and from RI. To name a few:

- RI Asia Pacific Presidential plaque given by RI Pres. Frank Devlyn
- Global Quest award for membership growth in Zone 7 District
- PP Mickey Miyake - RI the highest award to a Rotarian, the “RI Service Above Self”
- Our Presidents and Club Secretaries have also been consistent awardees.
- Most Outstanding Club Bulletin for a number of years.

To RCED, these awards and recognitions are reminders, if not challenges, to do more for the community and mankind.

The succeeding decades will surely find Rotary Club of East Davao (RCED) in the forefront of Rotary’s motto of “Service Above Self” and the Implementation of the District Governor’s and RI President’s Challenges.

Together, we Transform Lives

Together, we Open Doors of Opportunities

Lets us all Welcome
Rotary Year 2020-2021.

President's Corner

PRES. ROSSANO C. LUGA
Club President, RY 2020-2021

Today we talk about important matters discussed by RI 3860 District Governor's during his visit to our Rotary Club of East Davao last October 20, 2020:

These matters are far too important not to be reiterated.

1) **Rotary Foundation Global Grant # 2092854** - Barangay Vicente Hizon, Sr. Health Center Rehabilitation Project, Area of Focus - Maternal and Child Health

Completion of this project allows our club to reach under served communities regardless of their ability to pay. Once this project is finished, The RCED can undertake several other community service activities.

VP Darwin said that we are making headways towards connecting with the Officials Local Barangay and City Engineers Office in order to expedite its completion.

2) **Interact Club of East Davao F. Bangoy National High School Chapter - For Reactivation**

Through our secretary, we have been able to connect with The Rotary International Support Center. Once they have determined that the requirements that we have submitted are in order, The RI will process the certification within an approximate period of five weeks.

3) **100% Foundation Giving Club**

For clubs that achieve an average of \$100 in per capita giving and 100 percent participation, with every dues-paying member contributing at least \$25 to any or all of the following during the Rotary year: Annual Fund, PolioPlus Fund, approved global grants, or Endowment Fund. (www.rotary.org)

We set our sights on achieving the above-mentioned TRF Recognition.

4) **IPP Patrick Capili to convene Council of Presidents** to discuss among others,

- 4.1. Plans for the RCED Charter Day Celebration
- 4.2. Club election slated December 8, 2020

5) **A4 supplies for Education Program**

6) Campaign to increase the number of members **To Register with my.rotary account.** (turn to page 13 for step by step instruction in registering to My Rotary Account)

POINT OF VIEW

Editor in Chief, RED Chronicle

The Importance of Giving...

I love this story from Katharine Hepburn's childhood; in her own words.

"Once when I was a teenager, my father and I were standing in line to buy tickets for the circus.

Finally, there was only one other family between us and the ticket counter. This family made a big impression on me.

There were eight children, all probably under the age of 12. The way they were dressed, you could tell they didn't have a lot of money, but their clothes were neat and clean.

The children were well-behaved, all of them standing in line, two-by-two behind their parents, holding hands. They were excitedly jabbering about the clowns, animals, and all the acts they would be seeing that night. By their excitement you could sense they had never been to the circus before. It would be a highlight of their lives.

The father and mother were at the head of the pack standing proud as could be. The mother was holding her husband's hand, looking up at him as if to say, "You're my knight in shining armor." He was smiling and enjoying seeing his family happy.

The ticket lady asked the man how many tickets he wanted? He proudly responded, "I'd like to buy eight children's tickets and two adult tickets, so I can take my family to the circus." The ticket lady stated the price.

The man's wife let go of his hand, her head dropped, the man's lip began to quiver. Then he leaned a little closer and asked, "How much did you say?" The ticket lady again stated the price.

The man didn't have enough money. How was he supposed to turn and tell his eight kids that he didn't have enough money to take them to the circus?

Seeing what was going on, my dad reached into his pocket, pulled out a \$20 bill, and then dropped it on the ground. (We were not wealthy in any sense of the word!) My father bent down, picked up the \$20 bill, tapped the man on the shoulder and said, "Excuse me, sir, this fell out of your pocket."

The man understood what was going on. He wasn't begging for a handout but certainly appreciated the help in a desperate, heartbreaking and embarrassing situation.

He looked straight into my dad's eyes, took my dad's hand in both of his, squeezed tightly onto the \$20 bill, and with his lip quivering and a tear streaming down his cheek, he replied; "Thank you, thank you, sir. This really means a lot to me and my family."

My father and I went back to our car and drove home. The \$20 that my dad gave away is what we were going to buy our own tickets with.

Although we didn't get to see the circus that night, we both felt a joy inside us that was far greater than seeing the circus could ever provide.

That day I learnt the value to Give. The Giver is bigger than the Receiver. If you want to be large, larger than life, learn to Give. Love has nothing to do with what you are expecting to get - only with what you are expecting to give - which is everything.

The importance of giving, blessing others can never be over emphasized because there's always joy in giving. Learn to make someone happy by acts of giving." ~ Katharine Hepburn

Bits & Pieces

COVID 19: *The MOST Dangerous Public Place*...

These days, risk assessment is a calculation we make each time we leave our home. Wherever we are headed, we think about the risks we may be exposed to covid. But not even experts can tell us with certainty which public places are safe & which aren't.

However a new study has revealed ONE place you should absolutely AVOID if possible. The research was published in the journal Physics of Fluids - Scientists looked at whether *covid could be easily spread in public restrooms*

They used computers to simulate particle movement that occurs with the act of flushing. They found that when a urinal/toilet flushes, it ejects a cloud of tiny particles which potentially carry covid virus.

Although both urinals & toilets send germ-laden vapor into the air, urinals actually emit it faster & farther, the study found. This means men's room may be more infectious than the ladies'.

"From our work, it can be inferred that urinal flushing indeed promotes the spread of bacteria & viruses," said Dr. Xiangdong Liu, one of the study authors. Mask wearing should be mandatory in public restrooms during the pandemic, Dr. Liu said.

Can't Hold It? Here are *4ways to make using a public restroom safer* :

1. Mask up before going in. You should be wearing a mask in all public places.
2. Get in, get out quickly... Don't spend any more time than you need to inside a restroom.
3. Men shouldn't use a urinal - use a toilet stall instead
4. Don't use an air hand dryer

The *BEST* Way to Dry Your Hands to Stop Covid :

Scientists at the University of Westminster examined 3 hand drying options:

- * Paper towels.
- * Warm air dryers - old fashioned blowers with a nozzle that shoots air downward onto your hands.
- * Jet dryers - the newer device with a slot into which you place your hands. They shoot out air at 300 mph.

The researchers asked subjects to dip their gloved hands into a solution of a harmless virus. Then, after giving their hands a quick shake, they tried one of the 3 drying methods. Finally, samples were collected from the air & surfaces at different distances from where the drying took place.

The verdict... Jet blower is a germ-spewing machine. It spread 1,300 times more microbes around the bathroom than paper towels! Some of the virus particles landed 10ft away. Jet dryers were 60 times worst than regular warm air hand dryers.

Researchers concluded that jet dryers not only put the person who is drying his hands at risk... they also endanger others in the bathroom at the same time.

The scientists said warm air blowers are somewhat better bec they push germs towards the floor but paper towels are the BEST.

Another study also found that air dryers are bad option...

It was published in the journal of Applied & Environmental Microbiology - Scientists brought plates into restrooms. They exposed some of the plates to 30 seconds of air blown from hand dryers & let the other plates just sit on restroom counters for 2mins.

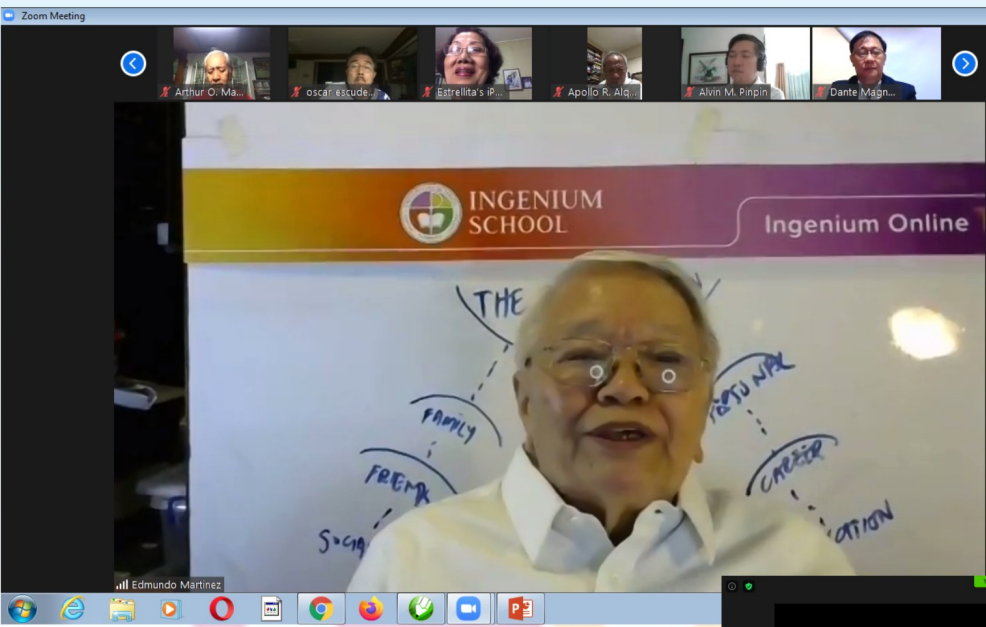

The plates that sat out had fewer than one germ colony on them. The air-blasted plates had 18-60 colonies! That's what you could also expect on your hands after using them.

The researchers believe hand dryers act as germ "reservoirs." Dr. Peter Setlow who led the plate study, says he now uses paper towels to dry his hands.

AVOID public restrooms when possible. But if you have to go, take precautions to be as safe as possible.
