14.) A FIRETRUCK to Davao Volunteer Fire Brigade, Inc. a joint project with our sister club — Rotary Club of Funabashi West, Chiba, Japan. Likewise assisting them in the annual maintenance of the unit.

In 1965, then District Governor Alfonso "Poncing" Oboza and Pres. Leon "Leony" Garcia of the Rotary Club of Davao thought of organizing the 2nd Rotary Club in the city. Thus was born the Rotary Club of East Davao. Twenty-four (24) men signed as charter members, 10 of whom were from the sponsoring club, RC Davao. On December 1, 1965, the charter was officially presented in a historical ceremony at the Davao Insular Hotel, the venue of club meetings until 2007 when the club transferred its meetings to Marco Polo Hotel. Of the 56 Past Presidents of the Club, many were privileged to serve the District and RI in higher capacities, to wit:

DISTRICT GOVERNORS

- 1975-1976 **Salvador "Bading" Angala** - President RY 1970-71
- 1983-1984 **Honesto "Totoy" Cabarroguis** - President RY 1975-76
- 1989-1990 **Herminio "Hermie" Villano** - President RY 1979-80
- 1995-1996 **Reynaldo "Boy" Reyes** - President RY 1983-84
- 1999-2000 **Raoul E. Hilario+** - President RY 1989-90
- 2001-2002 **Ramon "Monet" Tirol+** - Charter President RC Central Davao RY 1975-1976
- 2020-2021 **Rodel Riezl "Riz" S. Reyes** - President RY 2005-06

- Through the years, RCED was responsible for chartering the following clubs:
- Rotary Club of Central Davao – August 25, 1975 with PDG Ramon Tirol a member of RCED as Charter President
- Rotary Club of Metro Tagum – April 11, 1990
- Rotary Club of Waling Waling Davao – January 22, 1992 the first All-Female Club in District 3860
- Rotary Club of Mati East – October 26, 2005

Through the years, the club has embarked on numerous community projects, i.e. donated artesian wells, school buildings, books, clothing's, scholarships, etc. beneficial to the less fortunate.

The signature project of the club is its extensive medical and dental missions in several remote areas in the whole Island of Mindanao. Through the TRF Matching Grants the club manufactured a Mobile Operating Van which is used during these missions with volunteer doctors and surgeons from the Maharlika Charity Foundation Inc. under the leadership of Past President Rizal D. Apotadera. A spin off of these medical missions we have also provided Ambulances for 2 provinces with the assistance of the Rotary Club of Wakayangi thru its active leader PAG Atsushi Sasaki.

56 years of Service Above Self

Another worthwhile project that has been going on for years is the college-scholarship at the Holy Cross of Davao College / University of Southeastern Philippines funded by the Oikawa Scholarship Fund, San Josue Scholarship, AY Foundation and the club benevolent members. The scholars eventually become teachers and become agents to educate the growing populace in our communities. To date we have 30 successful graduates and now teaching in different schools here around the city.

Through the efforts of PDG Boy Reyes, PDG Raoul Hilario, and PP Mickey Miyake, match club arrangements with Japanese Clubs RC Wakayanagi, RC Funabashi West, RC Ishinomaki South and RC Funabashi West were arranged resulting to the annual exchange of goodwill visits and the flow of donations from Japan for our projects. An offshoot of these goodwill visits is the establishment of a short-term Youth Exchange where sons/daughters of our club members go to Japan on summer vacations and are hosted by our match clubs.

The club is a consistent supporter of The Rotary Foundation being the "100% All Paul Harris Club" having in its roster 8 Major Donors, 30 Multiple Paul Harris Fellows, 131 PHFs and 62 PHSMs. In recognition of the numerous club projects and services of its members, the club has been a consistent recipient of awards from RI.

The club is a recipient of the prestigious **RI Asia Pacific Presidential plaque** given by RI Pres. Frank Devlyn in a fitting ceremony in Manila. The Club was one of the top 10 clubs worldwide recognized as a recipient of the **Global Quest award** for membership growth in Zone 7. PP Mickey Miyake was awarded by RI the highest award to a Rotarian, the **RI Service Above Self Award** in 2004. Our Presidents and Club Secretaries have also been consistent awardees during DISTAS. Our club bulletin has been consistently recognized as the Most Outstanding Club Bulletin for a number of years.

The strength of the club lies in its membership mix and the members' passion for service. In its roster is an Englishman, an American, and three Japanese. For some time, the honorable consuls of Japan, Indonesia, and Malaysia were honorary members. The awards RCED received are challenges to do more for the community and mankind. The succeeding decades will surely find the **Rotary Club of East Davao** in the forefront of Rotary's motto of "Service Above Self" and the Implementation of the District Governor's and RI President's Challenges.

With these simple accomplishments, this has been the clubs gauge in keeping its goal to Serve Humanity. We changed the lives of several people in our community and remain to be inspired in Doing Good to the World.

INVOCATION

Heavenly Father, You are the Almighty God with all power. You laid the foundations of the earth in the beginning and the heavens are the work of Your hands. They will perish but You will remain, they'll change but you are the same. This morning we are thankful for all that You had planned for us. We don't know what the day will bring but we ask for the strength to face it and to surrender ourselves to You. Give us the wisdom to discern what is good for us and what is not and to choose according to Your will. I would ask that You fill Your people with peace today and draw us closer to You, as the Holy Spirit continue to lead our way.

Father, we are burdened with the discovery of one of our PP a dreaded setback, found out that he has lung cancer discovered 3 to 4 months ago. He didn't mention what stgs he is in right now and what are his treatments. I suppose he must be undergoing chemotherapy as the standard of treatment. He further mentioned that hadn't been smoking since 4 decades now. Fellow members , the PP am talking about is no other than our dear Tony Ajero. I enjoy you all to please pray for his fast and complete recovery. Lastly Father, we pray also for our other members suffering from other ailments, some mild and others more severe to please help and relieved them completely. All these we pray in Jesus name. Amen

VP RAPHAEL E. APOLINARIO VI
Editor in Chief, RED Chronicle

When Nigerian billionaire Femi Otedola in a telephone interview, was asked by the radio presenter, "Sir, what can you remember that made you happiest in life?"

Femi said:

"I have gone through four stages of happiness in life and finally I understood the meaning of true happiness."

The **first stage was to accumulate wealth** and means. But at this stage I did not get the happiness I wanted.

Then came the **second stage: collecting valuables and items.**

But I realized that the effect of this thing is also temporary and the lustre of valuable things does not last long.

Then came the **third stage: getting big projects.**

That was when I was holding 95% of diesel supply in Nigeria and Africa. I was also the largest vessel owner in Africa and Asia. But even here, I did not get the happiness I had imagined.

The **fourth stage** was the time a friend of mine asked me to **buy wheelchairs for some disabled children.** Just about 200 kids.

At the friend's request, I immediately bought the wheelchairs.

But the friend insisted that I go with him and hand over the wheelchairs to the children myself. I got ready and went with him.

There I gave these wheelchairs to these children with my own hands. I saw the strange glow of happiness on the faces of these children. I saw them all sitting on the wheelchairs, moving around and having fun.

It was as if they had arrived at a picnic spot where they are sharing a jackpot winning.

I felt REAL joy inside me. When I decided to leave, one of the kids grabbed my legs. I tried to free my legs gently but the child stared at my face and held my legs tightly.

I bent down and asked the child: Do you need something else?

The answer this child gave me not only made me happy, but also changed my attitude to life completely. This child said:

"I want to remember your face so that when I meet you in heaven, I will be able to recognize you and thank you once again."

What would you be remembered for after you leave that office or place?

Will anyone desire to see your face again where it all matters?"

MESSAGE

Jennifer Jones

Rotary International President 2022-23

July 2022

“So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts ...”

Every month since I joined Rotary, I’ve looked forward to reading this magazine, especially the opening essay from our Rotary president. I’ll admit that as much as I appreciate a digital copy, I still revel in the tactile sensation of sitting down and leafing through the glossy pages. They are a treasure trove of photos and memorable stories about our great organization — the one we all know and love. I have learned so much over the years about service projects and lives that each of you have transformed.

As a communications professional, I have longed for the day that our stories were a regular part of mainstream media and that our flagship magazine might populate doctor’s offices, coffee shops, or anywhere else people sit, wait, and browse. It’s great that Rotary members are better informed about all we do, and wouldn’t it be that much better if more people knew our stories.

All this was top of mind as I thought about our plans for promoting Rotary worldwide in the upcoming year. Over the next 12 months, we are going to shine a light on projects that put Rotary service on display to the world, and we are going to do it strategically. Nick and I will focus on some of the highest impact, sustainable, and scalable Rotary projects from our areas of focus in what we call the Imagine Impact Tour.

We are inviting top-tier journalists, thought leaders, and influencers to use their channels to help us raise awareness by reaching people who want to serve but have not yet realized they can do it through Rotary.

But there was another important issue to consider — our carbon footprint. I take seriously Rotary’s emerging leadership position on environmental issues. The example set by our members during the pandemic is fundamental to how we carve out our future.

That means we will harness digital technology to tell these stories — we will be tweeting, posting, and “going live” to anyone who will listen. We must consider our environment, and part of that means not always traveling but continuing to connect in meaningful ways as we have for the past two years.

Of course, we are social people, and we still need to be together. We simply need to be more mindful of our decisions and think about how we get together just a little bit differently. For example, if we travel to visit a project, we will plan successive visits in neighboring areas.

So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts — your story might be something you can promote just as easily on social media or during a Zoom call. Think about ways to showcase notable projects in your clubs and districts.

We all feel the impact that Rotary service and values have on us. Now it’s our opportunity to share that feeling with others.

Random Trivia That Might Just Come in Handy

Bits & Pieces

Not only are these bits of random trivia fascinating, they also might come in handy from time to time. The chance of a coin landing heads-up is not 50-50

When you flip a coin, physics, not probability, determines how it will land. Mathematician Persi Diaconis found that a coin is slightly more likely to land on the face that was up when you flipped it. The way a coin lands is not “random”; it’s easy, with a little practice, to manipulate your coin flip so that it lands the way you want it. What’s more, if you’re spinning a coin, it’s more likely to land tails up, since the heads side weighs slightly more.

Money isn’t really made of paper

Turns out “paper money” is a bit of a misnomer! According to the Bureau of Printing and Engraving, money is actually 75 percent cotton and 25 percent linen, which “gives [it] its distinct look and feel.” Here are some more misnomers that don’t mean what you think they do. Plus, check out this random trivia about money.

At one point, you were the youngest person on Earth

The moment you were born, you were the youngest person in the world, however briefly. Pretty cool, right?

Sleeping burns more calories than watching TV

Yes, you burn calories in your sleep—and usually more than you do while watching the tube. The main reason for this is that our sleeping selves take in exactly zero calories, but while we’re

watching the tube, we often get tempted to eat. Commercials and product placement don’t help matters.

A banana is a berry (and a strawberry isn’t)

Talk about berry confusing! This is because a “berry” is technically a fruit with three distinct layers—a thick outer one; a middle one containing most of the edible fruit; and an inner one that contains the seeds. The fruit also must come from a flower with only one ovary. By this classification, grapes are berries as well, but strawberries aren’t. Botanists don’t seem to be particularly beholden to this naming system.

Only two body parts never stop growing

Well, three, technically: your nose and your ears. Once you’re “done growing” as an adolescent, the number of cells in most parts of your body remains fixed, meaning you don’t grow anymore. The cells themselves can still increase and decrease in size, meaning your overall body size can increase or decrease, but only cells in your nose and ears continue to duplicate.
