INVOCATION

Father in heaven, today we bring You some good news.
 We will be going to some places to plant trees.
 We are deeply sorry, that for a long time, we have not been caring
 for our environment, allowing it to deteriorate badly all these years.

However, dear Father, we ask You to raise our standards of improving
 our environment and bring us to the higher levels of the culture of
 cleanliness. May this tree planting project bring us to the standards
 of integrity, cleanliness, and effectiveness in all our business and
 professional dealings with others.

Amen.

JOKE TIME

1. People say "I'm taking it one day at a time." You know what? So is everybody. That's how time work.

2. "I would like vitamins for my son," a mother said. "Vitamin A,B or C?" the pharmacist asked. "It doesn't matter,"the mother replied. "He can't read yet."

3. I've given up social media for the New Year and am trying to make friends outside Facebook while applying the same principles. Every day, I walk down the street and tell passersby what I've eaten, how I feel, what I did the night before, and what I will do tomorrow. Then I give them pictures of my family, my dog and me gardening. I also listen to their conversations and tell them I love them. And it works. I already have three people following me – two police officers and a psychiatrist.

4. As a Russian prepares to cross the Ukrainian border, the guard asks, "Occupation?" "No," says the Russian. "Just visiting."

5. It always irked my mother that her grocery store didn't carry eggs in packages of six - just by the dozen. Then one day, her wish came true. She walked into the grocery and found fresh eggs in cartons of six. "I was so excited,"she told us later, "that I bought two."

6. Why do they lock gas station bathrooms? Are they afraid someone will clean them?

ROTARY INFORMATION

Our Voice

We want Rotary to stand out from other organizations and appeal to all of our audiences with compelling, consistent messages. Our voice -- the unique tone and style in which we communicate -- focuses on four attributes that describe Rotary and our members: persevering, inspiring, compassionate, and smart. These attributes set the tone for how we talk about Rotary. Think of them as Rotary's personality.

Rotary's voice is clear, persuasive, and relatable. It's personal and sincere. Convincing but never demanding or scolding.

And finally, it's conversational but not overly casual or perky.

1. Persevering - we are determined, bold, and courageous, and we speak with clarity and conviction.

Example: Since 1979, we have helped eradicate polio in all but three nations worldwide. Today, we're dedicated to ending polio in our lifetime.

2. Inspiring - we motivate others through our positivity, enthusiasm, and passion.

Example: With Rotary, you'll create lasting change across the globe, in your community, and in yourself.

3. Compassionate - we care about the people we help.

Example: Tackling the world's toughest challenges requires empathy.

We champion real people and stories that are relatable and universal.

4. Smart - we are perceptive and use our expertise to solve problems in creative ways.

Example: We started with water, because everything starts with water. Without access to clean water, peace can't exist.
