RI President's Message

STEPHANIE A. URCHICK

President
Rotary International
RY 2024-2025

March is here, and for Rotary International, that means celebrating Water, Sanitation, and Hygiene Month — a time to shine a spotlight on one of the most transformative areas of our work.

This month is an opportunity to reflect on The Magic of Rotary and the profound impact we create when we come together with determination and purpose.

Years ago, I experienced this magic firsthand in the Dominican Republic. When a group of members helped people install water filters, three children watched with amazement as dirty water entered one end of a filter and clean water emerged from the other. When we paused the demonstration, one child tugged at my sleeve and pleaded, "Show me the magic again."

To them, it felt magical. It was also the result of countless hours of effort — planning, transporting, and installing the filters — alongside local partners who were dedicated to making clean water accessible. In that moment, I realized that what seemed like a small act could change residents' lives. That is The Magic of Rotary.

This story is a testament to the incredible potential of our global family to create change. Water projects exemplify our reach, our partnerships, and our unwavering commitment to improving lives. Consider Rotary's work with USAID. That partnership has enabled us to work with communities and governments to improve access to sustainable water and sanitation services for thousands of people in the Dominican Republic, Ghana, the Philippines, and Uganda. Partnerships remind us that Rotary's impact is amplified when we work together. Through our strategic alliance with the United Nations Environment Programme, we're advancing the Community

R.I President's Message

Action for Fresh Water initiative. This program equips Rotary members with the tools and resources to protect, restore, and sustain freshwater ecosystems.

When we make use of Rotary grants and advocate for clean water in our communities, we create a ripple effect that extends far beyond individual projects.

As we embrace the spirit of the month, I encourage every Rotary member to seek out new partnerships. Collaboration multiplies our efforts and helps us reach more people in need.

Whether it's joining forces with local organizations, forming alliances with international agencies, or mobilizing your community, every step we take together brings us closer to a world where everyone has access to clean water and safe sanitation.

The Magic of Rotary shines brightest when we work in harmony with others to create lasting good. Together, we can turn dreams into realities that transform lives and communities. The result may feel like magic at times, but we know it's from the power of our collective commitment and compassion. Let's harness this magic to make a difference this month and beyond.
