## HEALTH TIPS

## ROTARY INFORMATION

### 10 TIPS TO REDUCE COVID-19 ANXIETY

Focus on things you can control, such as your thoughts and behaviors.

Control how often you check the latest news.

Keep the big picture in mind. Humankind will survive this.

Model peaceful behavior for those around you.

Remember that the size of news coverage may not equal the size of a threat.

Evaluate your own health behaviors and be a model for others, including children.

Let wisdom and logic guide you.

Feeling too isolated? Maintain digital connections with people.

Turn to reputable sources for your news.

Don't let fear influence your decisions, such as hoarding supplies.

### WATER SANITATION AND HYGIENE

Develop projects that improve water, sanitation, and hygiene services at schools so that girls can safely manage their menstrual hygiene without sacrificing their education. This would include, among other things, gender-specific toilets, access to sanitary napkins, and convenient and environmentally safe waste disposal.

Work with groups that ensure that sanitation initiatives in schools include gender-specific toilet facilities.

Promote projects that encourage girls to assume leadership positions in hygiene promotion programs, such as the creation and implementation of school health clubs.
