PRESIDENT'S CORNER

DR. JULITA L. COGO
RCPI PRESIDENT RY 2020-2021

Greetings!

In this time of the pandemic, our club still manages to conduct some activities for the month of October. One of which is the Dengue Awareness Campaign. We have been considering this activity as one of the vital campaigns in the community to constantly remind the public to practice the 4S; Search and Destroy, Seek early consultation, self-protection, and Support fogging in hotspot areas as needed. During the said activity, the Rotary Club of Panglao Island distributed packages of Larvicide to the neighboring municipality of the island namely, the municipality of Daus. The larvicides are to be used in their "Search and Destroy" activity to lower the incidence of Dengue and practice its prevention as well.

In addition, we also celebrated Breast Cancer Awareness Month, Pink October. This is a very important celebration most especially to women of all ages across the globe and most importantly, to the women in our municipality. Increasing awareness promotes early detection. Its importance gives the public the benefit of preventing metastasis (spreading of cancer cells throughout the body) at the soonest time possible. Educating the public about Breast Cancer through meaningful activities like "Pink October" is a creative and effective way of encouragement especially for young women.

Recently, we also celebrated World Polio Day last October 24, 2020. It was a great opportunity to raise funds and create awareness at the same time for the Rotary's polio eradication efforts. Through those efforts, we conducted a fun ride for a cause program entitled, "Fun ride with your bike to end Polio". The said activity attracted more than 400 cyclists from the province of Bohol to join the said activity. It was indeed a very successful event.

ROTARY INFORMATION

Our goal

Rotary has been working to eradicate polio for more than 35 years. Our goal of ridding the world of this disease is closer than ever.

As a founding partner of the Global Polio Eradication Initiative, we've reduced polio cases by 99.9 percent since our first project to vaccinate children in the Philippines in 1979.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort.

Today, polio remains endemic only in Afghanistan and Pakistan. But it's crucial to continue working to keep other countries polio-free. If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year.
