# Regular Meetings

## 2nd Regular Meeting August 04, 2021

The club had its 2nd Regular Meeting via Zoom last August 04, 2021, with guuest speakers Mr. Percy Vergara and Ms. Sandra Villaroya, who talked about the effects of single use plastic (specifically water bottles) in the environment and how we can address the issue by way of establishing water refilling stations across the city and/or province. This will also instill discipline among peoples who use the facility, by bringing their own water bottles for refilling, as oppose to buying bottled water.
