In 1965, then District Governor Alfonso "Poncing" Oboza and Pres. Leon "Leony" Garcia of the Rotary Club of Davao thought of organizing the 2nd Rotary Club in the city. Thus was born the Rotary Club of East Davao. Twenty-four (24) men signed as charter members, 10 of whom were from the sponsoring club, RC Davao. On December 1, 1965, the charter was officially presented in a historical ceremony at the Davao Insular Hotel, the venue of club meetings until 2007 when the club transferred its meetings to Marco Polo Hotel. Of the 56 Past Presidents of the Club, many were privileged to serve the District and RI in higher capacities, to wit:

DISTRICT GOVERNORS

- 1975-1976 **Salvador "Bading" Angala** - President RY 1970-71
- 1983-1984 **Honesto "Totoy" Cabarroguis** - President RY 1975-76
- 1989-1990 **Herminio "Hermie" Villano** - President RY 1979-80
- 1995-1996 **Reynaldo "Boy" Reyes** - President RY 1983-84
- 1999-2000 **Raoul E. Hilario+** - President RY 1989-90
- 2001-2002 **Ramon "Monet" Tirol+** - Charter President RC Central Davao RY 1975-1976
- 2020-2021 **Rodel Riezl "Riz" S. Reyes** - President RY 2005-06

- Through the years, RCED was responsible for chartering the following clubs:
- Rotary Club of Central Davao – August 25, 1975 with PDG Ramon Tirol a member of RCED as Charter President
- Rotary Club of Metro Tagum – April 11, 1990
- Rotary Club of Waling Waling Davao – January 22, 1992 the first All-Female Club in District 3860
- Rotary Club of Mati East – October 26, 2005

Through the years, the club has embarked on numerous community projects, i.e. donated artesian wells, school buildings, books, clothing's, scholarships, etc. beneficial to the less fortunate.

The signature project of the club is its extensive medical and dental missions in several remote areas in the whole Island of Mindanao. Through the TRF Matching Grants the club manufactured a Mobile Operating Van which is used during these missions with volunteer doctors and surgeons from the Maharlika Charity Foundation Inc. under the leadership of Past President Rizal D. Aportadera. A spin off of these medical missions we have also provided Ambulances for 2 provinces with the assistance of the Rotary Club of Wakayangi thru its active leader PAG Atsushi Sasaki.

56 years of Service Above Self

Another worthwhile project that has been going on for years is the college-scholarship at the Holy Cross of Davao College / University of Southeastern Philippines funded by the Oikawa Scholarship Fund, San Josue Scholarship, AY Foundation and the club benevolent members. The scholars eventually become teachers and become agents to educate the growing populace in our communities. To date we have 30 successful graduates and now teaching in different schools here around the city.

Through the efforts of PDG Boy Reyes, PDG Raoul Hilario, and PP Mickey Miyake, match club arrangements with Japanese Clubs RC Wakayanagi, RC Funabashi West, RC Ishinomaki South and RC Funabashi West were arranged resulting to the annual exchange of goodwill visits and the flow of donations from Japan for our projects. An offshoot of these goodwill visits is the establishment of a short-term Youth Exchange where sons/daughters of our club members go to Japan on summer vacations and are hosted by our match clubs.

The club is a consistent supporter of The Rotary Foundation being the "100% All Paul Harris Club" having in its roster 8 Major Donors, 30 Multiple Paul Harris Fellows, 131 PHFs and 62 PHSMs. In recognition of the numerous club projects and services of its members, the club has been a consistent recipient of awards from RI.

The club is a recipient of the prestigious **RI Asia Pacific Presidential plaque** given by RI Pres. Frank Devlyn in a fitting ceremony in Manila. The Club was one of the top 10 clubs worldwide recognized as a recipient of the **Global Quest award** for membership growth in Zone 7. PP Mickey Miyake was awarded by RI the highest award to a Rotarian, the **RI Service Above Self Award** in 2004. Our Presidents and Club Secretaries have also been consistent awardees during DISTAS. Our club bulletin has been consistently recognized as the Most Outstanding Club Bulletin for a number of years.

The strength of the club lies in its membership mix and the members' passion for service. In its roster is an Englishman, an American, and three Japanese. For some time, the honorable consuls of Japan, Indonesia, and Malaysia were honorary members. The awards RCED received are challenges to do more for the community and mankind. The succeeding decades will surely find the **Rotary Club of East Davao** in the forefront of Rotary's motto of "Service Above Self" and the Implementation of the District Governor's and RI President's Challenges.

With these simple accomplishments, this has been the clubs gauge in keeping its goal to Serve Humanity. We changed the lives of several people in our community and remain to be inspired in Doing Good to the World.

GOOD DEEDS COULD CHANGE THE WORLD

This is a nice story to share:

“Every Sunday morning I take a light jog around a park near my home. There’s a lake located in one corner of the park. Each time I jog by this lake, I see the same elderly woman sitting at the water’s edge with a small metal cage sitting beside her.

This past Sunday my curiosity got the best of me, so I stopped jogging and walked over to her. As I got closer, I realized that the metal cage was in fact a small trap. There were three turtles, unharmed, slowly walking around the base of the trap. She had a fourth turtle in her lap that she was carefully scrubbing with a spongy brush.

‘Hello,’ I said. ‘I see you here every Sunday morning. If you don’t mind my nosiness, I’d love to know what you’re doing with these turtles.’

She smiled. ‘I’m cleaning off their shells,’ she replied. ‘Anything on a turtle’s shell, like algae or scum, reduces the turtle’s ability to absorb heat and impedes its ability to swim. It can also corrode and weaken the shell over time.’

‘Wow! That’s really nice of you!’ I exclaimed. She went on: ‘I spend a couple of hours each Sunday morning, relaxing by this lake and helping these little guys out. It’s my own strange way of making a difference.’

‘But don’t most freshwater turtles live their whole lives with algae and scum hanging from their shells?’ I asked.

‘Yep, sadly, they do,’ she replied.

I scratched my head. ‘Well then, don’t you think your time could be better spent? I mean, I think your efforts are kind and all, but there are fresh water turtles living in lakes all around the world. And 99% of these turtles don’t have kind people like you to help them clean off their shells. So, no offense... but how exactly are your localized efforts here truly making a difference?’

The woman giggled aloud. She then looked down at the turtle in her lap, scrubbed off the last piece of algae from its shell, and said, ‘Sweetie, if this little guy could talk, he’d tell you I just made all the difference in the world.’”

What’s your take on this?

IMAGINE ROTARY ... SERVICE ABOVE SELF!

MESSAGE

Jennifer Jones

November 2022

**“Through our commitment,
generosity, and sheer determination,
we will #EndPolio ...**

Being asked to Imagine Rotary can seem like a big, heady exercise, but the most important element of it is something quite small, even personal.

Not too long ago, Rotary members were expected to perform our acts of service quietly. I understood and appreciated the thought behind that — humility is a wonderful trait, and we should continue to nurture it in other ways.

But keeping Rotary to ourselves has a cost. and by sharing our Rotary moments, we are being generous with others and giving them an opportunity to understand the impact of Rotary.

It brings to mind that wonderful aphorism: “People will forget what you said. People will forget what you did. But people will never forget how you made them feel.”

So how do we make people feel Rotary? The best way is to share our Rotary moments. We have all had them — when the ordinary collides with intention to create something extraordinary.

Some people have those Rotary moments the first time they go to a meeting. For others, it can take years, before seeing the joy in the eyes of someone we serve. Or perhaps in hearing from another member something that hit close to home.

As Nick and I share this journey, we are amazed at the work you are performing and the lives that are transforming. Throughout the year, I’m going to share with you the sights and the stories that made those tours meaningful for us.

I hope you can do the same in your corner of Rotary. It can be something you share in meetings or on social media. For the most savvy and ambitious, it could be an event you publicize with local media. Even sharing your stories with friends has impact.

We need ambassadors for Rotary’s message and our dreams for a better world. The best ambassadors are you. The more you share stories — and share them from the heart — the more you encourage others to partner with us, to join us, and to stay.

To give you just one small example, in the months ahead, I will be turning over this column to Rotary members who will share their personal stories as they relate to diversity, equity, and inclusion in our organization. It’s important that we hear these stories directly from the people who experienced them as a way of feeling the importance of DEI for the future of Rotary.

In everything we do, what people feel about Rotary will shape our future. I can only imagine what you will inspire through the stories you’ll tell.

11 Reasons to Marry an Intelligent Woman

We look for many traits when trying to find ourselves a significant other, and while we are usually looking for a complete package, (that's usually why people are found taking a should I marry her quiz) there is always that one trait that we place above all others;

Some people looking for a significantly attractive partner, others are looking for money and some people like to have a funny gal around. But the truth is, the most important thing that you should be looking for in a potential husband or wife is intelligence. **An intelligent woman is definitely the best woman to marry!**

Now, here are 11 reasons to marry her;

11. An intelligent woman will always help you solve problems:

Having a hard working and intelligent woman with you, living under the same roof, will change your life in ways that you **can't even imagine!**

Having her hardworking personality around will make you more productive; you'll end up developing the "get and go" personality everyone should have.

You'll find yourself aiming higher and becoming a better person every day by having her intelligent and keen presence.

She will help you become more motivated and your energy will also influence her to feel better about her work and life as well.

10. She'll open your eyes:

An intelligent woman will help you see the world from a different and **more genuine perspective than you would have been seeing it before and here's how;**

Her manner and her intellect will guide you towards becoming more intelligent yourself. She will also serve as a source of information and understanding for you and will always be able to provide important and intelligent advice that will help you solve your problems.

9. An intelligent woman always keeps your secrets:

An intelligent woman knows that her house's secrets are hers! **This is just one of the various reasons to marry her;**

She'll make sure she has your back and keeps you in confidence before taking an important decision. She will also protect you in front of others and will refrain from bad-mouthing you behind your back for no reason.

8. She knows how to handle herself in an argument:

The biggest problems that couples face are always the arguments they have.

An intelligent woman is bound to keep petty arguments at bay:

Sometimes in a couple that isn't intellectually mature, arguments can result in hurt feelings and broken hearts and even separation.

Marrying an intelligent woman will help you avoid all of the bloodsheds and shouting. Through her intellect, you can both have mature arguments that don't result in shouting matches. A mature woman will know when she's right and when you are, and vice versa as well.

7. She will help you become financially stable:

Intelligent women have productive jobs and are anchors. This is just one of the reasons to marry her;

If you marry an intelligent woman, it is more likely that by working together, the both of you can secure a future that otherwise would not have been possible with only you working.

Bits & Pieces

6. An intelligent woman wants you to succeed:

If you marry an intelligent woman, she will want what's best for you, always. So, that means she will assist you in your career-related endeavors and will motivate you to push forward in life as well.

5. Your children will be educated and intelligent as well:

Having two intelligent and stable parents will enable your children to be highly educated and it **will make them better individuals as well.**

It's been scientifically proven! An intelligent mother has been scientifically proven to influence her children's intelligence as well. She will be smart and highly educated and will help put your children's education and their upbringing first. She will be able to provide them with the guidance that a woman who hasn't seen the world and isn't as mature as she, can't.

4. She will keep you on your toes:

Her intelligence will influence you and will help you become smarter and significantly better read.

Her expansive knowledge will allow you to grow and you will always have more to learn and more to achieve.

3. She never backs down in the face of adversity:

She is not afraid to meet you head-on in any situation, or call you out when you are in over your head with something. An intelligent woman, instead of pulling you towards wrong, **will always act as your emotional and moral compass.**

2. She will be with you when no one else will be:

An intelligent woman always stands by her spouse in a state of financial turmoil or upsetting and difficult times.

She isn't the kind to back out of a challenge!

She will assist and love you through your ups and downs!

1. Her loyalty and love are undoubtful:

An intelligent woman will never just choose a spouse without assessing his pros and cons thoroughly. If she is with you then chances are you have someone who loves you and cares for you, despite her knowing all your flaws! It also goes to show that you have a partner who is willing to support and love you through thick and thin.

Conclusion:

Marrying a woman with more looks than brains is always a tempting idea! She can be lied to easily and will give you temporary happiness, but the honest truth is; **She will cause you several problems in the long run!**

On the other hand, an intelligent woman can help solve all the problems that you two will face on the journey your married life will take you on.

It is better to have an equal partner in every relationship:

They stimulate you to become better versions of yourself and give you a happiness that you can't experience without having their intellect in your life.
