**To the Greater ladies and readers,**

February is often referred to as "love month" because it is a time when people often express their love for one another. Though the month of February is 2 days short compared to other months, we at the RC Greater Club was able to make the most out of it by ensuring we spread the love through our continuing Maternal and Child Health Service Project: Feeding Program in partnership with St Gemma's Kitchen. We also had time to have fun and show our love for the institution as we celebrate the Rotary 118th Anniversary through SPORTFEST. A venue for all the clubs and its members to embrace and strengthen friendship, camaraderie through pinoy games. Indeed it was a month overflowing with passion, love and happiness for all the Rotarians and Rotaractors. To make this months issue extra special, we have featured no other than our Assistant Governor alongside our Past President and incoming Club Secretary. Lets get to know them more up close and personal. And as we reminisce the activities, i wish you all an enjoyable reading.

# PAST PRESIDENT

## IRISH CHRISTINE Y. VIRTUDAZO PAST PRESIDENT

**Q: What was your biggest motivation in becoming a Rotarian? Who introduced you to Rotary? How long have you been a member?**

18 years ago, Rotary was introduced to me by a former Rotarian and now City Councilor ELIZABETH BAGONOC who happens to be one of my principal sponsors during our wedding. My business networking comes first into my mind as my utmost motivation in joining the club but then the experience of being able to be the person to make somebody else's day better and be somebody there for some people when they have nobody else made me stay and be an active member

**Q: Tell us about your chosen career and what advantage does it give you in order to become an effective Rotarian?**

I am a business owner who is into the sales, supplies and services of airconditioning units. Being a Rotarian makes me be of service to what can be considered a basic necessity now due to the global warming. Friends and families can enjoy the comfort of their homes when it is cooler while my staff are also oriented with the projects and goals of our club making them participate in their own ways, thus the motivation in achieving our goals with additional people helping us as one in the achievement of our plans

**Q: What is the most important personal quality that must be displayed by an effective Rotarian?**

INTEGRITY is the key. It is important to be honest, reliable and trustworthy as these are the qualities people would look forward in a person whom they wanted to put their trust on but being a person with integrity is synonymous with standing firm with what you have said-making people trust us more professionally and personally

**Q: What Rotary activity excites you the most?**

Definitely its FELLOWSHIP! I am always looking forward to our fellowship where we can share our ideas and opinions and not be afraid that we will be judged, but rather have the support of the group without any pretensions and just be true to myself and everyone else.

**ASK  
ME**

Quotes to live by:

"Life is too short to worry about stupid things. Have fun. Regret nothing, and don't let people bring you down."

## **IRISH CHRISTINE Y. VIRTUDAZO** **PAST PRESIDENT**

**Q: What Rotary position or role are you aspiring for at this moment?**

**As of the moment... I am happy to be an active member of the Club where I can share my skills, abilities and capacities to uplift the image of our club.**

**Q: During your term as president, which project has the most impact and meaning?**

**1. Bringing the Pediatric Cancer patients to MC DONALDS... it was a humbling experience to me and to my kids. With their stories of strength, hope and courage, these kids offer inspiration not only to us but to their friends and families, and to the doctors and nurses who care for them.**

**Visited the children in Barangay San Jose where we rode a 6x6 truck military truck in order to reach the place. You can't believe that the classroom in that area were made of chicken wires and children walked barefoot. They have their first taste of ice cream and hamburger! and the clown we brought, performs to make the kids laugh while tears keep flowing in his eyes. It was during that time that I realized how lucky my children are because they lived a very comfortable life.**

**Lets get a bit personal:**

**Q: what are your hobbies and interests you would like to share with the ladies in the club.**

**I love cooking! Maybe someday I want to conduct a feeding program where I am the one to prepare the food for the kids.**

**Q: What satisfaction do you get out of doing these activities and how often do you do it?**

**COOKING as it is both my LOVE LANGUAGE and my STRESS RELIEVER. I do it as often as time allows me to and I do enjoy the chemistry of the different flavors of food when it is well blended**

**Q: How do you find work life balance:**

**Do what you love and love what you do has become my favorite catchphrase. Being passionate with what you do, putting your focus and energy into it, makes anything like a breath of fresh air**

# THE PRESIDENT'S MESSAGE
