INVOCATION

Almighty and Loving Father, this year, we are again given a mandate to "Lead the Way." This is a task that is not easy. The modern day standards for excellence for leading the way, are exceedingly high and seemingly insurmountable. The World Olympics call for performances that are "faster, higher, stronger." All the great men and heroes of the past have walked the extra mile, have performed beyond the call of duty and have done exceptional deeds, head and shoulder above the rest. You are our Supreme Leader - the Almighty and Powerful. Lead the Way and we will follow You in all humility but with boundless confidence. With You as our Leader, we will overcome. Amen.

JOKE TIME

1. Two guys are standing in line to enter heaven. One turned around and asked the other how he died. I froze to death. How about you? " I had a heart attack." "How did it happen?" "Well... I suspected my wifw was cheating on me, so after work I went straight home. I ran upstairs to find my wife sleeping by herself. Then I ran back downstairs and looked in all the hiding spots. When I was running back up the stairs, I had a heart attack." "That's ironic." "Why?" "If you would have looked in the fridge, we'll both be alive."

2. Two mental patients were walking next to a swimming pool. One jumped into the pool and the other jumped in to save him. The doctor saw the rescue and called the rescuer to his office. "Due to your actions it appears your mental state is fine,"the doctor said to the patient. "You cango home to your family, but before you do, you should know that the person you saved hung himself today."The patient replied,"he didn't hung himself. I hung him there to dry."

3. A couple are rushing to the hospital because the wife is going into labor. As they walk, a doctor says to them that he invented a machine that splits the pain between the mother and the father. They agree to it and are led into a room where they get hooked up to the machine. The doctor starts it up to 20% split towards the father. The wife says, "oh, that's actually better."The husband says he can't feel anything. Then the doctor turns it to 50% and the wife says that it doesn't hurt nearly as much. The husband says he still can't feel anything. The doctor, now encouraged, turns it up to 100%. The husband still can't feel anything, and the wife is happy, because now there is no pain for her. The baby is born. The couple go home and find the postman groaning in pain on the doorstep.

ROTARY INFORMATION

Our Image Matters

For more than 100 years, Rotary has united leaders who are committed to using their expertise to take action and improve their communities. Awareness of Rotary is high. But public understanding of who we are, what we do, and the value we bring to communities is concerningly low. It's important that we tell our story in ways that help people everywhere understand what Rotary does, how we're different, and why our work matters. Without this understanding, we can't reach our full potential and bring more people together and improve even more communities worldwide.

No other organization is quite like Rotary. By using our unique voice consistently in all our messaging, we can ensure that our communications reflect our distinct character.

If we speak, write, and design in one voice, our communications will sound, read, and look unmistakably like Rotary. This will give our audiences a better understanding of who we are.
