In 1965, then District Governor Alfonso “Poncing” Oboza and Pres. Leon “Leony” Garcia of the Rotary Club of Davao thought of organizing the 2nd Rotary Club in the city. This was born the Rotary Club of East Davao. Twenty-four (24) men signed as charter members, 10 of whom were from the sponsoring club, RC Davao. On December 1, 1965, the charter was officially presented in a historical ceremony at the Davao Insular Hotel, the venue of club meetings until 2007 when the club transferred its meetings to Marco Polo Hotel. Of the 56 Past Presidents of the Club, many were privileged to serve the District and RI in higher capacities, to wit:

DISTRICT GOVERNORS

- 1975-1976 **Salvador “Bading” Angala** - President RY 1970-71
- 1983-1984 **Honesto “Totoy” Cabarroguis** - President RY 1975-76
- 1989-1990 **Herminio “Hermie” Villano** - President RY 1979-80
- 1995-1996 **Reynaldo “Boy” Reyes** - President RY 1983-84
- 1999-2000 **Raoul E. Hilario+** - President RY 1989-90
- 2001-2002 **Ramon “Monet” Tirol+** - Charter President RC Central Davao RY 1975-1976
- 2020-2021 **Rodel Riezl “Riz” S. Reyes** - President RY 2005-06

- Through the years, RCED was responsible for chartering the following clubs:
- Rotary Club of Central Davao – August 25, 1975 with PDG Ramon Tirol a member of RCED as Charter President
- Rotary Club of Metro Tagum – April 11, 1990
- Rotary Club of Waling Waling Davao – January 22, 1992 the first All-Female Club in District 3860
- Rotary Club of Mati East – October 26, 2005

Through the years, the club has embarked on numerous community projects, i.e. donated artesian wells, school buildings, books, clothing's, scholarships, etc. beneficial to the less fortunate.

The signature project of the club is its extensive medical and dental missions in several remote areas in the whole Island of Mindanao. Through the TRF Matching Grants the club manufactured a Mobile Operating Van which is used during these missions with volunteer doctors and surgeons from the Maharlika Charity Foundation Inc. under the leadership of Past President Rizal D. Apotadera. A spin off of these medical missions we have also provided Ambulances for 2 provinces with the assistance of the Rotary Club of Wakayangi thru its active leader PAG Atsushi Sasaki.

55 years of Service Above Self

Another worthwhile project that has been going on for years is the college-scholarship at the Holy Cross of Davao College / University of Southeastern Philippines funded by the Oikawa Scholarship Fund, San Josue Scholarship, AY Foundation and the club benevolent members. The scholars eventually become teachers and become agents to educate the growing populace in our communities. To date we have 30 successful graduates and now teaching in different schools here around the city.

Through the efforts of PDG Boy Reyes, PDG Raoul Hilario, and PP Mickey Miyake, match club arrangements with Japanese Clubs RC Wakayanagi, RC Funabashi West, RC Ishinomaki South and RC Funabashi West were arranged resulting to the annual exchange of goodwill visits and the flow of donations from Japan for our projects. An offshoot of these goodwill visits is the establishment of a short-term Youth Exchange where sons/daughters of our club members go to Japan on summer vacations and are hosted by our match clubs.

The club is a consistent supporter of The Rotary Foundation being the "100% All Paul Harris Club" having in its roster 8 Major Donors, 30 Multiple Paul Harris Fellows, 131 PHFs and 62 PHSMs. In recognition of the numerous club projects and services of its members, the club has been a consistent recipient of awards from RI.

The club is a recipient of the prestigious **RI Asia Pacific Presidential plaque** given by RI Pres. Frank Devlyn in a fitting ceremony in Manila. The Club was one of the top 10 clubs worldwide recognized as a recipient of the **Global Quest award** for membership growth in Zone 7. PP Mickey Miyake was awarded by RI the highest award to a Rotarian, the **RI Service Above Self Award** in 2004. Our Presidents and Club Secretaries have also been consistent awardees during DISTAS. Our club bulletin has been consistently recognized as the Most Outstanding Club Bulletin for a number of years.

The strength of the club lies in its membership mix and the members' passion for service. In its roster is an Englishman, an American, and three Japanese. For some time, the honorable consuls of Japan, Indonesia, and Malaysia were honorary members. The awards RCED received are challenges to do more for the community and mankind. The succeeding decades will surely find the **Rotary Club of East Davao** in the forefront of Rotary's motto of "Service Above Self" and the Implementation of the District Governor's and RI President's Challenges.

With these simple accomplishments, this has been the clubs gauge in keeping its goal to Serve Humanity. We changed the lives of several people in our community and remain to be inspired in Doing Good to the World.

INVOCATION

Heavenly Father, as we start out the week, we have a thankful heart. Even though it has been difficult the last couple of years for many, we even look forward to the future with hope. Many people are hurting emotionally, physically and financially, because of these two difficult years we've gone through! I ask that you would lift their spirits today and give them hope as You meet their needs. To those who are sick in body, bring them the healing touch they've been praying for and give them peace. Draw all of us closer to You today, as the Holy Spirit continues to lead our way! Our Father, we are very thankful of other nations' compassion and generosity to us specially after the devastation our country has incurred after the wrath of typhoon Odette. Thank you so much Canada and Prime Minister Justin Trudeau for the 120 million pesos donation distributed to your different charitable agencies here and from the Holy Father, the Pope of the 100,000 Euros which will greatly help our most affected countrymen and also the other nations' great contributions! May God bless you all!

Father, at his point, we'd like to congratulate our elected officers and we commit our full cooperation on all our club's undertakings! All these we pray in Jesus name ! Amen

POV

POINT OF VIEW

VP RAPHAEL E. APOLINARIO VI

Editor in Chief, RED Chronicle

First day of class, the law teacher walked in." The first thing he did was ask for the name of a student sitting in the front row:

What's your name?

My name is Nelson.

Get out of my class and never come back! he ordered him.

Nelson was confused. The teacher was heading towards him, he got up quickly, packed up his stuff and left the classroom.

Everyone was scared and outraged but no one was talking.

Very Good! Let's get it started. What are laws for? asked the teacher.

The students were still scared, but slowly they started answering the question.

To have order in our society.

No!

So that people pay for their actions.

No! Does anyone know the answer to this question?

For justice to be done, spoke shy a young girl.

Finally! Justice! But what is justice?

Everyone was starting to get mad at the teachers attitude. However, they kept answering.

To protect the rights of the people.

Okay. But still?

To differentiate good from bad, to reward those who do good.

Okay, so answer this question: Did I act correctly when I kicked Nelson out of class?

Everyone was silent, no one responded.

I want an unanimous answer!

NO! They answered with one voice.

Could we say I committed an injustice?

Yes!

And why has nobody done anything about it? Why do we want laws and rules if we don't have the will to practice them? Each of you is obliged to speak up when you witness an injustice. All of you. Don't ever stay quiet again!

Go and get Nelson. After all, he is the teacher, I'm from another period.

You know, when we don't stand up for our rights, dignity is lost, and dignity can't be negotiated. "

SPEAKER'S PROFILE

OSCAR GETUYA CASAYSAY

My name is OCA and my friends lovingly claim that it actually stands for "Organizing for Culture and Arts". When I ran for Davao City Councilor in 2013, my campaign slogan was "OCA Mismo" because my main agenda was to organize Davao's artists, artisans, and cultural workers into a major political force that will be taken seriously.

Organizing for culture and the arts has been my life's work. I started young by getting involved in school plays in an elementary school ran by the RVM nuns, carrying the same passion to my high school days at the premier public secondary school in the Davao region, the Davao City National High School. However, it was really in college at the University of Mindanao, the largest learning institution in the south, where my awareness of social issues deepened, seeing art—particularly the performing arts—as a powerful tool in creating social awareness and in organizing the youth against the dictatorship.

My initiation to the anti-dictatorship struggle and the broader national democratic movement in the late 70s up to the 80s started by heading our theater organization at the university, a position which molded my reputation as an esteemed student leader in Davao. After college, I became Secretary-General of BAYAN Mindanao which was then chaired by now Labor Secretary Silvestre "Bebot" H. Bello. Throughout my political activism and community organizing at the time of nationwide social unrest that extended up to Davao, I was steadfast in the promotion of culture and the arts, regarding the same as the heart and soul of my life mission.

I had theater training under PETA and Kulturang Atin Foundation Inc. (KAFI) led by Nestor Horquilla. I later became the Executive Director of the Kaliwat Performing Artists Collective, a post I had to sadly give up in favor my recent appointment to the NCCA.

My government work started in the Senate where I was part of the legislative staff of then Senator Gregorio B. Honasan II in 1995. Afterwards I served as community relations coordinator of the Davao City Government under Mayor Rodrigo R. Duterte from 1997-98 and 2004-2010. Mayor Duterte made me in-charge of organizing and managing the city's major festivals: Araw ng Davao, Kadayawan Festival, and Pasko Fiesta sa Davao, as well as Chinatown events and Museo Dabawenyo events. I also served as a Trustee of the Davao Historical Society and a consultant of the Davao City Culture and Arts Council.

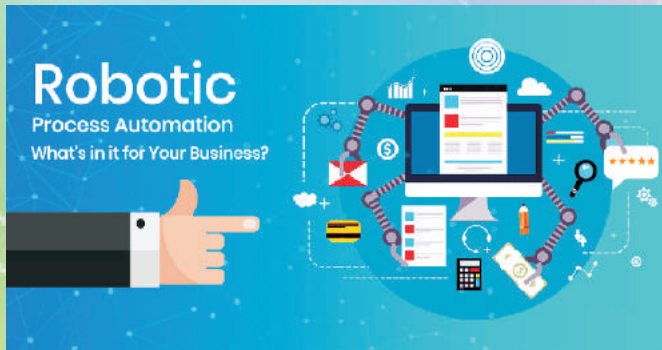

In between my stint at the Davao City Hall, I worked at the Office of the Executive Secretary in Malacañang. While working in Metro Manila, I took my Masters in Community Development at the University of the Philippines-Diliman. By then, my decades-long experience in organizing on the ground validated the theories we were taught.

In 2010, I worked with Governor Claude P. Bautista in taking care of the tourism and cultural programs of Davao del Sur and Davao Occidental. When Mayor Duterte became President in 2016, I was assigned to the Office of the Presidential Adviser on the Peace Process (OPPAP) to handle people's participation in the peace process through People's Peace Tables and Peace Festivals nationwide and with overseas Filipino communities.

Now that I have been appointed as the Executive Director of the NCCA, I am coming in with an enduring and firm belief in the power of culture and the arts in transforming people and society. ###

Bits & Pieces

What is robotic process automation?

Robotic process automation (RPA) is a software technology that makes it easy to build, deploy, and manage software robots that emulate humans actions interacting with digital systems and software. Just like people, software robots can do things like understand what's on a screen, complete the right keystrokes, navigate systems, identify and extract data, and perform a wide range of defined actions. But software robots can do it faster and more consistently than people, without the need to get up and stretch or take a coffee break.

What are the business benefits of RPA?

Robotic process automation streamlines workflows, which makes organizations more profitable, flexible, and responsive. It also increases employee satisfaction, engagement, and productivity by removing mundane tasks from their workdays.

RPA is noninvasive and can be rapidly implemented to accelerate digital transformation. And it's ideal for automating workflows that

involve legacy systems that lack APIs, virtual desktop infrastructures (VDIs), or database access.

Why is RPA transformative?

RPA technology is changing how the world gets work done.

Software robots—instead of people—do repetitive and lower-value work, like logging into applications and systems, moving files and folders, extracting, copying, and inserting data, filling in forms, and completing routine analyses and reports. Advanced robots can even perform cognitive processes, like interpreting text, engaging in chats and conversations, understanding unstructured data, and applying advanced machine learning models to make complex decisions.

When robots do these types of repetitive, high-volume tasks, humans are freed to focus on the things they do best and enjoy more: innovating, collaborating, creating, and interacting with customers. Enterprises get a boost too: higher productivity, efficiency, and resilience. It's no wonder that RPA is rewriting the story of work.

Where can RPA be used?

Today, RPA is driving new efficiencies and freeing people from repetitive tedium across a broad swath of industries and processes. Enterprises in industries ranging from financial services to healthcare to manufacturing to the public sector to retail and far beyond have implemented RPA in areas as diverse as finance, compliance, legal, customer service, operations, and IT. And that's just for starters. RPA has become so widespread because it is broadly applicable. Virtually any high-volume, business-rules-driven, repeatable process is a great candidate for automation—and increasingly so are cognitive processes that require higher-order AI skills.

What features and capabilities are important in RPA technology?

To build and manage an enterprise-wide RPA program, you need technology that can go far beyond simply helping you automate a single process. You require a platform that can help you create and manage a new enterprise-wide capability and help you become a fully automated enterprise™. Your RPA technology must support you end-to-end, from discovering great automation opportunities everywhere, to quickly building high-performing robots, to managing thousands of automated workflows.
