SEPTEMBER 15, 2024

ABOUT THE COVER

Last July 1, 2024 Rotary Club of Kandaya, participated in the New Rotary Year Celebration with the children at A.P. Banez Memorial Elementary School. Besides games and other fun activities for the children, schools supplies were also given during the said event.

Every September, Rotary International dedicates a month to the celebration of Basic Education and Literacy, a key area of focus that lies at the heart of Rotary's mission to improve lives and communities worldwide. This observance is more than a commemoration; it's a call to action for Rotarians to reaffirm their commitment to fostering education and literacy as vital tools for social and economic development.

Rotary clubs around the world recognize that education is a powerful tool for breaking the cycle of poverty and building sustainable communities. Throughout September, clubs engage in various activities and projects aimed at improving access to quality education and promoting literacy. These initiatives range from building schools and providing educational materials to training teachers and implementing adult literacy programs.

One of the central tenets of Rotary's approach to education is sustainability. Rotary projects are designed not just to provide immediate assistance but to create lasting change. For example, by training local teachers and providing them with the resources they need, Rotary ensures that educational improvements are maintained long after the initial project has been completed.

During Basic Education and Literacy Month, Rotary clubs celebrate their achievements in promoting education and literacy while also raising awareness about the ongoing challenges in this field.

These celebrations serve a dual purpose: they acknowledge the progress that has been made and inspire continued action. By sharing success stories and best practices, clubs motivate each other to innovate and expand their educational initiatives. The month also provides an opportunity to recognize and thank the volunteers, educators, and partners who make these projects possible.

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST.** The development of acquaintance as an opportunity for service;
- **SECOND.** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD.** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST

Of the things we think, say or do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

MISSION

The mission of Rotary International is to provide service to others, promote integrity, and advance world understanding, goodwill, and peace through its fellowship of business, professional, and community leaders

DIVERSITY, EQUITY, AND INCLUSION CODE OF CONDUCT

R.I. PRESIDENTIAL MESSAGE

September 2024

The Magic of Rotary is belonging, and it's a feeling that can appear when you least expect it.

Earlier this year, I was in Slovakia serving as a president's representative during a six-week trip through Europe. When I wrote to Katarina Cechova, governor of District 2240 at the time, I mentioned that my grandmother Veronica Zilka grew up in a small village in the area before settling in the U.S.

It wasn't long before Cechova tracked down my grandmother's village, Jakubova Vol'a. She even organized a visit for me, where I received an unforgettable Slovakian welcome.

When I entered the community center of Jakubova Vol'a, a small crowd of people dressed in traditional Slovakian clothing greeted me. They sang with beautiful and powerful Central European voices that reminded me of my grandmother.

A lot of families play cards or games when they get together. When I was young, my father would pick up his accordion and lead my family in song. My grandmother would sing along with her impressive voice.

When I walked into the community center and heard traditional music from my childhood — when I saw a woman play the accordion the way my dad played — I suddenly felt like a little girl sitting at my grandmother's house in Monessen, Pennsylvania. I burst into tears of joy at the memories.

But the magic didn't stop there. District Governor Cechova really outdid herself. A local genealogist worked with a videographer to make a short film about my grandmother. We watched the video together in the community center.

When the video ended, I turned around and saw a man standing in the back of the room. I quickly learned that this stranger, Frantisek Zilka, was my second cousin. His grandmother and mine had been sisters. I felt like I had been struck by lightning.

I visited my newfound cousin's home, which happens to be the home where my grandmother was born. There, he shared old photographs I had never seen of my dad, my uncle, and my grandmother.

Since then, I can't stop thinking about my family of Rotary. When I refer to you as my family, I'm not just being kind. I really think of everyone in Rotary as my family. But I never would have imagined that my Rotary family would introduce me to long-lost personal family.

Sitting in that community center listening to traditional Slovakian music from my childhood filled me with joy and a profound sense of belonging. I am so grateful to District Governor Cechova and everyone who helped create that magical experience.

As members of Rotary, we have a unique opportunity to share the same magic with each other and with the world. I encourage you to consider how you can help spread that magic and ensure other members of your club — other members of our Rotary family — feel like they truly belong.

Stephanie A. Urchick
Rotary International President

CLUB PRESIDENT'S NOTE

Dear Rotarians and Friends,

As we mark the celebration of ***Basic Education and Literacy Month*** this September, I want to take this opportunity to reflect on the critical role education plays in transforming lives and shaping communities. As Rotarians, we understand that literacy is more than just the ability to read and write—it is a gateway to opportunity, empowerment, and lasting change.

In many parts of the world, including our own communities, countless individuals—both children and adults—still lack access to quality education and the fundamental skill of literacy. This barrier limits their potential, keeping them trapped in cycles of poverty and inequality. As Rotarians, we are called to address this challenge, not only by raising awareness but by taking concrete action to improve literacy rates and educational opportunities for all.

Through our initiatives and service projects, we have the power to create environments where learning thrives—whether it's by building libraries, providing school supplies, supporting teachers, or offering literacy programs. The work we do this month and beyond can have a lifelong impact, helping to lift individuals out of poverty, improve health outcomes, and foster economic growth.

I encourage each of you to actively participate in our efforts this month. Let's come together as a club, engage our community, and continue to work towards a future where every person has the opportunity to receive a basic education and develop the skills they need to succeed.

Together, we can make a difference.

Yours in Service,

ANNABELLE J. VY

ROTARY INFORMATION

ROTARY COMMITS FUNDS TO POLIO OUTBREAK RESPONSE IN GAZA

By: Rotary International

The recent detection of variant poliovirus type-2 isolates in environmental samples and the confirmation of a 10-month-old child who has contracted polio in Gaza is a stark reminder that as long as polio exists anywhere, it is a threat everywhere.

The ongoing crisis in Gaza has contributed to reduced routine immunization rates and an increased risk of vaccine-preventable diseases, including polio. The crisis also poses a significant challenge to fully implementing disease surveillance and vaccination campaigns.

The World Health Organization (WHO) considers there to be a high risk for the spread of this polio strain within Gaza and internationally, particularly given the current situation's impact on public health services.

A humanitarian pause has allowed a two-round polio vaccination campaign that began in Gaza on 1 September. Initial reports indicate the campaign started successfully, with teams showing strong commitment and high levels of community participation.

Rotary is committing US\$500,000 to bolster the initiative, channeling these funds through a dedicated Polio Outbreak Response Fund. This contribution represents Rotary's sustained support to the WHO in combating polio globally. Rotary will continue to work with its partners in the Global Polio Eradication Initiative and other agencies as vaccination efforts unfold.

Financial contributions to the PolioPlus fund will help Rotary and its Global Polio Eradication Initiative partners achieve a world in which no child is paralyzed by polio again.

[Follow the latest on the polio vaccination campaign in Gaza.](#)

Humility and Kindness: Foundations of a strong organization

In a world where power, success, and individualism often dominate the narrative, humility and kindness emerge as profound virtues that lead to a richer, more fulfilling life. These qualities, though sometimes perceived as signs of weakness, are in reality the pillars that support strong character, genuine relationships, and a harmonious society. Humility is the quiet strength that allows us to acknowledge our limitations, while kindness is the active expression of compassion and empathy towards others. Together, they create a powerful synergy that can transform individuals and organizations alike.

Understanding Humility

Humility is often misunderstood as a lack of self-confidence or self-worth. However, true humility is not about devaluing oneself but about recognizing that one is part of a larger whole. It is the ability to see oneself objectively, acknowledging both strengths and weaknesses without the need for external validation. A humble person is aware of their limitations and is open to learning from others, irrespective of their own achievements or status. This openness fosters growth, as it allows individuals to seek out new knowledge, accept constructive criticism, and adapt to change.

Humility also involves a sense of modesty, where one does not seek to be the center of attention. A humble person understands that their achievements are often the result of collective efforts and the opportunities provided by others. This recognition fosters gratitude, which is a key component of humility. By appreciating the contributions of others, humble individuals build stronger, more cooperative relationships. They are less likely to engage in arrogance or entitlement, and more likely to approach situations with a sense of balance and perspective.

Humility, Kindness, and Leadership

In leadership, humility and kindness are often seen as rare but highly effective qualities. Humble leaders are those who lead by example, showing that they are not above the people they lead. They are willing to listen, learn, and admit their mistakes, which in turn fosters trust and respect among their followers. Such leaders prioritize the well-being of their team and the greater good over their own personal gain. Their humility makes them approachable, creating an environment where others feel valued and empowered to contribute their best.

Kind leaders, on the other hand, are those who use their power to uplift and support others. They understand that leadership is not about exerting control but about serving those they lead. Kindness in leadership is expressed through acts of encouragement, recognition, and support, which help to build a positive and productive workplace culture. When leaders are both humble and kind, they inspire loyalty, creativity, and collaboration, leading to sustainable success for their organizations.

Humility and kindness are not just virtues to be admired but essential qualities that enrich our lives and the lives of those around us. They are the cornerstones of strong character, healthy relationships, and a harmonious society. By embracing humility, we open ourselves to continuous growth and learning, while kindness allows us to connect with others in meaningful and compassionate ways. Together, these qualities create a powerful force for good, transforming not only individual lives but entire organizations. As we navigate the complexities of the modern world, the enduring value of humility and kindness remains clear: they are the keys to a truly successful organization

KANDAYAN SPARKLE

A PROUD MOMENT

We are deeply grateful and humbled to be the recipient of this prestigious awards in recognition of our charity work. This honor means more to us than words can express, and we are truly touched by the acknowledgment of our efforts to make a positive impact in the lives of others. Thank you Philippine National Red Cross.

Receiving this award serves as a validation of the dedication, passion, and commitment that we have poured into our charity work. It is a reminder of the importance of serving others selflessly and the ripple effect that acts of kindness and generosity can have in our communities.

This award is not just a recognition of our individual efforts but a celebration of the collective impact that we have made together. It is a testament to the power of collaboration, compassion, and empathy in driving meaningful change and addressing the needs of those less fortunate.

The RC Kandaya Blood Samaritan Project is designed to help indigent patients in need of blood by paying the blood processing fee. The blood coming from Red Cross is generally free. The fees are to cover the donor recruitment program, education, collection, blood testing, preparation of blood products, and other processes to ensure that the blood given to a patient is safe. The blood processing fee that Phil. Red Cross collects is but minimal, which unfortunately, is hardly met by an average or below average Filipino.

If you want to support the RC Kandaya Blood Samaritan Project, please don't hesitate to dm below or contact any RC Kandaya,Tacloban Member.

We are the Rotary Club of Kandaya, Tacloban.
We are People of Action.

President Annabelle Vy together with 10 members from the Rotary Club of Kandaya Tacloban attended the Rotary International District 3860 Philippines Vibrant Seminar held last August 17, 2024 at Parklane Hotel, Cebu City, Philippines.

The Rotary Vibrant Seminar is a cornerstone event that energizes, inspires, and equips Rotarians with the tools and knowledge needed to enhance the effectiveness and vibrancy of their clubs. The essence of this seminar lies in its focus on fostering innovation, leadership, and engagement within the Rotary community. By bringing together Rotarians from various clubs, the seminar creates a dynamic environment for sharing best practices, exploring new ideas, and building stronger connections.

At its core, the Rotary Vibrant Seminar emphasizes the importance of adaptability and creativity in addressing the evolving needs of both local and global communities. It encourages clubs to think beyond traditional methods and to embrace innovative approaches that can drive meaningful change. This forward-thinking mindset is crucial for Rotary's mission of service, as it allows clubs to remain relevant and impactful in a rapidly changing world.

Leadership development is another key aspect of the seminar. It provides a platform for current and emerging leaders to hone their skills, learn from experienced Rotarians, and gain insights into effective club management and project implementation. By empowering leaders with the knowledge and confidence to guide their clubs, the seminar ensures that Rotary continues to thrive as a force for good.

Moreover, the seminar promotes engagement by highlighting the value of member participation and community involvement. It underscores the importance of creating a vibrant, inclusive club culture that attracts and retains members who are passionate about making a difference.

Through the sessions and collaborative discussions, the members of the Rotary Club of Kandaya, Tacloban left the seminar with renewed enthusiasm and practical strategies to strengthen our club.

BREAST CANCER AWARENESS PROJECT

The Rotary Club of Kandaya, Tacloban Breast Cancer Awareness Project is a vital initiative aimed at raising awareness, promoting early detection, and providing support for those affected by breast cancer. As one of the most common cancers affecting women worldwide, breast cancer requires comprehensive education and community engagement to reduce its impact.

Through this project, the club partner with the different barangays in Tacloban City to create widespread awareness campaigns. These initiatives often include educational workshops, distribution of informational materials, and public awareness events. By spreading knowledge about the importance of self-examinations, regular screenings, and mammograms, the Rotary project seeks to empower individuals to take charge of their health.

One of the key goals of the project is to promote early detection, which greatly increases the chances of successful treatment.
